THE CONSEQUENCES OF DISASTERS Helen James, Douglas Paton, 2015-12-22 The Consequences of Disasters Demographic Planning and Policy Implications presents innovative multi disciplinary perspectives on how people and societies respond to and recover from sudden unexpected crisis events like natural disasters which impact tragically on the established patterns and structures of their lives Through detailed empirical analysis which employs both qualitative and

quantitative research methodologies the twenty two chapters in this fine volume explore these critical issues Chapters have a wide global range across both democratic and transforming governance systems which spotlight the many different ways in which different political jurisdictions respond to the demographic planning and policy implications of the natural disasters affecting their citizens The authors collectively provide insights into varying socio cultural and political disaster frameworks from China Japan the USA New Zealand Myanmar Indonesia Taiwan Iran The Philippines and Pakistan Taking the conceptual and analytical lens of social capital family formation and migration patterns the authors employ comparative demographic anthropological and sociological approaches to present the human security contexts of natural disasters when they unexpectedly wreak havoc on human societies and the coping and response behaviors they adopt develop and use as survivors as they set about re building their lives over periods that can extend over several years This book provides many innovative insights which will be of value to disaster policy experts practitioners in the humanitarian field civil society and government sectors and researchers engaged in disaster recovery and reconstruction practice and research

Trauma and Resilience in Contemporary Australian Policing Andrew Paterson, 2021-08-18 This book examines how fifty police officers in South Australia keep well and bounce back from duty related traumatic experience in the absence of practical accessible and timely organisational support It investigates mechanisms police officers presently use to normalise their duty related traumatic experiences to preserve the delicate professional balance between coping and psychic numbing and avoid the much publicised perils of a PTSD diagnosis while being appropriately responsive to colleagues victims and survivors in their daily work environment By revealing how police officers manage trauma outside of the expectations of mental health professionals union representatives and police leadership innovative approaches and recommendations are offered to support first responders in moving from assumptions of post traumatic stress and through post traumatic growth The book considers recent advances in post traumatic growth and resilience theory and reinterprets exposure in a positive context as well as preventative experiences in Australia and internationally

Traumatic Stress in Police Officers Douglas Paton, 2009 The objective of this book is to demonstrate how adopting a career perspective can provide a more comprehensive conceptualization of traumatic stress processes as they apply to police officers and agencies and provide a framework that can be used to guide research and intervention agenda in ways that reflect the changes that can occur over the course of a police career that can span decades The book examines the nature and effectiveness of the police role in dealing with adverse events as they unfold within a career perspective It begins with pre employment experiences and their implications for operational well being and concludes with a discussion of the implications of a police career for disengagement or retirement from this role It draws upon empirical research to provide an evidence based approach to traumatic stress risk management and well being in contemporary policing Based on state of the art research the book provides a framework that police agencies can use to develop their officers and their organizations in ways that enhance their capability to confront an

increasingly uncertain future in ways that maximize the interests of front line policing Areas of discussion include incorporation of police trauma into a life career course perspective changing context and nature of police work recruitment selection and socialization in the context of critical incident and terrorist work changing gender balance training in uncertain times managing risk and vulnerability organizational context family dynamics inter and intraorganizational teams health and mental health consequences of long term exposure to hazards and disengagement and retirement The text will be of significant interest to police organizations and agencies whose officers face a high risk of experiencing disaster and traumatic stress law enforcement managerial and supervisory personnel human resource and health and safety professionals and mental health professionals and consultants The text will also be relevant to those researching traumatic stress disaster stress and emergency management as well as other protective services

Behind the Badge Sharon M. Freeman Clevenger, Laurence Miller, Bret A. Under the Blue Shadow John M. Violanti, Stephanie Samuels, 2007 Police work involves the difficult task of preventing community dysfunction and preserving law and order within the community Officers who deal with human misery on a daily basis work under a hidden danger not visible on the street that of psychological harm *UNDER THE BLUE SHADOW* was written to provide clinical cases and research in one volume in order to help provide a well rounded view of police officers who work under these conditions It will be a valuable resource for helping officers to survive this psychologically dangerous occupation The authors of this book have both had experience

Enduring Military Boredom B. Maeland, P. Brunstad, Bård Maeland, 2009-08-13 It is often said that war is 5% horror and 95% boredom In this sense military boredom is historically enduring as well as personally enduring for the soldiers who have to endure it This book contributes to a deeper understanding historically empirically and theoretically of the complex phenomenon of boredom in a military context

I Love a Cop, Revised Edition Ellen Kirschman, 2006-12-16 Nothing worth doing is easy and that includes loving a cop Being a member of the law enforcement community is a source of pride for officers and families alike But long hours unpredictable shifts and the crisis driven nature of the profession can turn life on the home front into an emotional roller coaster Dr Ellen Kirschman a psychologist who's worked with police officers for more than 30 years gives you practical ways to deal with the challenges that come with the territory Packed with stories from cops and their significant others this book explains how to reduce spillover from on the job stress and cope with loneliness or worry during extended deployments Dr Kirschman acknowledges the tough realities of 21st century law

