Lapierre, Melissa K. Carsten, 2014-04-17 What is followership and why do people follow This book which offers a collection of chapters written by thought leaders on the topic of

followership provides answers to these fundamental questions and elucidates how they can inform management theory practice and education

Reification and Representation Graham Cairns, 2018-08-15 The relationship between politics and the public relations industry is controversial and at times polemic. However, one component of this relationship that has yet to be investigated is the role of architecture. Arguing for a fundamental reconfiguration of our understanding of political architecture, this book suggests it is not only a question of constructed buildings but equally a case of mediated imagery. Considered through examples of architecture as a backdrop for photo shoots by politicians in the democracies of the United States and the United Kingdom, this book suggests these images give us both a better understanding of recent developments in the Western political economy and the architectural and urban developments of the late 20th and early 21st Centuries. Using case studies of Margaret Thatcher, Tony Blair, David Cameron, Barack Obama, George W. Bush, and Donald Trump, this book represents a ground-breaking triangular analysis that will be essential reading for scholars in architecture, politics, media, and communication studies.

How Systems Form and How Systems Break Chiang H. Ren, 2016-08-04 Our world is composed of systems within systems: the machines we build, the information we share, the organizations we form, and elements of nature that surround us. Therefore, nearly every field of study and practice embodies behaviors stemming from system dynamics. Yet the study of systems has remained somewhat fragmented based on philosophies, methodologies, and intentions. Many methodologies for analyzing complex systems extend far beyond the traditional framework of deduction, evaluation, and may thus appear mysterious to the uninitiated. This book seeks to dispel the mysteries of systems analysis by holistically explaining the philosophies, methodologies, and intentions in the context of understanding how all types of systems in our world form and how these systems break. This presentation is made at the level of conceptual understanding with plenty of figures but no mathematical formulas for the beginning student and interested readers new to studying systems. Through the conceptual understanding provided, students are given a powerful capability to see the hidden behaviors and unexplained consequences in the world around us.

The State of Creativity James Griffin, 2019 Creativity has been of central importance to the development of the modern State, and yet creativity is something that has become increasingly sidelined. This has been particularly apparent with the development of new machine technologies such as 3D printing. This monograph argues that inner creativity combined with the zone of discourse has been endangered by the rise of administrative regulation. Griffin investigates how the failure to incorporate creativity into that administrative regulation is adversely impacting the regulation of technologies such as 3D printing. The State of Creativity proposes reforms to ensure that the regulation does take creativity into account.

American Drive Richard E. Dauch, Hank H. Cox, 2012-09-18 Politicians, voters, executives, and employees all want the answer to one question: How can America compete with cheap foreign labor and restore skilled, well-paying jobs to our economy? American Drive answers that question. An executive with nearly thirty years in the trenches of the hard-nosed Detroit automobile industry, Richard E. Dick Dauch had long dreamed of

running his own manufacturing company From his first job on the plant floor at General Motors to his crucial role in helping to rescue Chrysler from the brink of bankruptcy Dauch focused passionately and relentlessly on quality productivity and flexibility in manufacturing In 1993 he took on the challenge of his life buying a lagging axle supply and parts business from GM along with five rusting unprofitable union controlled near decrepit plants in the heart of a crime ridden Detroit and a deteriorating environment in Buffalo New York The newly created stand alone company was named American Axle and Manufacturing Dauch set out to create a world class industrial automotive manufacturer He bought and bulldozed the crack liquor and prostitution businesses that surrounded the company and rebuilt the plants He upward educated trained and expanded the skill sets of the workforce struck tough bargains with unions and solved massive quality problems that were costing tens of millions every year and undermining customer satisfaction Within one year of opening the doors AAM had turned an astounding 66 million in profit In American Drive Dauch narrates the story of AAM against the backdrop of his nearly fifty years in the auto industry from its glory days to its decline in the face of foreign competition government bailouts battles with unions and the recent Great Recession Tough smart inspiring high energy and opinionated Dauch offers memorable lessons on leadership advanced product technology communication negotiation and making profits in the most difficult times Dauch s story transcends the auto industry and draws a blueprint for job creation manufacturing competitiveness economic growth and excellence in America *Congressional Record* United States. Demonic Ann Coulter,2012-08-07 The demon is a mob and the mob is demonic The Democratic Party activates mobs depends on mobs coddles mobs publicizes and celebrates mobs it is the mob Sweeping in its scope and relentless in its argument Demonic explains the peculiarities of liberals as standard groupthink behavior To understand mobs is to understand liberals In her most provocative book to date Ann Coulter argues that liberals exhibit all the psychological characteristics of a mob for instance Liberal Groupthink The same mob mentality that leads otherwise law abiding people to hurl rocks at cops also leads otherwise intelligent people to refuse to believe anything they haven t heard on NPR Liberal Schemes No matter how mad the plan is Fraternit the New Soviet Man the Master Race the Great Leap Forward the Cultural Revolution Building a New Society ObamaCare a mob will believe it Liberal Enemies Instead of counterrevolutionaries liberals opponents are called haters those who seek to divide us tea baggers and right wing hate groups Meanwhile conservatives call liberals liberals and

that makes them testify Liberal Justice In the world of the liberal as in the world of Robespierre there are no crimes only criminals Liberal Violence If Charles Manson s followers hadn t killed Roman Polanski s wife Sharon Tate Clinton would have pardoned him too and he d probably be teaching at Northwestern University Citing the father of mob psychology Gustave Le Bon Coulter catalogs the Left s mob behaviors the creation of messiahs the fear of scientific innovation the mythmaking the preference for images over words the lack of morals and the casual embrace of contradictory ideas Coulter traces the history of the liberal mob to the French Revolution and Robespierre s revolutionaries delineating a clear distinction from America s founding fathers who simply proclaimed that they were exercising the general will before slaughtering their fellow citizens for the good of mankind Similarly as Coulter demonstrates liberal mobs from student radicals to white trash racists to anti war and pro ObamaCare fanatics today have consistently used violence to implement their idea of the general will This is not the American tradition it is the tradition of Stalin of Hitler of the guillotine and the tradition of the American Left As the heirs of the French Revolution Democrats have a history that consists of pandering to mobs time and again while Republicans heirs to the American Revolution have regularly stood for peaceable order Hoping to muddy this horrifying truth liberals slanderously accuse conservatives of their own crimes assassination plots conspiracy theorizing political violence embrace of the Ku Klux Klan Coulter shows that the truth is the opposite Political violence mob violence is always a Democratic affair Surveying two centuries of mob movements Coulter demonstrates that the mob is always destructive And yet she argues beginning with the civil rights movement in the sixties Americans have lost their natural inherited aversion to mobs Indeed most Americans have no idea what they are even dealing with Only by recognizing the mobs and their demonic nature can America begin to defend itself **United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 5 ,**
