Why Christ Came 31 Meditations On The Incarnation:

Why Christ Came Joel R. Beeke, William Boekestein, 2013-09-09 When thinking about Christ's birth we often focus our attention on Luke's detailed gospel account. But to appreciate the main point of the story that the eternal Son of God assumed our flesh and blood human nature we need to learn from the rest of the Bible why Christ came to earth. Why did Christ come? In this book thirty-one thoughtful meditations answer this vital question, and the answers encourage us to celebrate Christ's birth more deeply, see more clearly how it is connected with the rest of His ministry, and recognize its importance for our lives.

The Magdalene in the Reformation Margaret Arnold, 2018-10-08 Prostitute, apostle, evangelist: the conversion of Mary Magdalene from sinner to saint is one of the Christianity's most compelling stories. Less appreciated is the critical role the Magdalene played in remaking modern Christianity. Margaret Arnold shows that the Magdalene inspired devotees eager to find new ways to relate to God and the Church.

History as a Visual Art in the Twelfth-Century Renaissance Karl F. Morrison,2014-07-14 Karl Morrison discusses historical writing at a turning point in European culture the so called Renaissance of the twelfth century Why do texts considered at that time to be masterpieces seem now to be fragmentary and full of contradictions Morrison maintains that the answer comes from ideas about art Viewing histories as artifacts made according to the same aesthetic principles as paintings and theater he shows that twelfth century authors and audiences found unity not in what the reason read in a text but in what the imagination read into it they prized visual over verbal imagination and employed a circular or nuclear spectator centered perspective cast aside in the Renaissance of the fourteenth and fifteenth centuries Twelfth century writers assimilated and transformed a tradition of the conceptual unity of all the arts and attributed that unity to the fact that art both conceals and discloses Recovering that tradition especially the methods and motives of concealment provides extraordinary insights into twelfth century ideas about the kingdom of God the status of women and the nature of time itself It also identifies a strain in European thought that had striking affinities to methods of perception familiar in Oriental religions and that proved to be antithetic to later humanist traditions in the West Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Daily Readings for a Year on the Life of ... Jesus Christ** Peter Young (Rector of North Witham, Lincolnshire.),1872 Temporality, Eternity, and Wisdom Calvin L. Troup,1999 Temporality Eternity and Wisdom invites readers into the text of Augustine s most widely read book to consider if rhetoric conflicts with Christianity and if Christians should condemn and abandon its use In the Confessions Augustine seems to answer such questions with an emphatic yes Through a comprehensive review of the classic text Calvin L Troup argues that Augustine does indeed reject the dominant rhetorical tradition of the late Roman Empire known today as the Second Sophistic Troup notes however that Augustine s rejection of that rhetoric dates from long before his conversion Troup argues that when Augustine converts the semiotic integration of time and eternity in the incarnate Christ motivates him to espouse a substantial practical alternative to the Second Sophistic that is nonetheless a form of rhetoric a Christian rhetoric *Meditations on the Birth of Christ* You Bin,2021-05-21 This series of meditations on the birth of Christ encourages the reader to relive the miracle of Christmas Through reflecting on Scripture Church tradition and Chinese culture the reader may experience afresh the Word becoming

flesh The reader travels to ancient Bethlehem in a spiritual sense to contemplate the meaning of the incarnation for the past the future and the present As the reader recalls the first coming of Christ into history he or she may also direct the heart to the future looking forward to the second coming of Christ at the end of the age and simultaneously experience his transforming presence in the present The reader could develop a spiritual formation in the Advent season with the inspirations from the Chinese cultural and wisdom resources

Looking Unto Jesus Isaac Ambrose,1771 **Meditations on the Mysteries of Our Holy Faith** Luis de la Puente,1854 *British Books in Print* ,1924 T&T Clark Handbook of Theology and the Arts Stephen M. Garrett,Imogen Adkins,2025-04-24 This volume presents the theology arts conversation from a distinctly Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God s glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality

Imagination, Meditation, and Cognition in the Middle Ages Michelle Karnes,2017-12-20 In *Imagination Meditation and Cognition in the Middle Ages* Michelle Karnes revises the history of medieval imagination with a detailed analysis of its role in the period s meditations and theories of cognition Karnes here understands imagination in its technical philosophical sense taking her cue from Bonaventure the thirteenth century scholastic theologian and philosopher who provided the first sustained account of how the philosophical imagination could be transformed into a devotional one Karnes examines Bonaventure s meditational works the *Meditationes vitae Christi* the *Stimulus amoris* Piers Plowman and Nicholas Love s *Myrroure* among others and argues that the cognitive importance that imagination enjoyed in scholastic philosophy informed its importance in medieval meditations on the life of Christ Emphasizing the cognitive significance of both imagination and the meditations that relied on it she revises a long standing association of imagination with the Middle Ages In her account imagination was not simply an object of suspicion but also a crucial intellectual spiritual and literary resource that exercised considerable authority

Daily Meditations George Bowen,1865 The Way of the Kenotic Christ Samuel J. Youngs,2019-10-25 Despite his vast importance to twentieth century theology Jürgen Moltmann s Christology has yet to

receive the same level of in depth exploration as other topics in his thought Samuel Youngs addresses this lacuna providing the first exhaustive analysis of Moltmann s doctrine of Christ including its key developments and controversial elements Youngs argues that Moltmann s doctrine of Christ is best understood as a unique variation of kenotic Christology This vision of Christ encapsulates not only a series of vibrant ethical and eschatological points but also serves Moltmann s overarching theological goal of empowering a church that lives and ministers under the cross Part I highlights key facets of Moltmann s theological method before unfolding the range of diverse themes that characterize his Christology Part II explores Moltmann s use of the kenosis hymn of Philippians 2 before interrogating Moltmann s relationship to christological tradition Part III engages in an original systematization of Moltmann s Christology centered on the theme of manifold relational kenosis
