Without Roots Benoît XVI ((pape ;), Marcello Pera, 2014 Bringing together their unique vantage points as leaders of Church and State Cardinal Joseph Ratzinger and Marcello Pera challenge us to imagine what can be the future of a civilization that has abandoned its moral and cultural history They call on the West to embrace a spiritual rather than political renewal and to accept the moral values that alone can help us to make sense of changes in technology economics and society

Without Roots Joseph Ratzinger, Marcello Pera, 2007-01-30 Bringing together their unique vantage points as leaders of Church and State Cardinal Joseph Ratzinger and Marcello Pera challenge us to imagine what can be the future of a civilization that has abandoned its moral and cultural history They call on the West to embrace a spiritual rather than political renewal and to accept the moral values that alone can help us to make sense of changes in technology economics and society

Without Roots Joseph Ratzinger, Marcello Pera, 2007-03-09 On May 12 2004 Pope Benedict XVI then Cardinal Joseph Ratzinger addressed the Italian Senate on the state of the West the very same day Joseph Pera President of the Italian Senate spoke before the Lateran College of the Papal University Together they called upon the West to confront the spiritual cultural and political malaise that have afflicted it in the earliest years of the 21st century In the months that ensued before Cardinal Ratzinger's election to the papacy they developed their ideas into the eloquent dialogue that is *Without Roots* a book that quickly became an Italian bestseller and is even more timely today than ever With Europe shaken by the war in Iraq terrorism security Israel relations with the U S immigration and the rejection of the EU constitution in both France and the Netherlands the issue of European identity has profound implications for the rest of the world Bringing together their unique vantage points as leaders of Church and State Pope Benedict XVI and Pera challenge us to imagine what can be the future of a civilization that has abandoned its history for a relativist secularism They call on the West to embrace a spiritual rather than political renewal and to accept the moral beliefs that alone can help us to make sense of changes in technology economics and society Pope Benedict XVI joins the President of the Italian Senate to offer a provocative critique of the spiritual cultural and political crisis afflicting the West

Religious Pluralism Matthew S. LoPresti, 2023-09-05 Ultimate reality is often characterized in terms of what are thought to be a variety of incompatible concepts like God Dao Brahman sunyata etc Matthew S LoPresti suggests that if we shift to a process metaphysics our horizon of pluralistic understanding shifts as well allowing multiple religious ultimates effective religious practices and their respective salvific projects to simultaneously exist without contradiction *Religious Pluralism Towards a Comparative Metaphysics of Religion* examines the plausibility of a genuine religious pluralism arguing in favor of the authenticity of a plurality of the world's major religious traditions Responses to the philosophical challenges of religious diversity have often been misidentified as forms of relativism or pluralisms so this book provides a more robust taxonomy to encourage the field to be more uniform and precise LoPresti argues that John B Cobb Jr's Whiteheadian based approach known as Deep Religious

Pluralism functions as a non relativistic basis for a meta theology of world religions Through discussions of classical and contemporary South Asian philosophy Western analytic philosophy and process philosophy in addition to the writings of Joseph Ratzinger Pope Benedict XVI LoPresti argues that a proper engagement with religious pluralism requires intimate knowledge of Western and non Western traditions *Facts and Values* Giancarlo Marchetti, Sarin Marchetti, 2016-11-03 This collection offers a synoptic view of current philosophical debates concerning the relationship between facts and values bringing together a wide spectrum of contributors committed to testing the validity of this dichotomy exploring alternatives and assessing their implications The assumption that facts and values inhabit distinct unbridgeable conceptual and experiential domains has long dominated scientific and philosophical discourse but this separation has been seriously called into question from a number of corners The original essays here collected offer a diversity of responses to fact value dichotomy including contributions from Hilary Putnam and Ruth Anna Putnam who are rightly credited with revitalizing philosophical interest in this alleged opposition Both they and many of our contributors are in agreement that the relationship between epistemic developments and evaluative attitudes cannot be framed as a conflict between descriptive and normative understanding Each chapter demonstrates how and why contrapositions between science and ethics between facts and values and between objective and subjective are false dichotomies Values cannot simply be separated from reason Facts and Values will therefore prove essential reading for analytic and continental philosophers alike for theorists of ethics and meta ethics and for philosophers of economics and law **Salvation in the World** Stephan van Erp, Christiane Alpers, Christopher Cimorelli, 2017-09-07 What happens when Edward Schillebeeckx's theology crosses paths with contemporary public theology This volume examines the theological heritage that Schillebeeckx has left behind as well as it critically assesses its relevance for temporary theological scene In tracing the way s in which Schillebeeckx observed and examined his own context s increasing secularization and concomitant development toward atheism the contributors to this volume indicate the potential directions for a contemporary public theology that pursues the path which Schillebeeckx has trodden The essays in the first part of this volume indicate a different theological self critique undertaken in response to developments in the public sphere This is followed by a thorough examination of the degree to which Schillebeeckx succeeded in leading Christian theology ahead without merely accommodating the Christian tradition to current societal trends The third part of the volume discusses the issues of climate change social conceptions of progress as well as the evolutionary understandings of the origins and purpose of religions The final part examines Schillebeeckx's soteriology to contemporary discussions about wholeness *The Pontificate of Benedict XVI* William G. Rusch, 2009-04-03 Religion beliefs *The Social and Political Thought of Benedict XVI* Thomas R. Rourke, 2010-01-01 Covering the entire trajectory of his religious life this book identifies and analyzes the foundations of political and social order in the philosophy of Pope Benedict XVI Thomas R Rourke explains Benedict's belief in the value of the Christian tradition's contribution to a contemporary

