Woman Battering As Marital Act The Construction Of A Violent Marriage:

Woman Battering as Marital Act Margareta Hydén, 1994 In an interdisciplinary analysis Margareta Hydén highlights the nature of women's abuse the social organization of marriage gender relations and human nature itself in ways that go beyond the discourse of victims and survivors of violence Hydén examines the act of woman battering from three distinct perspectives the male perpetrator the female victim and the couple engaged in the joint project of marriage The two major issues discussed are first the identification and description of the distinctive features of battering as it appears and is committed by men against women in marital life and second the understanding of how the individuals involved define interpret explain and try to justify this act *Woman Battering as Marital Act* Margareta Hydén, 1994 In an interdisciplinary analysis Margareta Hydén highlights the nature of women's abuse the social organization of marriage gender relations and human nature itself in ways that go beyond the discourse of victims and survivors of violence Hydén examines the act of woman battering from three distinct perspectives the male perpetrator the female victim and the couple engaged in the joint project of marriage The two major issues discussed are first the identification and description of the distinctive features of battering as it appears and is committed by men against women in marital life and second the understanding of how the individuals involved define interpret explain and try to justify this act *Woman Battering as Marital Act* is a powerful analysis of this prevalent crime that serves to reshape our understanding of why battered women often remain in their violent marriages

Reader's Guide to Women's Studies Eleanor

Amico,1998-03-20 The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies. Some 200 scholars have contributed to the project which adopts a multi-layered approach allowing for comprehensive treatment of its subject matter. Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors.

Philippine Law Journal, 2001 **Making an Impact - Children and Domestic Violence** Chris Pearson, Nicola Harwin, Marianne Hester, 2006-12-15 This fully updated Reader provides a comprehensive review of recent research and legislation relating to domestic violence and its consequences for children and identifies the implications for practice. It enables professionals to develop informed child care and protection responses for children experiencing domestic violence.

Qualitative Studies in Social Work Research Catherine Kohler Riessman, 1994 Sociology and psychology are experiencing an increase of interest in qualitative methods yet existing literature emphasizes quantitative methods. *Qualitative Studies in Social Work Research* provides actual examples of social work investigators working systematically with data in alternative ways. A diversity of qualitative approaches are represented including field observations, interviews, organizational documents, and literary narratives. The studies, all by social workers, range from examining surface content to analysis of deep structures of discourse. Among the social work problems examined are isolation of the chronically ill, child welfare, sexual abuse, and what happens when the homeless apply for welfare. This much needed volume is perfect for students. *Qualitative Studies in Social Work Research* will also be of interest to practitioners looking for empirically based insights. This edited collection is a first-rate celebration of the diversity of methods used in qualitative research. What I found most unique about this collection is that the articles do not simply present findings; instead, they locate the findings within the oftentimes frustrating process of doing research and making sense out of it. I strongly recommend this book for qualitative methods courses in sociology. Rosanna Hertz, Wellesley College and Coeditor. *Qualitative Sociology* Reading this innovative compilation of social work studies provides a wonderful opportunity to explore the strengths and perhaps underexamined limitations of qualitative reports. The reports are vibrant and directly convey the language of the participants. Affect comes across vividly. Characters stand out. We do understand participants' unique experiences. Social workers now have a basis for the exploration of their own qualitative studies. It is an important and timely contribution. Smith College. *Studies in Social Work* This useful volume offers alternatives to the dominant quantitative paradigm in social research. It provides exemplary studies of social work problems using a diversity of qualitative approaches. Fokus p Familien Focus on the Family **Men, Women, and Violence**

Codesria, 2000 Gender-based violence is alarmingly widespread across cultures. Research is in its initial stages in Africa with few statistics and resources. There is too little relevant legislation. This selection of papers from the 1997 CODESRIA Gender Institute gathering, which included participants from eight African countries, highlights how universal attitudes of male dominance and patriarchy can literally engender a culture of violence in which women and children are the

victims Case studies from East and West Africa are included *Violence Against Women* Joan Nordquist,1998
