In the tradition of Jonathan Kozol this little book is driven by big questions What does it mean to be educated What is intelligence How should we think about intelligence education and opportunity in an open society Why is a commitment to the public sphere central to the way we answer these questions Drawing on forty years of teaching and research from primary school to adult education and workplace training award winning author Mike Rose reflects on these and other questions related to public schooling in America He answers them in beautifully written chapters that are both rich in detail a first grader conducting a science experiment a carpenter solving a problem on the fly a college student's encounter with a story by James Joyce and informed by a deep and powerful understanding of history the psychology of learning and the

politics of education Rose decries the narrow focus of educational policy in our time the drumbeat of test scores and economic competition Why School will be embraced by parents and teachers alike and readers everywhere will be captivated by Rose s eloquent call for a bountiful democratic vision of the purpose of schooling *Possible Lives* Mike Rose,1996-09-01 This big shouldered book full of ardor offers us a reasonable hope that with attention and care we can again make public education what it was meant to be and must yet be The Los Angeles Times *American Public Education and the Responsibility of its Citizens* Sarah M. Stitzlein,2017-06-01 Rather than poorly performing schools the current educational crisis is really about citizen responsibility Citizens must insure that democratic processes are nurtured This is perhaps most achievable in public schools Therefore citizens have a responsibility to support public schools and this book offers tools and knowledge to help citizens fulfill it **Economic Inequality, Neoliberalism, and the American Community College** Patrick Sullivan,2017-05-11 This book aims to deepen public understanding of the community college and to challenge our longstanding reliance on a deficit model for defining this important powerful and transformative institution Featuring a unique combination of data and research Sullivan seeks to help redefine update and reshape public perception about community colleges This book gives serious attention to student voices and includes narratives written by community college students about their experiences attending college at an open admissions institution Sullivan examines the history of the modern community college and the economic model that is driving much of the current discussion in higher education today Sullivan argues that the community college has done much to promote social justice and economic equality in America since the founding of the modern community college in 1947 by the Truman Commission **Doing Time, Writing Lives** Patrick W. Berry,2018-01-24 Winner Coalition for Community Writing Outstanding Book Award 2019 Doing Time Writing Lives offers a much needed analysis of the teaching of college writing in U S prisons a racialized space that despite housing more than 2 million people remains nearly invisible to the general public Through the examination of a college in prison program that promotes the belief that higher education in prison can reduce recidivism and improve life prospects for the incarcerated and their families author Patrick W Berry exposes not only incarcerated students hopes and dreams for their futures but also their anxieties about whether education will help them Combining case studies and interviews with the author s own personal experience of teaching writing in prison this book chronicles the attempts of incarcerated students to write themselves back into a society that has erased their lived histories It challenges polarizing rhetoric often used to describe what literacy can and cannot deliver suggesting more nuanced and ethical ways of understanding literacy and possibility in an age of mass incarceration **Qualitative Inquiry in Higher Education Organization and Policy Research** Penny A. Pasque,Vicente M. Lechuga,2016-11-25 Qualitative Inquiry in Higher Education Organization and Policy Research provides readers with the theoretical foundations and innovative perspectives for undertaking qualitative research to influence policy and practice discussions Well known chapter authors discuss innovative strategies for investigating complex problems

helping readers understand how research can consider the culture of the institution administrative hierarchy students faculty and external constituencies From both an organizational and policy perspective chapter pairings explore a range of methodologies including ethnography case study critical qualitative inquiry and the notion of grit This volume explores how qualitative inquiry can advance understanding of organizational inequities in higher education and it offers graduate students and educational researchers the tools to improve the organizational function of institutions while contributing to meaningful change

[The Class](#) Sonia Livingstone, Julian Sefton-Green, 2016-05-03 An intimate look at how children network identify learn and grow in a connected world Read Online at [connectedyouth.nyupress.org](#) Do today's youth have more opportunities than their parents As they build their own social and digital networks does that offer new routes to learning and friendship How do they navigate the meaning of education in a digitally connected but fiercely competitive highly individualized world Based upon fieldwork at an ordinary London school *The Class* examines young people's experiences of growing up and learning in a digital world In this original and engaging study Livingstone and Sefton Green explore youth values teenagers perspectives on their futures and their tactics for facing the opportunities and challenges that lie ahead The authors follow the students as they move across their different social worlds in school at home and with their friends engaging in a range of activities from video games to drama clubs and music lessons By portraying the texture of the students everyday lives *The Class* seeks to understand how the structures of social class and cultural capital shape the development of personal interests relationships and autonomy Providing insights into how young people's social digital and learning networks enable or disempower them Livingstone and Sefton Green reveal that the experience of disconnections and blocked pathways is often more common than that of connections and new opportunities