politics of reason **Reading and Living Scripture: Essays in Honor of William S. Kurz, S. J.** Jeremy Holmes, Kent Lasnoski, 2021-01-29 For decades respected Scripture scholar Fr William S Kurz S J has exemplified the unity of scholarship faith and action In Reading and Living Scripture edited by Jeremy Holmes and Kent Lasnoski an international gathering of scholars pays tribute to his life and work The first essay speaks to the need for the unity Fr Kurz has lived so well The next three essays illuminate the kind of scholarship typical of Fr Kurz s career one tracks the key verb choose across Luke Acts another investigates the dinner at Emmaus through an interpretation of Caravaggio s famous painting a third explores how we should imagine the everyday life of ordinary people in the seven cities that first received the book of Revelation The next two essays together with the final essay of the volume examine the necessary union of exegesis and faith one cannot separate exegesis of the human events of Scripture from the theological meaning of the text because human agency cannot be separated from the action of the divine agency The remaining essays highlight how faith filled scholarship should feed action one interprets the relevance of Genesis 1 3 for a theology of work and another argues that the early chapters of Genesis are still relevant for morality today a third essay highlights the role of the charisms of the Spirit in the Christian life reflecting Fr Kurz s own background in the charismatic movement lastly one essay describes Fr Kurz s long life of action in the pro life movement Written and assembled by friends colleagues students and long time friends of Fr Kurz this festschrift honors his accomplishments and mirrors his virtues **Contextualizing Theology in the South Pacific** Randall G. Prior, 2019-07-10 This book engages with a widespread contemporary dilemma how do we do theology in a context where the cultures of the people are oral and not literate The nations of the South Pacific from their missionary beginnings inherited an approach to theology that was dominated by Western cultural categories The global movement of contextualization began to impact upon Pacific churches in the 1960s and challenged this inherited approach Significant changes have resulted but the dilemma has remained The dominant approach is still one that is defined by and better suited to literate cultures The consequence is that theology remains an alien enterprise distant from the life of the local churches and distant from the hearts and minds of the indigenous people In facing the dilemma this book exposes the fundamental differences between primary oral cultures and primary literate cultures and identifies the key factors that lie at the heart of the theological problem By addressing each of these in turn the author then paves the way ahead He offers a methodology for theology that is rooted within the oral cultural context of the South Pacific and potentially in any context where oral cultures are the norm The consequences for theology and for theological education are profound **Joseph Ratzinger in Dialogue with Philosophical Traditions** Tracey Rowland, Alejandro Sada, Rudy Albino de Assunção, 2024-01-25 This book extensively explores the various influences and connections between Joseph Ratzinger and a number of leading philosophers engaging with his work by means of Spanish Portuguese German and English schools of thought through the contributions of a global body of scholars Each chapter in this volume examines precisely how Ratzinger has dealt with the ideas of a particular philosopher and how he has

appropriated their ideas and thoughts Moving from philosophers he has modified or critiqued such as Kant Comte or Wittgenstein to those who have contributed to his philosophical theology such as Guardini and Pieper this truly international endeavour is an extraordinary journey into Ratzinger s engagement with his competing and congenial schools of thought

The Modern Papacy Samuel Gregg,2013-02-21 Since the dawn of the Enlightenment modernity and the Papacy have experienced a difficult though never severed relationship The Modern Papacy goes beyond the caricatures to demonstrate how the popes specifically John Paul II and Benedict XVI have articulated a sophisticated critique of the post Enlightenment world one that acknowledges the real progress made in modernity while simultaneously highlighting its political and philosophical shortcomings Far from falling on deaf ears the nature of their engagement with the modern world has sparked criticism and praise from Catholics and non Catholics alike sometimes in surprising ways Whether the subject is faith and reason religion and the modern sciences the roots and future of Europe or the origin and ends of human freedom John Paul II and Benedict XVI pose questions that simply cannot be ignored regardless of whether one likes their answers *America on Trial, Expanded Edition* Robert Reilly,2022-02-01 The Founding of the American Republic is on trial Critics say it was a poison pill with a time release formula we are its victims Its principles are responsible for the country s moral and social disintegration because they were based on the Enlightenment falsehood of radical individual autonomy In this well researched book Robert Reilly declares not guilty To prove his case he traces the lineage of the ideas that made the United States and its ordered liberty possible These concepts were extraordinary when they first burst upon the ancient world the Judaic oneness of God who creates ex nihilo and imprints his image on man the Greek rational order of the world based upon the Reason behind it and the Christian arrival of that Reason Logos incarnate in Christ These may seem a long way from the American Founding but Reilly argues that they are in fact its bedrock Combined they mandated the exercise of both freedom and reason

