The Cambridge Companion to Thomas Hardy is an essential introduction to this most enigmatic of writers. These commissioned essays from an international team of contributors comprises a general overview of all Hardy's work and specific demonstrations of Hardy's ideas and literary skills. Individual essays explore Hardy's biography, aesthetics, his famous attachment to Wessex and the impact on his work of developments in science, religion and philosophy in the late nineteenth century. Hardy's writing is also analysed against developments in contemporary critical theory and issues such as sexuality and gender. The volume also contains a detailed chronology of Hardy's life and publications and a guide to further reading.

Thomas Hardy, Poet Adrian Grafe, Laurence Estanove, 2015-09-25. The poems of Thomas Hardy 1840-1928 are key to understanding 19th, 20th and even 21st century poetry. This collection of fresh essays sheds new light on Hardy's poems, some of which have received little critical attention from a variety of thematic and analytical approaches, offering a detailed picture of how his works are currently being read. The contributors discuss why Hardy's poetic genius is less and less overshadowed by his career as a novelist and highlight his passionate attention to small details, his delight in noticing things and his eye for mysteries.

Selected Poems Thomas Hardy, 2015-10-21. Treasury of 70 poems remarkable for their lyricism, subtlety and deep emotion. Includes 'The Darkling', 'Thrush', 'Hap', 'The Ruined Maid', 'The Convergence of the Twain', 'I Look Into My Glass' and others.

The Expression of Things John Hughes, 2020-07-31. John Hughes explores Hardy's claim that his art sought to intensify the expression of things through three main sections on music, the body and voice. These offer intersecting and mutually informing discussions of the central drama of inexpression and expressivity in Hardy's work as it affects the various personae of the text, including the reader. Throughout the book draws on themes in the work of Gilles Deleuze and Stanley Cavell to reveal how Hardy's fiction and poetry express and represent the affective and physical conditions of mind and their conflicts with social fictions of identity. The first main section on music incorporates three chapters that examine how Hardy's writing stages musical experience as an expression of human desire and individuality at odds with the constraints of rationality, Victorian fiction form and social convention. Intricate and extensive readings are linked also to larger contextual and theoretical issues in order to show how music as a theme and motif highlights the kinds of creativity and ethical cruxes that characterise Hardy's work throughout his career. The second section on embodiment and sensation shows how close attention to Hardy's writing on the topics of facial and bodily expression and affectivity reveal much about the sources of his inspiration and its philosophical conditions and implications. The third section on voice offers three chapters each of which centrally employs a close metrical reading of an important Hardy poem within its larger biographical and intertextual contexts. These readings demonstrate how fundamental were Hardy's innovations in meter to the power and originality of his work and to its expressive treatment of his abiding preoccupations with love, grief, childhood and the loss of faith.
