Black Bird Ofelia Gränd,2020-05-16 After seven years of being on the move Arlo Barman wants nothing more than a place to call home But unbeknownst to him Arlo is a caladrius healer so staying in one place has never been an option The compulsion to separate himself from those he s healed is all consuming and leaves him little choice but to pack up yet again Nash Silver is the only werewolf in his small coastal town Living undetected in a human world is imperative for his kind and he and his small circle of friends a vampire and a psychic have done so for decades But Nash s anonymous existence is jeopardized when a man with an enticing scent moves into town From the moment Nash lays eyes on the stranger nothing is more important than being close to him Not even guarding his secret Arlo isn t interested in a relationship or even a date his past has taught him nothing good comes from it but the rather pushy local popping up everywhere he goes has his heart somersaulting If he s heart is somersaulting or not doesn t matter because when Nash gets injured Arlo is the only one who can save him Having used his powers Arlo has to leave Nash and the cozy town he wanted to make his home but can Nash survive being separated from his mate **Bill Oddie's Little Black Bird Book** Bill Oddie,2014-12-08 Bird watchers are tense competitive selfish shifty dishonest distrusting boorish pedantic unsentimental arrogant and above all envious So says Bill Oddie and he should know It s a tough environment out there on marsh and moorland and this scurrilous little classic is a must for all devoted birders and twitchers and as Bill relates there is a mighty difference With years of hard earned experience Bill dares to say all the things that other b s and t s will recognize as true but which they have never dared to own up or admit to even to themselves Whether discussing the birds he s seen the birds that got away equipment apparel sightings cock ups places to visit or people to avoid Bill s enthusiasm is infectious and his knowledge unsurpassed This little black book is one item that no serious birdwatcher can afford to leave out of the rucksack and it will prove an essential companion when trudging the estuaries and riverbanks in torrential rain and gusty gale in search of that elusive rare beauty