Atheist Personality Disorder John J. Pasquini,2009-06 Fr Pasquini s work puts to death the intellectual hopes for atheism and brings to light the mental disorder behind the atheist mindset With the advances in molecular biology cosmic mathematics and the psychology of atheism atheism has lost its intellectual validity being more the product of a psychological disorder whose origins are found in childhood development

Person-Centered Politics Eamonn O'Higgins,2024-04-09 What accounts for the widespread disillusionment with politics Person centered Politics suggests that politics today through its structures processes and institutions tends to presuppose and to impose a certain caricature of the human person that inhibits and frustrates a real sense of personal participation in an authentic common good of politics and society In 12 chapters that touch on fundamental themes of political philosophy Person centered Politics proposes the social and transcendent dimensions of personal existence and their application to the renewal of politics today The themes explore the commonly accepted assumptions of politics today and how a renewed understanding of the person can invigorate political discourse and action In Person centered Politics the author is in continuous dialogue with some of the major contemporary

philosophers and thinkers such as Eric Voegelin David Walsh Robert Sokolowski Vaclav Havel Pierre Manent Peter Simpson and Joseph Ratzinger Benedict XVI Detailed footnotes in each chapter provide reference to further sources of enlightenment and research Person centered Politics proposes an outline for a renewed vision of politics that is centered on the truth of human existence and not a politics that distorts and suffocates the human spirit because in the words of E Voegelin the right order of the soul through philosophy furnishes the standard for the right order of society and not the other way round

Exploring the Postsecular, 2010-05-17 The re emergence of the religious in secular domains has led prominent scholars such as Jürgen Habermas and Charles Taylor to speculate about a new postsecular age The alleged shift from the secular to the postsecular is most visible in the spheres of urban public space governance and civil society This volume addresses contemporary relations between religion politics and urban societies primarily from a theoretical perspective while also paying attention to empirical manifestations of the central conceptual ideas The primary focus is the relations between public religion deprivatization of religion and theorizations of modernity and modernities with the secondary and closely related focus on theorizing postsecular urbanism including the role of faith based organizations FBOs in cities Contributors include Justin Beaumont James A Beckford Luke Bretherton Paul Cloke Candice Dias Wilhelm Gr b Maaike de Haardt Jason Hackworth Christoph Jedan Kim Knott Michiel Leezenberg Bernice Martin David Martin Gregor McLennan Arie L Molendijk Nihan zdemir S nmez Martijn Oosterbaan Andy F Sanders Anke Schuster and Hetty Zock **The Mind of Pope Francis**

Massimo Borghesi, 2018-10-04 A commonly held impression is that Pope Francis is a compassionate shepherd and determined leader but that he lacks the intellectual depth of his recent predecessors Massimo Borghesi's *The Mind of Pope Francis* Jorge Mario Bergoglio's Intellectual Journey dismantles that image Borghesi recounts and analyzes for the first time Bergoglio's intellectual formation exploring the philosophical theological and spiritual principles that support the profound vision at the heart of this pope's teaching and ministry Central to that vision is the church as a *coincidentia oppositorum* holding together what might seem to be opposing and irreconcilable realities Among his guiding lights have been the Jesuit saints Ignatius and Peter Faber philosophers Gaston Fessard Romano Guardini and Alberto Methol Ferrer and theologians Henri de Lubac and Hans Urs von Balthasar Recognizing how these various strands have come together to shape the mind and heart of Jorge Mario Bergoglio offers essential insights into who he is and the way he is leading the church Notably this groundbreaking book is informed by four interviews provided to the author via audio recordings by the pope himself on his own intellectual formation major portions of which are published here for the first time The Philosophical Basis of

Inter-religious Dialogue Mirosław Patalon, 2008-12-18 In the present epoch of tensions between civilizations challenges being brought by globalization processes and the necessity of the coexistence of various cultures and traditions the subject of inter

religious dialogue seems to be particularly significant Can religions remain isolated islands Are their claims of being the only source of theological truth justified Or should it rather be understood as an effect of interaction between different points of view and common effort of looking for the answers to the questions about God and his relations to the world What is the role of dialogue Is it only a politically correct element or maybe something more essential the basis of reasonable existence and development of religion Should the direction traced by 20th century s partisans of ecumenical movements be widened in order to embrace also non Christian religions What is the orthodoxy and where are its boundaries The process philosophy creates a convenient and favorable atmosphere for this kind of considerations The articles of this selection represent different points of view of the discussed topic The book is addressed to all who deal with the inter religious dialogue both clergy and laymen as well as scholars and students interested in the subject
