Sex Itself Sarah S. Richardson, 2013-12-13 Human genomes are 99.9 percent identical with one prominent exception Instead of a matching pair of X chromosomes men carry a single X coupled with a tiny chromosome called the Y Tracking the emergence of a new and distinctive way of thinking about sex represented by the unalterable simple and visually compelling binary of the X and Y chromosomes Sex Itself examines the interaction between cultural gender norms and genetic theories of sex from the beginning of the twentieth century to the present postgenomic age Using methods from history philosophy and gender studies of science Sarah S Richardson uncovers how gender has helped to shape the research practices questions asked theories and models and descriptive language used in sex chromosome research From the earliest theories of chromosomal sex determination to the mid century hypothesis of the aggressive XYY supermale to the debate about Y chromosome degeneration to the recent claim that male and female genomes are more different than those of humans and chimpanzees Richardson shows how cultural gender conceptions influence the genetic science of sex Richardson shows how sexual science of the past continues to resonate in ways both subtle and explicit in contemporary research on the genetics of sex and gender With the completion of the Human Genome Project genes and chromosomes are moving to the center of the biology of sex Sex Itself offers a compelling argument for the importance of ongoing critical dialogue on how cultural conceptions of gender operate within the science of sex

The Old Woman's Daughter Claire Douglas, 2006 Also available in an open access full text edition at <http://oaktrust.library.tamu.edu/handle/1969.1/86078> The Old Woman's Daughter offers men and women alike a way to make sense of their lives and find more healing alternatives than offered by our present culture In gentle evocative imagery Jungian analyst Claire Douglas invites readers to reconnect with the ancient tradition of the feminine the Old Woman symbolized by her own Celtic grandmother After considering the dangers to individuals and the society of the masculine focused dualities of our own culture Douglas describes an alternative that incorporates the feminine self within each of us man or woman Douglas draws on myth and story her own experiences poetry the dreams of some of her patients and images available from Tibetan Buddhism to find archetypes that help us recognize our inheritance from the Old Woman She describes a form of therapy that emphasizes cherishment or bonding for the purpose of recovering our ties to the ancient feminine and she deftly incorporates her search for her own voice in shaping the book into an organic whole Rising from Douglas's lifelong interest in the psychology of the feminine this book shows how healing is related naturally to a Motherline of attunement connection and cherishment

In the Company of Women Pat Heim, Susan Murphy, 2003-05-26 In the Company of Women explains how indirect or relational

aggression can hurt women and hinder them from achieving success and harmony in their adult lives Gender studies have shown that when a goal is in sight men generally use direct action to attain it Women on the other hand have been socialized to express aggressive actions through indirect means using behavior such as shunning stigmatizing and With startling insights into the meaning of our everyday behavior this book offers straightforward techniques to change conflict among women into cooperation by resolving discords peaceably building relationships and making the most of women s unique leadership and communication skills

Menstruation and Procreation in Early Modern France Cathy

McClive,2016-03-03 Early modern bodies particularly menstruating and pregnant bodies were not stable signifiers Menstruation and Procreation in Early Modern France presents the first full length discussion of menstruation and its uncertain connections with embodied sex gender and reproduction in early modern France Attitudes to menstruation are explored in three inter linked arenas medicine moral theology and law across the sixteenth to the eighteenth centuries Drawing on a wide range of diverse sources including court records and private documents the author uses case studies to explore the relationship between the exceptional corporeality of individuals and attempts to construct menstrual norms reflecting on how early modern individuals lay or otherwise grappled with the enigma of menstruation She analyzes how early modern men and women accounted for the function recurrence and appearance of menstruation from its role in maintaining health to the link between other physiological and bodily processes including those found in both male and female bodies She questions the assumption that menstruation was exclusively associated with women by the second half of the eighteenth century arguing that whilst sex related menstruation was not sex specific even at the turn of the nineteenth century Menstruation remains a contentious topic today This book is not therefore simply a study of periods in early modern France but is also of necessity an exploration about the nature and constitution of historical evidence particularly bodily evidence and how historians use this evidence It raises important questions about the concept of certainty and about the value of observation testimony expertise the nature of language and the construction of bodily truths about the body as witness and the body as evidence

Catfight

Leora Tanenbaum,2011-01-04 Catfight Women and Competition is Leora Tanenbaum s dissection of the gender war waged among women Tanenbaum meticulously analyzes the roots of destructive competitiveness among women asserting that catfights thrive because despite women s many gains American women are conditioned to regard each other as adversaries rather than allies She investigates the arenas from diets to dating from the boardroom to the delivery room in which American women are apt to compare their lives with the lives of others in a tacit contest over who is the better woman a contest in which no one wins Throughout Catfight Leora Tanenbaum puts her own life experiences under the lens of scrutiny As a writer a friend a mother a wife and a daughter she analyzes her own insecurities and background and how these influence her relations with other women With the sociologist s perspective of a Barbara Ehrenreich and the feminist outrage of a Gloria Steinem Tanenbaum demythologizes the age old catfight Just