enforcement and offers frank realistic suggestions for handling serious issues like alcohol abuse and domestic violence She also covers special topics for women and minorities on the force Whether you read it from cover to cover or reach for it when problems arise I Love a Cop is an indispensable tool that everyone in your family can depend on Mental health professionals see also Counseling Cops What Clinicians Need to Know by Ellen Kirschman Mark Kamena and Joel Fay *The Distributed Functions of Emergency Management and Homeland Security* David A. McEntire,2023-07-19 The Distributed Functions of Emergency Management and Homeland Security outlines the roles and responsibilities of various individuals and agencies involved in homeland security and all aspects of emergency management Each chapter focuses on the practical and applied aspects of a range of public servants in various departments and the organizations that they represent Rather than presenting a theoretical exploration alone the book examines the practical knowledge and hands on skills related to various functions and how their decisions and actions play into the larger framework of safety and security in the public private and nonprofit sectors Every professional has a unique and integral part to play in fulfilling their roles and obligations whether it be in relation to prevention mitigation preparedness response or recovery operations Personnel that frequently come to mind in such scenarios include emergency managers geographers and land use planners EMTs and paramedics fire fighters police officers public health officials nurses public administrators and public information officers And while these individuals are integral to homeland security and emergency management there are other professionals that also perform essential duties that while they aren't first to mind are vital to efforts relating to terrorism and disasters this includes pilots in the aviation sector the military attorneys psychologists and forensic professionals serving in pathology DNA and dentistry roles Chapters provide a holistic rendering of the homeland security and emergency management landscape to present all these various professional capabilities and contributions This includes how current functions are coordinated as well as how future efforts might change relative to a more proactive all hazards and holistic approach As such the book will be a useful resource for students and practitioners to understand the dynamic professions and various disciplines and fields that impact disaster and terrorism preparedness and response capabilities *Psychology of Terrorism* Bruce Michael Bongar,2007 Publisher description **The Metamorphosis of War** ,2012-01-01 In the last few decades the practice purpose and the very language of warfare have been radically transformed This volume mobilizes the resources of a range of disciplines across the social sciences and humanities in combination with the insights of military practitioners to understand the metamorphosis of war Policing: Toward an Unknown Future John Crank,Colleen Kadleck,2013-12-16 The enclosed papers are the culmination of a project Dr John Crank and Dr Colleen Kadleck carried out assessing issues facing the police into the early 21st century The papers are future oriented in the sense that they anticipate trends visible today Everywhere the contributing scholars found that the organizational concept practice and function of the police were undergoing transition Yet the seeming state level hardening of the police function was ubiquitous Two themes were noteworthy On the one hand in

developing or second world countries police face endemic problems of corruption organized crime and drugs Police in response are undergoing centralization and intensification of law enforcement activities In countries with first world economies Canada the United States and Australia contributors discovered trends toward expansion of the police function a trend described by Brodeur as toward high policing It reflects the growing reliance on surveillance for crime control and for the tracking of minority indigenous and immigrant populations in crime prevention efforts The results suggest that governments sometimes encouraged by their citizenry seem increasingly to rely on the police to deal with a broad array of social as well as criminal problems This book was originally published as a special issue of Police Practice and Research

Encyclopedia of Psychology and Law Brian L. Cutler, 2008 Over 350 entries provide an authoritative comprehensive A Z list of topics in psychology and law including criminal behaviour and treatment juvenile offenders eyewitness memory forensic assessment and diagnosis and trial processes Women Police in a Changing Society Mangai Natarajan, 2016-02-11 Offering a fascinating account of the development of women police over the past twenty years this book refers to the author's extended research in India to examine how the Indian experience demonstrates a valuable alternative to the Anglo American model not only for traditional societies but for women police in the West as well With reference to the establishment in 1992 of all women units in Tamil Nadu this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police At a time when policing is being rethought all over the world not only in traditional societies the Tamil Nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers Natarajan's remarkable book is an important and original contribution to the literature on gendered policing which to date has concentrated almost exclusively on the US and British experience Suicide in the Workplace Marie-Line Germain, 2025-04-30 The onset of the pandemic has placed a greater emphasis on mental health with many organizations making it a business imperative to make sure that employees are fully supported Research on mental health in the workplace continues to grow though there is a dearth of scholarly writings taking a micro approach to understanding the impact of negative work environments This three book series explores issues related to personality disorders and work related suicides and their effect on employees and leaders This volume explores occupational suicide its characteristics and the circumstances associated with workplace suicide in various occupations The book is divided into three sections defining work related suicide exploring its relationship to specific high stress jobs such as law enforcement and the role of leadership and human resources professionals in suicide prevention and postvention With chapter contributions from authors around the world this collection offers a global perspective of the sociocultural factors that affect work related suicides This book will advance scholarship related to employee well being and mental health employee engagement and organizational culture and psychology The Palgrave Handbook of Sociocultural Perspectives on Global Mental Health Ross G. White, Sumeet Jain, David M.R. Orr, Ursula M. Read, 2017-01-20 This handbook

incisively explores challenges and opportunities that exist in efforts aimed at addressing inequities in mental health provision across the globe Drawing on various disciplines across the humanities psychology and social sciences it charts the emergence of Global Mental Health as a field of study It critically reflects on efforts and interventions being made to globalize mental health policies and discusses key themes relevant for understanding and supporting the mental health needs of people living in diverse socio economical and cultural environments Over three rich sections the handbook critically engages with Global Mental Health discourses To help guide future efforts to support mental health and wellbeing in different parts of the world the third section of the handbook consists of case studies of innovative mental health policy and practice which are presented from a variety of different perspectives This seminal handbook will appeal to a transnational community of post graduate students academics and practitioners from global health to transcultural psychiatry and medical anthropology It will be also of interest to researchers and clinical practitioners policy makers and non governmental organisations involved in cross cultural mental health work
