Understanding Matthew - Using Semitic Bible Study Methods Michael Harvey Koplitz, This commentary was researched and written using Semitic Bible Study Methods Aramaic the language Yeshua spoke and the culture of Yeshua's day These methods were initially developed by the Sage Hillel over 2000 years ago augmented and the author Semitic Bible study methods are based on asking questions about the Scripture examining the language and culture of that day This is a strange idea for church people because the Church teaches that only the Church can interpret Scripture This is not true God wants us to ask questions because Scripture's meaning is as deep as God and God is infinite **A Reflection of How Jesus Cares** Judy Redd Wilbanks, 2023-07-27 Casting all your care upon Him for He cares for you 1 Peter 5:7 **A Reflection of How Jesus Cares** portrays the miracle working power of God in the life of Judy Redd Wilbanks We all have a story and not all stories are about a perfect life Some include heartbreak abuse poverty or sickness Life has many aspects There is the normal and abnormal side of life and the combination of the two The normal side of life is when all goes well and we have peace joy and love The abnormal side is when out of nowhere life is turned upside down The normal we can take it is the abnormal that can destroy us **A Reflection of How Jesus Cares** consist of both the normal and abnormal sides of life and how Judy Redd Wilbanks experienced God's love and care in every stage and aspect of her life Even in the worst times God turned it around for good to bring glory to His name *Children's Liturgy of the Word - CTL - 2009* , **Understanding Children's Spirituality** Kevin

Emery-Wright, Ed Mackenzie, 2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth **Growing Up Godless** Anna

Strhan, Rachael Shillitoe, 2025-05-20 How children's non belief and non religion are formed in everyday life The number of those identifying as non religious has risen rapidly in Britain and many other parts of Europe and North America Although non religion and non belief are especially prevalent among younger people we know little about the experience of children who are growing up without religion In *Growing Up Godless* Anna Strhan and Rachael Shillitoe fill this scholarly gap examining how when where and with whom children in England learn to be non religious and non believing Drawing on in depth interviews and extensive ethnographic fieldwork with children their parents and teachers Strhan and Shillitoe offer a pioneering account of what these children believe in and care about and how they navigate a social landscape of growing religious diversity Moving beyond the conventional understanding of non religion as merely the absence of religion Strhan and Shillitoe show how children's non religion and non belief emerge in relation to a pervasive humanism centering the agency significance and achievements of humans and values of equality and respect interwoven in their homes schools media and culture Their findings offer important new insight into the rise and formation of non religious identities and more broadly the ways that children's beliefs and values are shaped in contemporary society *Simple Mercies* Lara C.
