Why Moderates Make the Best Presidents Gil Troy, 2012-09-12 George Washington Abraham Lincoln Theodore Roosevelt Franklin Delano Roosevelt John F Kennedy Ronald Reagan most would agree their presidencies were amongst the most successful in American history But what made these very different men such effective leaders According to presidential historian Gil Troy these presidents succeeded not because of their bold political visions but because of their moderation Although many presidential candidates claim to be moderates the word cannot conceal a political climate defined by extreme rhetoric and virulent partisanship In this book Troy argues that this is a distinctly un American state of affairs The great presidents of American history have always sought a golden mean from George Washington who brilliantly mediated between the competing visions of Thomas Jefferson and Alexander Hamilton to Abraham Lincoln who rescued the union with his principled pragmatism to the two Roosevelts Theodore and Franklin who united millions of Americans with their powerful affirmative nationalist visions Moderation in politics is difficult to achieve in an age of excess an anything goes culture feeds an all or nothing politics In the face of challenges both at home and abroad Troy calls for a muscular moderation a powerful affirmation of the values that united us and a commitment to a politics that builds from the center rather than playing to extremes As America lines up to select its next president Gil Troy brilliantly reminds us of the finest traditions of presidential leadership from our nation's past Published in 2008 by Basic Books as *Leading from the Center* This is first time in paperback

The Age of Clinton Gil Troy, 2024-07-02 A political historian's insightful and engaging assessment of President Clinton his administration and the turbulent era he helped define The 1990s saw seismic shifts in culture politics and technology that radically altered the way Americans did business expressed themselves and thought about their role in the world At the center of it all was Bill Clinton the charismatic yet flawed Baby Boomer president and his polarizing yet popular wife Hillary With the Cold War over America was safe stable and prosperous Yet Americans felt anxious and unsure of our role in the world This was the era of glitz grunge and Bill Clinton a man of passion and contradictions whose complex legacy has yet to be clearly defined Through an enlightening year by year analysis historian Gil Troy considers Clinton's presidency alongside the cultural changes that dominated the decade In so doing he answers two enduring questions about Clinton's legacy how did a president who accomplished so much leave Americans thinking he accomplished so little And to what extent was Clinton responsible for the catastrophes that followed his departure from office specifically 9 11 and the collapse of the housing market

word cannot conceal a political climate defined by extreme rhetoric and virulent partisanship InLeading From the Center Gil Troy argues that this is a distinctlyun American state of affairs The great presidents of American history have always sought a golden mean from Washington who brilliantly mediated between the competing visions of Thomas Jefferson and Alexander Hamilton to Lincoln who rescued the Union with his principled pragmatism to the two Roosevelts who united millions of Americans with their powerful affirmative nationalist visions As America lines up to select a president for the future Gil Troy astutely reminds us of the finest traditions of presidential leadership from our nation s past Congressional Record United States. Rivlin,Sheri Rivlin,Allan Rivlin,2022-10-04 Partisan warfare and gridlock in Washington threaten to squander America s opportunity to show the world that democracy can solve serious

economic problems and ensure widely shared prosperity Instead of working together to meet the challenges ahead an aging work force exploding inequality climate change rising debt our elected leaders are sabotaging our economic future by blaming and demonizing each other in hopes of winning big in the next election They are weakening America s capacity for world leadership and the case for democracy here and abroad Alice M Rivlin with decades of experience in economic policy making argues that proven economic policies could lead to sustainable American prosperity and opportunity for all but crafting them requires the tough time consuming work of consensus building and bipartisan negotiation In a divided country with shifting majorities major policies must have bipartisan buy in and broad public support Otherwise we will have either destabilizing swings in policy or total gridlock in the face of challenges looming at us Rivlin believes that Americans can and must save our hyper partisan politicians from themselves She makes the case that on many practical economic issues the public is far less divided than partisan politicians and sensationalist media would have us believe She draws attention to numerous hopeful efforts to bridge partisan and ideological divides in Washington in state capitols and city governments and communities around the country and advocates a major national effort to enable citizens and future leaders to learn and practice the art of listening to each other and working together to find common ground This book is a practical guide for Americans across the political spectrum who are agonizing over partisan warfare incivility and policy gridlock and looking for ways they can help to get our democratic policy process back on a constructive track before it is too late **The**