Students as Curriculum William H. Schubert, Brian D. Schultz, 2025-05-30 This book explores possibilities for students to have a much greater role in curriculum than mere receivers of it In fact we suggest what happens when students are the curriculum

The Center of the World June Howard, 2018-10-25 *Regional Writing and the Puzzles of Place* Time is a study of literary regionalism It focuses on the fiction of the United States and considers the place of the genre in world literature Regionalism is usually understood to be a literature bound to the local but this study explores how regional writing shapes ways of imagining not only the neighborhood or the province but also the nation and ultimately the world Its key premise is that thinking about place always entails imagining time It analyzes how concepts crystallize across disciplines and in everyday discourse and proposes ways of revising American literary history and close readings of particular authors work It demonstrates for example the importance of the figure of the school teacher and the one room schoolhouse in local color and subsequent place focused writing Such representations embody the contested relation in modernity between localities and the knowledge they produce and books that carry metropolitan and cosmopolitan learning The volume discusses fiction from the nineteenth twentieth and twenty first centuries including works by Sui Sin Far Edith Eaton Sarah Orne Jewett Ernest Gaines Wendell

Berry and Ursula LeGuin as well as romance novels and regional mysteries **MOOCs, High Technology, and Higher Learning** Robert A. Rhoads, 2015-10-30 This book offers a clear eyed perspective on the potential and peril of this new form of education **Content-Based Curriculum for Advanced Learners** Joyce VanTassel-Baska, Catherine A.

Emigration, Employability and Higher Education in the Philippines Yasmin Ortiga, 2017-11-22 This book investigates the dilemma of educating students for future work in the context of the Philippines one of the top sources of migrant labor in the world Here colleges and universities are expected to not only educate students for jobs within the country but for potential employers beyond national borders It demonstrates how human capital ideology reinforces such export oriented education creating an assumed relationship among academic credentials overseas opportunity and future migrant remittances Findings indicate that attempts to produce migrant workers undermine the job security of college instructors skew local curriculum towards foreign requirements and challenge efforts to develop academic programs in line with local needs As more developing nations turn to migration as a development strategy colleges and universities face increasing pressures to produce future migrant workers who will have an advantage over other nationalities This book emphasises the importance of understanding how this global phenomenon affects colleges and universities as well as the teachers and students within these institutions This book raises important questions on the role of universities in today s global economy and the effects of

contemporary migration flows on developing countries Learning and Collective Creativity Annalisa Sannino,Viv Ellis,2013-09-11 This book brings together leading representatives of activity theoretically oriented and socioculturally oriented research around the world to discuss creativity as a collective endeavour strongly related to learning to face the societal challenges of our world As history shows major accomplishments in arts and technological innovations have allowed us to see the world differently and to identify new learning perspectives for the future which were seldom limited to individual action or isolated activities This book while primarily focused on educational insitutions extends its examination of creativity and learning to include other settings such as government agencies beyond the limits of schooling Courageous Learning John Ebersole,William B. Patrick,2011 The true majority of American students are working age adults Approximately 80% of those who need to start or finish a degree are over 25 years old yet most institutions of higher education treat them as an afterthought Courageous Learning offers a closer look at the needs of adult learners and provides a clear comprehensive assessment of the adult higher education landscape Courageous Learning underscores an urgent need for Americans to embrace a culture of lifelong learning It is an invaluable tool for adults making the connection between learning and life success and it is a must have resource for educators who recognize our country s future is dependent on the ability to attract and support more courageous learners I applaud institutions like Excelsior and Western Governors University for being on the cutting edge and for developing better ways to meet customers where they are Going back to school is one of the most important most expensive and most impactful decisions that many of us ever make Hopefully this book will help returning adults make choices that are right for them Margaret Spellings 8th United States Secretary

