Why The Jews The Reason For Antisemitism:

Why the Jews? Dennis Prager, Joseph Telushkin, 2007-11-01 From the bestselling authors of *The Nine Questions People Ask About Judaism* a compelling discussion of the dangerous rise in antisemitism during the twenty first century The very word Jew continues to arouse passions as does no other religious national or political name Why have Jews been the object of the most enduring and universal hatred in history Why did Hitler consider murdering Jews more important than winning World War II Why has the United Nations devoted more time to tiny Israel than to any other nation on earth In this seminal study Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism from the ancient world to the Holocaust to the current crisis in the Middle East Why the Jews offers new insights and unparalleled perspectives on some of the most recent pressing developments in the contemporary world including The replicating of Nazi antisemitism in the Arab world The pervasive anti Zionism antisemitism on university campuses The rise of antisemitism in Europe Why the United States and Israel are linked in the minds of antisemites Clear persuasive and thought provoking Why the Jews is must reading for anyone who seeks to understand the unique role of the Jews in human history

Anti-Semitism and Its Metaphysical Origins David Patterson, 2015-02-09 This book articulates a deeper understanding of the phenomenon of Jew hatred as a metaphysical aspect of the human soul Proceeding from the Jewish thinking that the anti Semites oppose David Patterson argues that anti Semitism arises from the most ancient of temptations the temptation to be as God and thus to flee from an absolute accountability to and for the other human being

Historicizing Anti-Semitism—Proceedings of the International Conference on the Post-September 11th New Ethnic/Racial Configurations in Europe and the United States: The Case of Anti-Semitism Maison des Science de l'Homme (MSH) Paris, June 29-30, 2007 Mohammad H. Tamdgidi, Lewis R. Gordon, Ramón Grosfoguel, Eric Mielants, 2009-03-01 The articles collected in this Spring 2009 VII 2 issue of *Human Architecture Journal of the Sociology of Self Knowledge* entitled *Historicizing Anti-Semitism* were part of an international conference entitled *The Post September 11 New Ethnic Racial Configurations in Europe and the United States The Case of Anti-Semitism* organized by Lewis Gordon and Ram n Grosfoguel at the *Maison des Sciences de l'Homme MSH* in Paris on June 29 30 2007 Part of a series inaugurated by a discussion on Islamophobia they brought a majority Jewish group of scholars together in the hope of bringing to the forum a critical exchange and conversation among the participants The articles gathered here do not represent a unified voice but those often unheard in discussions of anti Semitism The focus on anti Semitism in this collection raises the question of how ancient and Medieval versions of anti Jewish practices should be interpreted especially since even the term Semite came about as an effort in eighteenth century French and German scholarship to organize Arabic Aramaic and Hebrew under a single linguistic nomenclature which was crystallized in the nineteenth century in the work of the French scholar Ernest Renan Contributors include Lewis R Gordon also as journal issue guest editor Ram n Grosfoguel also as journal issue guest editor Eric Mielants

The Jewish Choice: Unity or Anti-Semitism Michael Laitman, 2019-12-22 The Jewish Choice Unity or Anti-Semitism is like no other book you have ever read about Jews about history or about anti-Semitism As its title suggests it draws a direct link between Jewish unity and a rise in anti-Semitism including the current wave Assuming such a correlation is so extraordinary you could easily brush it off as a provocation were it not documented in hundreds of books essays and letters throughout history Beginning in ancient Babylon and ending in America Babylon s modern counterpart the author masterfully draws parallels and connects the dots of history like none have done before By the end of the book you will know the reason for the oldest hatred how it can be dissolved and how Jews and non Jews alike will benefit as a result

Antisemitism, Its History and Causes Bernard Lazare, 1903

Blaming the Jews Bernard Harrison, 2020-10-06 In recent years Western countries have seen a proliferation of antisemitic material in social media and attacks on Jews such as that on the Tree of Life synagogue in Pittsburgh in 2018 Much of this has stemmed not from personal hostility to Jews on the part of this or that individual but from a resurgence in groups at both ends of politics of the ancient delusion that the Jews collectively dominate world affairs and lie at the root of all the world s evils In *Blaming the Jews* author Bernard Harrison offers a new and unique analysis of this second and far more dangerous form of antisemitism and its persistence as a cultural phenomenon Questioning the assumption that antisemitism affects or targets only Jews he demonstrates that allowed to go unrecognised or unchecked antisemitism is potentially damaging to us all In a world where rhetoric is fashioned on stereotypes and driven by political ideology Harrison argues it is our responsibility to be vigilant in exposing the delusions of antisemitism and their consequences for Jews and non Jews alike

