Why I Hate The Republicans:

I Hate Democrats / I Hate Republicans Tim Young, 2018-10-30 *I Hate Democrats I Hate Republicans* is a different kind of political commentary Tim Young uses his trademark snark and outrageous personal stories to break down how both parties have their failings and how our political system has been tainted by bias from all sides He then engages you the reader in the hopes that you ll understand that the ultimate check and balance on our American political system is to first check yourself In this funny intellectual and controversial book Young challenges you to open your mind to perspectives that you have previously written off and admit as he has that at times you yourself are outright wrong

Why I Hate Republicans Bud Meyers, 2011-09-12 At the height of the Great Depression in 1933 nearly 25% of the U S work force was unemployed almost 13 million people Today in 2011 nearly 10% of the U S work force is unemployed over 14 million people and another 14 million are trying to survive on part time low paying jobs They re called the under employed Millions aren t even included in the U 3 unemployment rate We have approximately 16% of the participating work force that are jobless in America Millions more are trying to survive on no income at all By the end of this year there could be almost 10 million desperate Americans struggling to pay their rent They re called the 99ers or exhaustees those who have exhausted all their unemployment benefits Now the Republicans have been busy trying to cut or reduce unemployment benefits food stamps Medicaid Medicare and Social Security and they couldn t wait it had to be done right now in the middle of The Great Recession with so many people out of work So then how will the 99ers survive After the economy tanked in 2008 I was laid off from my job and never found gainful employment again And like most other conservative Republicans such as Glenn Beck Rush Limbaugh Sean Hannity and Bill O Reilly I too had blamed the Democrats and then later Obama Of course back then I would have blamed Obama for my headache not realizing at the time that it was the constant ranting and raving on Fox News that was giving me my headache The Republicans today especially the radical Tea Party Patriots aren t uniters but dividers and they are ripping this nation apart doing the exact opposite of what Lincoln would do The Tea Party today reminds me more of the old Southern Dixicrats And it s become all too apparent to anyone in 2011 that ALL the Republicans only represent the very wealthy and the largest of multi national corporations not the common citizen the small business owner or worker Democrats represent real people I finally opened my eyes after 30 years of being a Republican For ten years I too once watched Fox News and also believed everything they told me The title of this book doesn t refer to ALL Republican voters but primarily to the GOP leadership and their enablers As for the book s cover many people might think it depicts my rage and murderous desires to kill Republicans But after reading the book you decide who s stabbing who in the back The title of the painting is aptly named Treachery and it is apropos in that I had felt totally betrayed by the political party I once affiliated with And it common knowledge that Fox News promotes the Republican s agenda and their presidential candidates and is NOT a genuine news channel just because sometimes they report the news sports and weather The day that Glenn Beck accused me of being a

socialist and un American and of just wanting a government hand out was the very last straw for me It was then that I had had enough of him the Republicans Fox News and the Tea Party I ve learned that after being a devout Republican all my working life it wasn t the Democrats but the Republicans who had been destroying the middle class and this economy and they almost destroyed me too That s why I hate Republicans and the Fox News Channel

1,001 Ways the Republican Party is Screwing the Middle Class Protecting Democracy from Republicans,2012-10 Argues that the Republican Party targets the middle class from the Republican elite to the GOP s relationship with big business and the Tea Party

The Ranting of an Uneducated Reactionary Oscar Phillips,2022-06-06 The Ranting of an Uneducated Reactionary presents us with a thought provoking analysis on sundry topical and philosophical issues virtually guaranteed to rouse readers of any political stripe This cerebrally stimulating collection of essays and utterly fascinating random thoughts will interest those with only a junior high school education to those with a PhD from Harvard University But be forewarned the conservatism of this book is more than just contentious it s outright iconoclastic and even subversive And although the writings of Mr Phillips are an absolute joy to read it s entirely possible that they could wreak psychological havoc on the intellectually dishonest Hyperbole say you Maybe it is but then again maybe it isn t