Purposeful Teaching and Learning in Diverse Contexts Darrell Hucks,Yolanda Sealey-Ruiz,Victoria Showunmi,Suzanne C. Carothers,Chance W. Lewis,2022-01-01 Teachers have faced serious public critique regarding their effectiveness and professionalism in classrooms At every level their work is often measured solely against student achievement outcomes often on standardized tests Darling Hammond Ravitch 2010 Unfortunately students who are coming from culturally economically and linguistically diverse backgrounds are often occupying the bottom rungs regarding academic achievement Ladson Billings 1995 Milner 2010 Hucks 2014 What are the obstacles and challenges teachers and students face in their respective school settings and how do they grapple with and overcome them Finally what do these teachers and students know that motivates and informs their work The scholars in this volume will take up these questions and share the findings of their research in the field of leadership teacher education and achievement These concerns are not limited to the geographic boundaries of the United States of America Engaging purposeful teaching is an imperative that concerns students teachers teacher educators educational leaders and education policy makers around the globe There are many educators worldwide who are committed to delivering this type of teaching and promoting learning that is engaged and active The four sections of the book capture the work of educators in teaching in diverse global settings such as the Australia

United Kingdom Jamaica Turkey and across America As diverse populations of students enter American classrooms it is important for their teachers to have relatable examples of purposeful teaching that are culturally responsive and culturally relevant

Pose, Wobble, Flow Antero Garcia, Cindy O'Donnell-Allen, 2015 This book proposes a pedagogical model called Pose Wobble Flow to encapsulate the challenge of teaching and the process of growing as an educator who questions existing inequities in schooling and society and frames teaching around a commitment to changing them The authors provide six different culturally proactive teaching stances or poses that secondary ELA teachers can use to meet the needs of all students whether they are historically marginalized or privileged They describe how teachers can expect to wobble as they adapt instruction to the needs of their students while also incorporating new insights about their own cultural positionality and preconceptions about teaching Teachers are encouraged to recognize this flexibility as a positive process or flow that can be used to address challenges and adopt ambitious teaching strategies like those depicted in this book Each chapter highlights a particular pose describes how to work through common wobbles incorporates teacher voices and provides questions for further discussion Pose Wobble Flow presents a promising framework for disrupting the pervasive myth that there is one set of surefire culturally neutral best practices Book Features A structure for career long growth for ELA teachers including ways to adapt pedagogy from one year to the next A focus on culturally proactive positions within ELA classrooms to ensure criticality in how we teach and how we advocate for the teaching profession Six different poses that are standards aligned critical and expand the possibilities of what takes place in school Guidelines for creating original poses beyond the scope of the book discussion questions for courses and resources for classroom teachers In Pose Wobble Flow Garcia and O'Donnell Allen remind all of us that teaching is not about following directions it's about listening to our students and paying attention to the social forces that shape their lives about learning how to navigate department school district and federal rules to benefit our students so we can keep a job while we continue to honor our core beliefs about education Linda Christensen Director Oregon Writing Project Lewis Clark College Antero Garcia and Cindy O'Donnell Allen have written a book about teaching that I've been hoping someone would write They deftly provide a clear and insightful framework from which any thoughtful teacher can build a vital practice while also inserting a wealth of examples to ground the framework in working classrooms It's a must have for preservice and inservice teachers who care about their teaching Bob Fecho Professor and Department Head University of Georgia

Surveying Borders, Boundaries, and Contested Spaces in Curriculum and Pedagogy Cole Reilly, Victoria Russell, Laurel K. Chehayl, Morna M. McDermott, 2011-10-01 The Curriculum and Pedagogy book series is an enactment of the mission and values espoused by the Curriculum and Pedagogy Group an international educational organization serving those who share a common faith in democracy and a commitment to public moral leadership in schools and society Accordingly the mission of this series is to advance scholarship that engages critical dispositions towards curriculum and instruction educational empowerment individual and collectivized agency and social

justice The purpose of the series is to create and nurture democratic spaces in education an aspect of educational thought that is frequently lacking in the extant literature often jettisoned via efforts to de politicize the study of education Rather than ignore these conversations this series offers the capacity for educational renewal and social change through scholarly research arts based projects social action academic enrichment and community engagement Authors will evidence their commitment to the principles of democracy transparency agency multicultural inclusion ethnic diversity gender and sexuality equity economic justice and international cooperation Furthermore these authors will contribute to the development of deeper critical insights into the historical political aesthetic cultural and institutional subtexts and contexts of curriculum that impact educational practices Believing that curriculum studies and the ethical conduct that is congruent with such studies must become part of the fabric of public life and classroom practices this book series brings together prose poetry and visual artistry from teachers professors graduate students early childhood leaders school administrators curriculum workers and planners museum and agency directors curators artists and various under represented groups in projects that interrogate curriculum and pedagogical theories

Why School Reclaiming Education For All Of Us: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Why School Reclaiming Education For All Of Us : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Why School Reclaiming Education For All Of Us : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
