All Judges Are Political—Except When They Are Not Keith Bybee,2010-08-24 We live in an age where one person's judicial activist legislating from the bench is another's impartial arbiter fairly interpreting the law After the Supreme Court ended the 2000 Presidential election with its decision in *Bush v Gore* many critics claimed that the justices had simply voted their political preferences But Justice Clarence Thomas among many others disagreed and insisted that the Court had acted according to legal principle stating I plead with you that whatever you do don't try to apply the rules of the political world to this institution they do not apply The legitimacy of our courts rests on their capacity to give broadly acceptable answers to controversial questions Yet Americans are divided in their beliefs about whether our courts

operate on unbiased legal principle or political interest Comparing law to the practice of common courtesy Keith Bybee explains how our courts not only survive under these suspicions of hypocrisy but actually depend on them Law like courtesy furnishes a means of getting along It frames disputes in collectively acceptable ways and it is a habitual practice drummed into the minds of citizens by popular culture and formal institutions The rule of law thus is neither particularly fair nor free of paradoxical tensions but it endures Although pervasive public skepticism raises fears of judicial crisis and institutional collapse such skepticism is also an expression of how our legal system ordinarily functions **If Someone Says "You Complete Me," RUN!** Whoopi Goldberg, 2024-09-24 From the hilarious host of The View Whoopi Goldberg a book that offers an alternative perspective on marriage and relationships and why it s okay if you don t want the life everyone expects you to have Marriage isn t for everyone Being alone can be satisfying What s most important is that you re happy Whoopi Goldberg has astonished us with her career as an actor comedian singer author political activist and talk show host now she s written a book that is sure to resonate with the millions of folks who struggle with relationship expectations regardless of sexual orientation and gender If Someone Says You Complete Me RUN is as funny as it is affirming written in Whoopi Goldberg s signature voice *Bits and Pieces* Whoopi Goldberg, 2024-05-07 An instant New York Times and USA Today bestseller From multi award winner Whoopi Goldberg comes a new and unique memoir of her family and their influence on her early life If it weren t for Emma Johnson Caryn Johnson would have never become Whoopi Goldberg Emma gave her children the loving care and wisdom they needed to succeed in life always encouraging them to be true to themselves When Whoopi lost her mother in 2010 and then her older brother Clyde five years later she felt deeply alone the only people who truly knew her were gone Emma raised her children not just to survive but to thrive In this intimate and heartfelt memoir Whoopi shares many of the deeply personal stories of their lives together for the first time Growing up in the projects in New York City there were trips to Coney Island the Ice Capades and museums and every Christmas was a magical experience To this day she doesn t know how her mother was able to give them such an enriching childhood despite the struggles they faced and it wasn t until she was well into adulthood that Whoopi learned just how traumatic some of those struggles were Fans of personal memoirs such as *Finding Me* by Viola Davis and *In Pieces* by Sally Field will be touched by *Bits and Pieces* a moving tribute from a daughter to her mother and a beautiful portrait of three people who loved each other deeply Whoopi writes Not everybody gets to walk this earth with folks who let you be exactly who you are and who give you the confidence to become exactly who you want to be So I thought I d share mine with you *Time In Tammie* Erickson, Rusty May, 2012-03-28 Teachers and counselors are failing to give students the tools they need to succeed in the classroom and beyond This book represents a fresh perspective on why this is and presents real solutions that work Washington would have us believe that this gap can be closed if only we can become better at packaging and presenting information Of course that was the focus of No Child Left Behind NCLB and the results haven t been encouraging Other sectors tell us that technology will win the day

and engage the minds of young learners Still others argue for longer school days or more teacher accountability Sarah Brown Wessling the 2010 Teacher of the Year said it best I think we often operate in the classrooms as if our agendas take precedence over our students lives and the developmental reality of their situation This book will help you bring the focus more clearly onto the relationship aspect of learning and give you real tools that will make it easier for you to bring your passion for teaching to those who need it most
