Why Europe Matters The Case For The European Union

Beatriz Pérez de las Heras

Why Europe Matters The Case For The European Union:

Why Europe Matters John McCormick, 2013-06-24 Critics like to depict the European Union as undemocratic and unpopular but their arguments are too often based on myths and misunderstandings This does us all a disservice and in this period of uncertainty about the future of Europe it is more important than ever that we have a firm grasp of the issues at stake This powerful new book debunks the misconceptions surrounding the EU and makes a compelling and comprehensive case for the benefits of European integration It shows how the EU has improved the lives of Europeans in countless ways and how it has given Europe a powerful presence on the international stage Guaranteed to illuminate as well as spark debate this book will appeal to anyone who seeks to better understand what Europe means and why it matters **Why Europe Matters for Britain** John McCormick, 2016-02-29 As Britain prepares to vote on its continued membership of the EU this insightful and engaging book sets out the arguments in favour of Britain's continued place in the EU and shows how the EU in spite of its problems has made Europe a better more peaceful and more prosperous place **Rethinking the European Union** Nathaniel Copsey, 2015-01-09 The eurozone crisis has raised fundamental questions about the EU's future and has also sparked debate about the wider functions and future direction of European integration in the 21st century This engaging book provides a broad ranging reassessment of the whole experience of integration to date and the challenges which face Europe today The European Union Illuminated A. El-Agraa, 2015-05-05 The EU is under stress Many believe in the euro's demise because they blame it for the 2008 financial crisis and the unwelcome austerity measures Many resent the immigrants from the new EU member states threatening the survival of the Single European Market Many complain of a Brussels diktat seeking an escape from joint EU decisions Several member states want to unilaterally deal with the enhanced competition from the emerging markets especially China undermining the EU's common commercial policy run by a single EU commissioner And many in the UK want its exit from the EU diluting EU unity and reducing its global influence These concerns are either misguided or require a stronger EU to deal with them this book aims to address these issues by considering the nature importance and future of the European Union European Union and Environmental Governance Henrik Selin, Stacy D. VanDeveer, 2015-05-01 Over the past five decades the European Union EU has developed into the most legally and politically authoritative regional organization in the world wielding significant influence across a wide range of issue areas European Union and Environmental Governance focuses on the growing global role of EU environmental and sustainable development policies Written in a concise and accessible manner this book introduces and examines the major European and global environmental issues debates and policies and provides a critical evidence based evaluation of the achievements and shortcomings to date in EU environmental and sustainability governance Providing both an historical overview and a discussion of the major future legal political and economic challenges to the realization of EU goals related to better environmental governance the authors offer a comprehensive introduction to this key issue This book will be useful

reading for students of global environmental politics comparative environmental politics and policy international organizations European politics and environmental studies

The European Union's Nuclear Non-proliferation Policy Manuel Herrera, 2025-04-15 This book looks at European Union EU attempts to manage the risks associated with nuclear non proliferation and assesses its performance and external challenges The introductory section delves into current academic scholarship elucidating the concepts of contestation and performance The second section provides an overview of the historical and institutional evolution and the third scrutinizes the performance The final section examines present policy with case studies on the EU's bilateral relations with Iran and India Adopting a focus on both the development and performance of the EU's non proliferation and disarmament policy as well as its contestation from non Western countries this book provides a solid and innovative contribution to existing debates on both the EU's non proliferation and foreign policy The book will appeal to scholars researchers and practitioners of International Relations European Union Studies and Nuclear Non Proliferation as it provides an analysis of the intricacy of the EU's non proliferation policy offering fresh perspectives and empirical evidence

The European Union in a Multipolar World M. Dee, 2015-05-27 Presenting a critical overview of what emerging multipolarity means for the world's foremost global trading bloc and economic power the European Union this book offers new insights into how the rise of the emerging economies has impacted the EU and its role within the World Trade Organization

European Integration Since the 1920s Mark Hewitson, 2024-10-14 Brexit populism and Euroscepticism seem to have challenged old assumptions about European integration and raised the prospect of disintegration This book re examines why the European Union and its forerunners were created and investigates how and why they have changed It links contemporary events to historical explanation arguing that there were long term sets of conditions dating back to the 1920s which pushed European governments to cooperate economically and to try to resolve their diplomatic differences The failure of the French and German governments to create what Aristide Briand had called a European federal union demonstrated both the precariousness of the enterprise and its connection to the domestic politics of European states After 1945 the unexpected advent of a Cold War and the military diplomatic and economic presence of the United States in Europe facilitated the gradual development of habits of cooperation and institutional integration but they also placed limits on European governments activities as did disagreements between political parties and the expectations of citizens As a consequence supranational bodies such as the European Commission have been accompanied and often overshadowed by intergovernmental institutions such as the European Council with the EU as a whole functioning in important respects as a type of confederation The volume addresses a series of large scale historical questions which are integral to an understanding of the European Union It asks how and why citizens of member states have identified with the EU how matters of security affected the development of the European Community during and after the Cold War whether economic and social convergence have taken place and with what consequences and why European institutions have come to

function as they have The study is thematic focusing on the most important aspects of European integration and explaining why member states have decided to carry out or have consented to the unique experiment of the European Union

