Who Are Gods People In The Middle East:

Who are God's People in the Middle East? Gary M. Burge, 1993 Who Are God's People in the Middle East is an engaging and balanced inquiry into the biblical and historical issues that underlie the current relations between the State of Israel and the Palestinians in the West Bank region. It is a personal exploration by a scholar who has lived, worked, and studied in the Middle East among both Jewish and Arab friends caught in a crossfire not of their making. This plea for balance and fairness is a book every Christian needs to read to understand better the biblical and ethical issues behind today's headlines. **BOOK JACKET** Title Summary field provided by Blackwell North America Inc. All Rights Reserved *Jealous Gods and Chosen People* David Leeming, 2004-03-04 Esteemed scholar David Leeming, who has authored more than twelve books on mythology, here offers the first comprehensive narrative study of the mythology of the Middle East, that tumultuous region that was the cradle of civilization. Leeming begins with a brief, engaging history of the Middle East, spanning Neolithic cultures, the Bronze Age, and the Iron Age; the invention of writing and the rise of Egypt and Babylonia; Israel and Roman rule; and the early history of the Jews, Christians, and Muslims. This is followed by an in-depth discussion of the mythology of the region, covering individual pantheons, cosmic myths, mythic heroes, and much more. Leeming ranges from prehistoric figures such as the Mother Goddess of Atalaya to Mesopotamian gods such as Marduk and mythic heroes such as Gilgamesh to the pantheon of Egyptian mythology, including the falcon-headed sky sun god Horus and jackal-headed Anubis. The author also offers an illuminating exploration of the mythology of the three great monotheistic religions of the region: Judaism, Christianity, and Islam. In a provocative Epilogue, Leeming depicts today's crisis in the Middle East as violent, clearly immoral, and illegal actions justified by what can only be called myths. He notes that fundamentalists in the area's three religions all see their way as the only way, forgetting that myths represent truths that are spiritual and philosophical, not historical events that can be used to justify acts of violence. With key maps, illustrations, bibliography, and index, *Jealous Gods and Chosen People* provides an inclusive, authoritative, and captivating account of a mythology that remains a potent and often destructive force in the world today. A Land Full of God Mae Elise Cannon, 2017-05-12 *A Land Full of God* gives American Christians an opportunity to promote peace and justice in the Israeli-Palestinian conflict. It shows them how to understand the enmity with brief, digestible, and comprehensive essays about the historical, political, religious, and geographical tensions that have led to many of the dynamics we see today. All the while, *A Land Full of God* walks readers through a biblical perspective of God's heart for Israel and the historic suffering of the Jewish people, while also remaining sensitive to the experience and suffering of Palestinians. The prevailing voice of Christian voices are seeking a pro-Israeli, pro-Palestinian, pro-peace, pro-justice, pro-poor, and ultimately pro-Jesus approach to bring resolution to the conflict. Who are the People of God? Howard Clark Kee,1995-01-01 In this provocative book an eminent scholar examines the complex factors that shaped Judaism and early Christianity analyzing cardinal Judaic and Christian texts and the cultural worlds in which they were written Howard Clark Kee s sociocultural approach emphasizes the diversity of viewpoint and belief present in Judaism and in early Christianity as well as the many ways in which the two religions reacted to each other and to the changing circumstances of the first two centuries of the Common Era According to Kee s interpretation of Jewish documents of the period Jews began to adopt various models of community to bring into focus their group identity to show their special relation to God and to articulate their responsibilities within the community and toward the wider culture The models they adopted the community of the wise the law abiding community the community of mystical participation the city or temple model and the ethnically and culturally inclusive community were the means by which they responded to the challenges and opportunities for reinstating themselves as God s people These models in turn influenced early Christian behavior and writing becoming means for Christians to define their type of community to understand the role of Jesus as God s agent in establishing the community and to outline what their moral life and group structure as well as their relations with the wider Jewish and Greco Roman culture ought to be

