Wound Care Certification Study Guide, 3rd Edition Jayesh B. Shah, Catherine T. Milne, 2021-12-01
As the understanding of the wound management deepens providers are challenged to keep current. Under the expert editorial leadership of Jayesh Shah MD MHA FUHM in partnership as co editor with Catherine Milne MSN CWOCN AP the third edition of the Wound Care Certification Study Guide has undergone an extensive update. Previous editions already established its utility as the perfect study tool for any wound exam and this edition continues the tradition. Updated evidence based information in the areas of wound care, nutrition, lymphedema, pediatrics, vascular, physical therapy modalities and plastic surgery have been written in an easy study format by the contributing authors well known in their respective fields. New chapters address special populations encountered in both practice and on wound certification exams: bariatric, geriatric, pediatric and the palliative care patient. As in the previous editions the Wound Care Certification Study Guide continues to provide self assessment questions at the conclusion of each chapter to help readers identify areas needing further review. This comprehensive study guide includes thirty six informative chapters reviewing core principles of wound management certification exam candidates need to know. A full length post course exam complete with answers and explanation. Over 200 color photographs, charts, tables and diagrams. Evidence based clinical pathways with best practice recommendations. How to choose the certification exam that best meets your needs. Test taking strategies for success. Review questions at the end of each chapter.