Mapping Foreign Correspondence in Europe Georgios Terzis, 2014-10-17 The book studies the current trends of foreign correspondence in Europe The EU s expansion has had abundant effects on news coverage and some of the European capitals have become home to the biggest international press corps in world So who are these professional strangers stationed in Europe and how do they try to make their stories that are clearly important in today s interconnected world interesting for viewers and readers This book represents the first Pan European study of foreign correspondents and their reporting It includes chapters from 27 countries and it aims to study them and the direction flow and pattern of their coverage as well as answer questions regarding the impact of new technologies on the quantity frequency and speed of their coverage Do more sophisticated communications tools yield better international news coverage of Europe Or does the audience s increasing apathy and the downsizing of the foreign bureaus offset these advances And how do the seemingly unstoppable media trends of convergence commercialization concentration and globalization affect the way Europe and individual European countries are reported

The European Union Mark Corner, 2014-07-23 The EU is one of the most notoriously complex international organisations It is the only supranational organisation where nation states agree to share sovereignty in some areas but not in others At the heart of the EU debate across Europe are two opposing groups one aims to devolve more sovereignty to the EU with the aim of creating a European super state and the other wishes to devolve less effectively relegating the EU to a mere discussion forum In this accessible and engaging book Mark Corner provides an essential introduction to the history and modern workings of the EU Focusing on key themes in the union s development and the debates surrounding future enlargement this book answers the key questions related to the EU and provides a one stop shop for anyone curious about future of Europe

European Union Politics John McCormick, 2020-05-10 Cutting through the jargon of EU politics the third edition of this engaging and informative textbook examines the history institutions processes and politics of the European Union with unprecedented clarity The EU is a fascinating political experiment in regional integration and it has changed our understanding of Europe how Europeans relate to one another the role Europe plays in global politics and has even shifted our understanding of politics itself Helping to make sense of it all in the author s accessible style this book is underpinned by theory and the latest research throughout Organised in three main parts the text covers everything from the history of the EU and its treaties to the institutions that make up the EU and its policies in areas such as the economy the environment and the Area of Freedom Security and Justice This is the go to text for all students taking courses or modules on the EU as well as functioning as an accessible introduction for anyone who wants to find out more about how the EU works and what difference it makes New to this Edition Fully updated to take account of the latest developments including the ongoing Brexit negotiations the 2019 European Parliament elections and more on the fallout

from the euro zone and migration crises Two new separate chapters to cover the European Council and the Council of Ministers respectively More emphasis on comparative politics throughout to compare institutions and policies Expanded debates on key issues of contention in the European project Expanded coverage of the most recent research into public opinion in the EU New Snapshot features in each chapter focusing on a particular EU country Accompanying online resources for this title can be found at bloomsburyonlineresources.com/european-union-politics-3e These resources are designed to support teaching and learning when using this textbook and are available at no extra cost

Understanding the Constructions of Identities by Young New Europeans Alistair Ross, 2019-02-13 How do young people construct their identities in the complexity of their own country belonging to the European Union and being part of global society This book is based on a unique empirical study of a thousand young people aged between eleven and nineteen from fifteen European countries Covering East European states that joined the EU be

The European Union and Supranational Political Economy Riccardo Fiorentini, Guido Montani, 2014-12-05 The financial crisis originated in 2008 in the United States had a dramatic impact on the world economy The European Union was immediately involved but its reaction to the crisis was clearly inadequate The misgovernment of the European economy not only put at risk the European Monetary Union but it also caused further hindrances to the recovery of the global economy The global financial turmoil shook deep rooted beliefs The doctrine of international neo liberalism is more and more criticized Nevertheless the critics of neo liberalism focus their attention on the relationship between the state and the market as if the nation states with their international organisations have enough power for an effective global governance of the world economy The model of European supranational integration though seriously imperfect can suggest some new way out from the crisis even at the world level based on a new relationship between the supranational government of the Union and the market In this book several academic disciplines are involved international economics international political economy international law international relations political theory and democratic theory Adopting such a multidisciplinary theoretical perspective the volume tries to answer the following question Is a more supranational Europe able to provide a better government of the EMU Does this reform involve more European democracy