A Stench in the Nostrils of God Harold J. Farrall, 2010 I have often wondered why the United States came into being and why it became the greatest nation on earth Also over the years I have wondered about why other things happened around the world and why other events that affected me personally occurred I turned to the Bible to try to find the answers to these things I discovered that the answers to most problems and most questions are in the Bible One just has to search for them I found in the Bible the answer to why the United States was formed and also what is going to happen to the United States It is very exciting to discover who we are and why we are There is no true knowledge except that knowledge that is revealed from God How is knowledge revealed The Bible says to search the Scriptures daily with all readiness of mind like the Bereans did and knowledge will be revealed to you Acts 17 10 12 Isaiah 28 9 13 It takes many months of study for knowledge to be revealed to a person Proverbs 28 5 People don't seem to realize that the commandments statutes judgments and tenets in the Old Testament of the Bible apply for all time not just for those olden times Jesus did away with the animal sacrifices rituals and circumcision but the commandments statutes judgments and tenets of the Bible were retained The commandments statutes

judgments and tenets of the Bible apply to our modern times now Anyone who wants to be a Christian and be saved must follow the commandments statutes judgments and tenets of the Old Testament which were reinforced in the New Testament of the Bible John 12 44 50 Which Bible The Bible that was assembled by Jesus Christ s disciples namely The King James Bible Any other so called bible written by men women with an agenda is not worth reading God Jesus Christ made a new covenant with his people on earth That new covenant is that God s commandments statutes and judgments are to be embedded in the hearts and minds of those people who accept Jesus Christ as their savior Hebrews 8 6 13 The old covenant of Moses time of do s and don ts and animal sacrifices was changed

The God Dilemma V. C. Thomas, 2009-08 Today s modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write Modern science can test the strength of one s faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past Deep religious experiences or self induced delusions can be explained by physical psychological biological and medical sciences today Evil or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God To quote Mark Twain Faith is to believe in what you know for sure is not true The GOD Dilemma is an unscientific investigation to justify believing in religion today and in particular the Christian faith It argues that scientific and logical discussions about religion and the existence of God are futile however we cannot stop thinking about it Humans are maybe born with a faith in God s existence and with a conscience that tells them which is morally and ethically right and which is not Author Thomas used to believe in religion God and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years he never consciously discarded his Christian faith He now shares his investigations and attempts to believe in Jesus Christ once again despite today s knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians In the international scene Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity The new phenomenon called Christian Zionism which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of Christ categorically contradicts the teachings of Jesus in the four Gospels Zionism is based on the Old Testament Bible OTB and Revelations in the New Testament both of which are scientifically ridiculous The OTB is also historically questionable about a God interacting with his only chosen people in Middle East and morally criminal God sponsored and assisted armed robbery and genocide to create Israel ancient and modern by today s legal and ethical standards Why has the life and teachings of Jesus Christ not produced universal love and non violence among Christians Why are American Christians the most active supporters of or not speaking out against the wars bombing and destruction by the USA since WWII Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt What were the reasons for anti Semitism and the Holocaust in

Christian Europe of the past Why is the European Union and the US punishing the Palestinians for the Holocaust crimes in Europe Can God's orders in the Bible be legally used by the United Nations to recreate Israel again in the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in today's enlightened age using the source of the Christian religion the Bible Living As God's People Doug Allen,2017-12-15 A life application exegesis of a book of the Bible is different and often hard to find especially of one of the Epistles Life application is not a historical document nor is it a purely theological writing It is the taking of the Word of God and applying to the daily life of the believer in order that the Christian may live Christ in his walk so that those around him may see God lived out and thus come to know him As the believer becomes more adept at doing this the Holy Spirit will be able to place that believer in more and more circumstances where he can use the believer often without the believer even knowing that he is being used It becomes natural to the believer Jesus puts it this way He said I am the vine you are the branches He that abideth in me and I in him the same bringeth forth much fruit All we have to do is hang in there Jesus does the rest through his Holy Spirit That is what life application exegesis is all about It is about living experiences of life with Christ so we may learn what Jesus wants to do in our lives to touch others Just think Jesus wants to use us to touch others Blows your mind doesn't it *Preaching God's Transforming Justice* Ronald J.