The Rise of Southern Republicans Earl BLACK,Merle Black,Earl Black,2009-06-30

The transformation of Southern politics over the past fifty years has been one of the most significant developments in American political life The emergence of formidable Republican strength in the previously solid Democratic South has generated a novel and highly competitive national battle for control of Congress Tracing the slow and difficult rise of Republicans in the South over five decades Earl and Merle Black tell the remarkable story of political upheaval The Rise of Southern Republicans provides a compelling account of growing competitiveness in Southern party politics and elections Through extraordinary research and analysis the authors track Southern voters shifting economic cultural and religious loyalties black white conflicts and interests during and after federal civil rights intervention and the struggles and adaptations of congressional candidates and officials A newly competitive South the authors argue means a newly competitive and revitalized America The story of how the South became a two party region is ultimately the story of two party politics in America at the end of the twentieth century Earl and Merle Black have written a bible for anyone who wants to understand regional and national congressional politics over the past half century Because the South is now at the epicenter of Republican and Democratic strategies to control Congress The Rise of Southern Republicans is essential to

Reviews of this book

These two leading scholars of Southern politics present a rigorous investigation of how voting in the peripheral South Florida Arkansas Texas North Carolina Virginia and Tennessee and the Deep South Georgia Louisiana Mississippi Alabama and South Carolina was realigned since Ronald Reagan was first elected president in 1980

Karl Helicher Library Journal

With publication of their latest book *The Rise of Southern Republicans* the Blacks both 60 have produced a trilogy that traces an almost geologic style evolution in the South's political landscape They've analyzed the whys and what fors of a region that in the past 50 years has gone from impenetrably Democratic to competitively Republican Their overarching conclusion the two party warfare that defines the South defines the nation The Blacks work a mix of political wonkery and historical perspective cut with the deliciously illuminating anecdote is read by academics in various disciplines and political junkies of all stripes The books are valued for their coolly dissecting insights Because their writing swells beyond the data crunching lab work of most political scientists though new readers beware The books are littered with scary looking charts and graphs it travels beyond academia Party strategists are steeped in the work The Blacks wrote the book on how academic political science can illuminate practical politics says Republican pollster Whit Ayers

Drew Jubera Atlanta Journal Constitution

The South's political identity has been transformed in the last half century from a region of Democratic hegemony to a region of Republican majority Earl and Merle Black sedulously examine this remarkable change This is a work of serious scholarship that lacks any hint of a partisan purpose Committed readers will increase their understanding of both Southern and national politics The Blacks effort may well be the definitive statement on Southern politics over the 20th century

Publishers Weekly

Not since 1872 Earl Black and Merle Black point out in their third book on Southern politics had the Republicans constructed majorities from both the North and the South in both houses and it was the national character of their victory that made the 1994 election such a landmark In *The Rise of Southern Republicans* the Black brothers chronicle the party's history from the 1930s to the present election by election They illuminate the economic racial and political dynamics that gradually moved the South toward the Republican Party while also warning that the Republicans do not by any means own the region in the way the Democrats once did

Kevin Sack New York Times Book Review

In *The Rise of Southern Republicans* brothers Earl and Merle Black explain the partisan realignment that has brought the South into the national political mainstream The Blacks focus most of their attention on the congressional arena where voting patterns reflect long term partisan loyalty more closely than at the presidential level The story the authors of *The Rise of Southern Republicans* tell is a fascinating one with implications for American politics that are both profound and uncertain

David Lowe Weekly

Standard The rise of southern Republicans is one of the most consequential stories in modern American politics For political reporters of a certain generation the Democratic dominance of Southern congressional politics is barely understood The Black brothers make it all very clear Major Garrett Washington Monthly This superb analysis of Southern politics by Earl Black and his brother Merle Black not only tracks the recent rise of Republicans in the South but explains why party realignment along ideological lines was so long in coming to that region The Rise of Southern Republicans is already being rightly hailed as a political science classic Its strength is the thorough and systematic manner in which it examines the changing ways a wide variety of factors have affected Southern voting patterns over the past four decades The data and the rigor of the analysis are truly impressive James D Fairbanks Houston Chronicle This extraordinary book by the country's two leading scholarly experts on the politics of the American South could accurately have been titled Everything you wanted to know about Southern politics as well as everything you could ever imagine asking about it Their knowledge of the intricacies of particular congressional districts across the region is amazing and their analysis of the larger partisan trends in the region makes this the most important book on Southern politics Stephen J Farnsworth Richmond Times Dispatch The Black brothers have done it again The Rise of Southern Republicans is without question the most important book ever written on the role of the South in Congress and the partisan consequences for our national legislature Far and away the most comprehensive updating of the V O Key classic Southern Politics This is a major work by extremely talented scholars Charles S Bullock University of Georgia The dramatic rise of the Republican Party in the South is the single most important factor in the transformation of American politics since the 1960s Earl and Merle Black have described this process in a book that is witty always filled with insight and readable to the last page The Rise of Southern Republicans is indispensable reading for anyone interested in American politics past present or future Dan T Carter author of The Politics of Rage George Wallace the Origins of the New Conservatism and the Transformation of American Politics This marvelous book captures with authority and readability the big story of post New Deal party politics in the United States It is a surefire classic of political science and politics Richard F Fenno Jr author of Congress at the Grassroots Representational Change in the South 1970 1998 **Why I Hate the Republicans** Randy Howe, 2004 A tongue in cheek collection of quotes and irreverent narrative about the party of the great actors from Arnold to Ronald that leaves no doubt that political insight is a dish best served funny *How the Republicans Stole Christmas* Bill Press, 2005-10-11 In the wake of an election seen by many as a triumphant victory for moral values political commentator and one time seminarian Bill Press launches a counteroffensive against the so called religious right For decades Press argues conservative preachers such as Jerry Falwell Pat Robertson and James Dobson joined by most Catholic bishops have defined religion so narrowly that Democrats and liberals have been pushed outside the fold According to their narrow gospel God put George Bush in the White House to deal with gays guns and abortion and those who don't agree are on the sure road to hell Bill Press says it's time to take religion back Who gave this gang the inside track on