European Politics Paul Kubicek, 2020-12-20 European Politics expertly and accessibly surveys the history institutions and issues that are essential for understanding contemporary European politics Exploring a central question what is Europe this text s thematic approach helps students compare politics in individual countries and see the political big picture in the region European Politics examines not only countries which are or were in the European Union but also those eligible to join to give students the most comprehensive picture of Europe s evolution in a globalized world Key changes for the new edition include coverage of hot topics such as Brexit Covid 19 rise of nationalist populists authoritarian developments in Hungary Poland and Turkey separatism in Catalonia refugees migrants environmentalism Ukraine Russia US European relations recent elections and security threats emanating within Europe and beyond a consolidated

presentation on the European Union fully updated data and examples and a new concluding chapter recapping the main ideas and suggesting scenarios for the European project moving forward This timely in depth text will be essential reading for anyone interested in European politics Democratic Legitimacy in the European Union and Global Governance Beatriz Pérez de las Heras, 2016-12-16 This book addresses one of the most relevant challenges to the sustainability of the European Union EU as a political project the deficit of citizens support It identifies missing elements of popular legitimacy and makes proposals for their formal inclusion in a future Treaty reform while assessing the contribution that the EU may make to global governance by expanding a credible democratic model to other international actors The contributors offer perspectives from law political science and sociology and the 15 case studies of different aspects of the incipient European demos provide the reader with a comprehensive overview of these pertinent questions The edited volume provides a truly interdisciplinary study of the citizens role in the European political landscape that can serve as a basis for further analyses of the EU s democratic legitimacy It will be of use to legal scholars and political scientists interested in the EU s democratic system institutional setup and external relations *Exploring Communication through Qualitative Research* Monica Bîră, Corina Daba-Buzoianu, Alina Duduciuc, George Tudorie, 2018-04-18 This volume offers an insight into contemporary communication studies as seen through the lens of qualitative research It presents existing studies on qualitative research current research programs and trends for future expansion of this methodological approach It also offers a series of practical examples of applying methods and techniques of qualitative research to teach readers about the social world and to answer pressing problems related to applied communication In terms of research the studies within the book use focus group interviews in depth interviews qualitative content analyses critical discourse analyses and discursive analyses The volume covers areas such as education public relations advertising strategic communication heritage and museum management and intercultural dialogue It will be a useful aid for students of qualitative research in the social sciences and humanities but also for professionals in the field of communication **Fiction, Fact and Future** James Elles, 2019-10-15 Since its inception the European Union has developed to become an open and transparent system which is democratically accountable to more than five hundred million European citizens James Elles explains how the EU functions emphasizing the emerging role of the European Parliament in the process Elles reviews the history of Britain s relationship with the EU and illustrates how a reluctance to consult the British people on multiple Treaty changes led to a lack of understanding about Brussels Looking to the future Elles assesses the global long term trends that lie ahead to 2030 and underlines that closer European cooperation for example on environmental and digital policies will help them to be more easily resolved As the next decade unfurls the EU with President Macron at the forefront of the debate will progress and the European Parliament will continue to develop as a platform for the voice of the European people From the disinterest of political leaders to the ambitions of emerging nations Fiction Fact and Future is not only a guide to why Britain failed to make the most of its EU membership but also an optimistic

message to a younger generation to help shape their future in the 21st century *The Century of the Emerging World* Paul Dobrescu,2017-05-11 This book explores how the first decade of the 21st century was nothing short of les ann es folles The impressive growth rate of emerging economies changed the crisis ridden world in a very short time and in the early 2000s the emerging world s weight in the global economy was 38% now 50% This statistic confirms the political reality of the century of the emerging world The monograph shows that the long term tendencies inaugurated during this decade represent a silent revolution as significant as the fall of the Berlin Wall and the collapse of the Soviet Union and this will lead to a geopolitical reconfiguration hard to envision right now Denmark and the European Union Lee Miles,Anders Wivel,2013-07-31 This book offers an accessible coherent and comprehensive analysis of the recent contemporary and future challenges and possibilities facing Denmark in the European integration process The book traces the formal as well as the informal ways of influence and adaptation in Denmark s relations with the European Union In doing so it also offers a contribution to our understanding of Europe as a differentiated political arena Topics covered include Identifying the challenges and opportunities of Danish EU membership via the policies pursued by Denmark in Europe The ways in which Denmark adapts to the European integration process Consequences of EU integration for citizen rights democracy policy coordination and implementation efficiency Denmark and the European Union will be of interest to students and scholars of European Union and integration politics The Palgrave Handbook of European Referendums Julie Smith,2021-03-02 This handbook provides an empirically rich analysis of referendums in Europe from the end of the Second World War to the present It addresses a range of perennial theoretical and legal questions that face policy makers when they offer citizens the chance to take or influence decisions by referendum not least whether to accept the will of the people Taking a multi disciplinary approach drawing on historical philosophical and political science perspectives the book includes a contextual section on the history of referendums the theoretical questions underpinning their use and on constitutional and legal questions about the use of referendums The empirical sections are divided into those referendums that focus on domestic issues such as constitutional matters or questions of social policy and those related to the European Union including membership referendums and treaty ratification

When people should go to the books stores, search opening by shop, shelf by shelf, it is in reality problematic. This is why we allow the ebook compilations in this website. It will totally ease you to see guide **Why Europe Matters The Case For The European Union** as you such as.