[The Frankfurt School, Jewish Lives, and Antisemitism](#) Jack Jacobs, Jack Lester Jacobs, 2015 This book explores the ways in which the Jewish backgrounds of leading Frankfurt School Critical Theorists shaped their lives work and ideas

Why Do People Discriminate Against Jews? Jonathan Fox, Lev Topor, 2021 A novel analysis that combines traditional theories on anti-Semitism with evidence from 76 nations to explain the determinants that drive discrimination against Jews *Why Do People Discriminate Against Jews* provides a data rich analysis of the causes of discrimination against Jews across the globe Using the tools of comparative political science Jonathan Fox and Lev Topor examine the causes of both government based and societal discrimination against Jews in 76 countries As they stress anti-Semitism is an attitude but discrimination is an action In examining anti-Jewish discrimination they combine ideas and theories from classic studies of anti-Semitism with social science theories on the

causes of discrimination On the one hand conspiracy theories a major topic in the anti-Semitism literature are relatively unexplored in the social science literature as a potential instigator of discrimination On the other social science theories developed to explain how governments justify discrimination against Muslims are rarely formally applied to the processes that lead to discrimination against Jews Fox and Topor conclude by identifying three potential causes of discrimination religious causes anti Zionism and belief in conspiracy theories about Jewish power and world domination They conclude that while all three influence discrimination against Jews belief in conspiracy theories is the strongest determinant The most rigorous and geographically wide ranging analysis of discrimination against Jews to date this book reshapes our understanding of the persecution of religious minorities in general and the Jewish people in particular

The Causes of Anti-Semitism in the United States Lee Joseph Levinger, 1925 *The Primary Cause of Antisemitism* Abraham Shaikewitz Schomer, 1909 *Jewish Responses to Anti-Semitism in Germany, 1870-1914* Sanford Ragins, 1980-12-31 This book is a study of a community under attack and its goal is to describe analyze and illuminate the response of that community to a series of unexpected and deeply threatening developments Just a few years after achieving full civil emancipation in 1871 the Jews of Germany were confronted with a sudden surge of anti Jewish hostility different from anything they had ever experienced before The new anti-Semitism the word was coined at this time was complex movement emanating from diverse groups in German society and using a variety of tactics and ideological formulations Dr Ragins study is an attempt to understand how the German Jewish community responded to anti-Semitism during the decades before World War I and especially why it reacted as it did The central argument of the book is that German Jewry defended itself against modern anti-Semitism with all the ideological legal and organizational weapons at its disposal and that the liberal Jews of Germany mounted the best possible defenses which could be achieved in their historical circumstances Among the topics treated are the emergence of the Centralverein the attempt to form a common front with the Orthodox community against the anti-Semites and the responses of Jewish spokesmen to the racial ideologies which made their first appearance in public discussion during this period Just as Jewish liberation reached what may have been its culmination however a serious dissent from the position of the established community was created by the young people of Herzl's Zionist movement and this dramatically new development is studied in some detail In analyzing the way in which the first German Zionists responded to anti-Semitism we understand something about the power as well as the limitations of Jewish liberalism and we also comprehend the rise of an ideology that was to have great significance in the Jewish future

To Be a Jewish State Yaacov Yadgar,2024-11-19 Examines the meaning of Jewish politics in Israel In one of the first books to ask head on what it means for Israel to be a Jewish state Yaacov Yadgar delves into what the designation Jewish amounts to in the context of the sovereign nation state and what it means for the politics of the state to be identified as Jewish The volume interrogates the tension between the notion of Israel as a Jewish state one whose very character is informed by Judaism and the notion of Israel as a state of the Jews with the sole criterion the maintenance of a demographically Jewish majority whatever the character of that majority s Jewishness might or might not be The volume also examines Zionism s relationship to Judaism It provocatively questions whether the Christian notion of supersessionism the idea that the Christian Church has superseded the nation of Israel in God s eyes and that Christians are now the true People of God may now be applied to Zionism with Zionism understood by some to have taken over the place of traditional Judaism rendering the actual Jewish religion superfluous To Be a Jewish State deeply informs the democratic crisis in Israel discussing whether Jewish laws put into effect by the state or political moves made to ensure a Jewish majority can be seen as undermining democracy In our current era with nationalism resurging To Be a Jewish State urges a critical re assessment of the very meaning of modern Jewish identity