religion anyway The way I read the Gospels Jesus was as liberal as Paul Wellstone He sure as hell wouldn't have been a registered Republican One other thing's for sure if Jesus ever came back to earth there's one gang he wouldn't hang out with and that's this phony bunch of pious puffed up preachers who wear religion on their sleeves How the Republicans Stole Christmas is also Press's fervent call to Democrats and liberals to reclaim religion and return it to its basic principles of social justice charity and tolerance Press argues that the Right didn't just steal religion the Left let them have it offering no resistance as conservatives dictated what's right and what's wrong But on today's social issues according to Press religious conservatives have gotten it all wrong They have turned Jesus from a loving Messiah who championed the poor and dispossessed into a cold blooded advocate for the rich and powerful Press does not confine his criticisms to so called Christian leaders he uncovers the same wrong headed tendencies in other faiths and among nonbelievers who even today cling to the Old Testament as an appropriate code of behavior **Public Opinion** ,1887 **The Cat in the Bag** Howard Towt,2006-09 **Don't Let Me Confuse You With The Truth** Bill Marcy,2009-10-16 This book is about the differences between the Democratic and Republican Parties It highlights how it has been the Democratic Party that has supported Slavery Secession Segregation Whippings Lynchings Murders Intimidation Voter Fraud and Eugenics This book discusses the fact it was the Democrats throughout our history that have committed some the most horrible atrocities in American history One questions this book raises is why do 98% of African Americans support the democrats **Congressional Record** United States. Congress,1999 Civility, Nonviolent Resistance, and the New Struggle for Social Justice ,2019-11-26 In Civility Nonviolent Resistance and the New Struggle for Social Justice Amin Asfari brings together scholarly contributions addressing the causes of injustice in its many forms Predicated on the idea that violence and injustice are systemic and historical this collection includes chapters that examine the antecedents and effects of prejudice state sponsored violence policies of exclusion and the social forces that shape and solidify their existence Moving beyond ad hoc ahistorical and descriptive explanations of violence and injustice this volume provides a scholarly multidisciplinary approach to confronting them Contributions reflect the many ways in which injustice manifests and civil nonviolent means of engagement are emphasized challenging the very systems that give rise to these notions **Positively American** Charles E. Schumer,2007-01-23 A New York Democratic senator shares his plan for recapturing middle class voters and restoring the Democratic Party's majority addressing issues of concern to middle class families including college funding property taxes and homeland security *Middle C* William H. Gass,2013-12-03 In a series of brilliant variations William Gass presents a man's life futile comic anarchic arranged in an array of vocabularies altered rhythms forms and tones with music as both theme and structure It begins in Graz Austria in 1938 when Joseph Skizzen's father pretends to be Jewish and emigrates to avoid the Nazis In London with his wife and children for the duration of the war he mysteriously disappears and the rest of the family relocates to a small town in Ohio Here Joseph Skizzen grows up and leads a resolutely ordinary life but one that is

built on a scaffold of forgery and deceit Outwardly he is a professor of music at a mediocre college secretly he is the earnestly obsessive curator of a private Inhumanity Museum meant to contain the guilt of centuries of atrocities Middle C tells the story of his journey a story that is also an investigation into the nature of identity and the ways in which each of us is several selves
