

An illustration in a woodcut style showing a group of people inside a large, brown, conical tent. An American flag flies from a pole at the top left. In the center, a man with a beard and a wide-brimmed hat stands with his hands on his hips. To his left, a woman in a dark dress and hat stands. In the foreground, two people are kneeling or sitting on the ground, one wearing a red shirt and the other a dark shirt. To the right, another woman in a blue dress and hat stands. The background shows the interior of the tent with various items and a small fire or light source on the right.

Women And Men On The Overland Trail Revised Edition:

Women and Men on the Overland Trail John Mack Faragher, 2001 There is also a new supplemental bibliography
BOOK JACKET **History of Nebraska, Fourth Edition** James C. Olson, Ronald C. Naugle, John J. Montag, 2014-12-31
History of Nebraska was originally created to mark the territorial centennial of Nebraska and then revised to coincide with the statehood centennial This one volume history quickly became the standard text for the college student and reference for the general reader unmatched for generations as the only comprehensive history of the state This fourth edition revised and updated preserves the spirit and intelligence of the original Incorporating the results of years of scholarship and research this edition gives fuller attention to such topics as the Native American experience in Nebraska and the accomplishments and circumstances of the state s women and minorities It also provides a historical analysis of the state s dramatic changes in the past two decades **Women in the American West** Laura E. Woodworth-Ney, 2008-04-03 This engaging narrative synthesizes more than 20 years of historical writing on the history of women in the American West Twenty years after many Western historians first turned their attention toward women Women in the American West synthesizes the development of women s history in the region introduces readers to current thinking on the real experiences of Western women and explores their influence on the course of expansion and development since the 19th century Women in the American West offers vivid portrayals of women as pioneers prostitutes teachers disguised soldiers nurses entrepreneurs immigrants and ordinary citizens caught up in extraordinary times Organized chronologically each chapter emphasizes important themes central to gender and women s history including women s mobility women at home wage labor immigration marriage political participation and involvement in wars at home and abroad With this revealing volume readers will see that women had a far more profound effect on the course of history in the Western United States than is commonly thought **Frontier Women** Julie Jeffrey, 1998-02-28 The classic history of women on America s frontiers now updated and thoroughly revised FRONTIER WOMEN is an imaginative and graceful account of the extraordinarily diverse contributions of women to the development of the American frontier Author Julie Roy Jeffrey has expanded her original analysis to include the perspectives of African American and Native American women **The Gendered West** Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female experience whether Hispanic Japanese or Irish Women s work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking

down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered

Iowa History Reader Marvin Bergman, 2008-03-15 In 1978 historian Joseph Wall wrote that Iowa was still seeking to assert its own identity It has no real center where the elite of either power wealth or culture may congregate Iowa in short is middle America In this collection of well written and accessible essays originally published in 1996 seventeen of the Hawkeye State's most accomplished historians reflect upon the dramatic and not so dramatic shifts in the middle land's history in the nineteenth and twentieth centuries Marvin Bergman has drawn upon his years of editing the *Annals of Iowa* to gather contributors who cross disciplines model the craft of writing a historical essay cover more than one significant topic and above all interpret history rather than recite it In his preface to this new printing he calls attention to publications that begin to fill the gaps noted in the 1996 edition Rather than survey the basic facts the essayists engage readers in the actual making of Iowa's history by trying to understand the meaning of its past By providing comprehensive accounts of topics in Iowa history that embrace the broader historiographical issues in American history such as the nature of Progressivism and Populism the debate over whether women's expanded roles in wartime carried over to postwar periods and the place of quantification in history the essayists contribute substantially to debates at the national level at the same time that they interpret Iowa's distinctive culture

Gender and Generation on the Far Western Frontier Cynthia Culver Prescott, 2022-05-10 As her family traveled the Oregon Trail in 1852 Mary Ellen Todd taught herself to crack the ox whip Though gender roles often blurred on the trail families quickly tried to re-establish separate roles for men and women once they had staked their claims For Mary Ellen Todd who found a secret joy in having the power to set things moving this meant trading in the ox whip for the more feminine butter churn In *Gender and Generation on the Far Western Frontier* Cynthia Culver Prescott expertly explores the shifting gender roles and ideologies that countless Anglo American settlers struggled with in Oregon's Willamette Valley between 1845 and 1900 Drawing on traditional social history sources as well as divorce records married women's property records period photographs and material culture Prescott reveals that Oregon settlers pursued a moving target of middle class identity in the second half of the nineteenth century Prescott traces long term ideological changes arguing that favorable farming conditions enabled Oregon families to progress from accepting flexible frontier roles to participating in a national consumer culture in only one generation As settlers' children came of age participation in this new culture of consumption and refined leisure became the marker of the middle class Middle class culture shifted from the first generation's emphasis on genteel behavior to a newer genteel consumption This absorbing volume reveals the shifting boundaries of traditional women's spheres the complicated relationships between fathers and

sons and the second generation's struggle to balance their parents' ideology with a changing national sense of class consciousness

So Rugged and Mountainous Will Bagley, 2012-10-09 The story of America's westward migration is a powerful blend of fact and fable. Over the course of three decades, almost a million eager fortune hunters, pioneers, and visionaries transformed the face of a continent and displaced its previous inhabitants. The people who made the long and perilous journey over the Oregon and California trails drove this swift and astonishing change. In this magisterial volume, Will Bagley tells why and how this massive emigration began. While many previous authors have told parts of this story, Bagley has recast it in its entirety for modern readers. Drawing on research he conducted for the National Park Service's Long Distance Trails Office, he has woven a wealth of primary sources: personal letters and journals, government documents, newspaper reports, and folk accounts into a compelling narrative that reinterprets the first years of overland migration. Illustrated with photographs and historical maps, *So Rugged and Mountainous* is the first of a projected four-volume history, *Overland West: The Story of the Oregon and California Trails*. This sweeping series describes how the Road across the Plains transformed the American West and became an enduring part of its legacy. And by showing that overland emigration would not have been possible without the cooperation of Native peoples and tribes, it places American Indians at the center of trail history, not on its margins.

The Important Things of Life Dee Garceau, 2022-01-07 Sweetwater County lies in southwestern Wyoming and has stood as a significant symbolic geography for the new Western Woman's history. As the county in which Elinore Pruitt Stewart, *Letters of a Woman Homesteader* (Nebraska, 1990) said she proved up her homestead in 1913, it is a fitting locale for the study of western gender relations. *The Important Things of Life* examines women's work and family lives in Sweetwater County in the late nineteenth and early twentieth centuries. The 1880s discovery of coal caused a population boom, attracting immigrants from numerous ethnic groups. At the same time, liberalized homestead law drew sheep and cattle ranchers. Dee Garceau demonstrates how survival on the ranching and mining frontier heightened the value of group cooperation in ways that bred conservative attitudes toward gender. Augmented by reminiscences and oral histories, Garceau traces the adaptations that broadened women's work roles and increased their domestic authority. Hers is a compelling portrait of the American West as a laboratory of gender role change in which migration, relocation, and new settlement underscored the development of new social identities.

A Great Plains Reader Diane Dufva Quantic, P. Jane Hafen, 2003-01-01 The Great Plains are as rich and integral a part of American literature as they are of the North American landscape. In this volume, the stories, poems, and essays that have defined the region evoke the world of the American prairie from the days of Native history to the realities of life on a present-day reservation.

Damned Nation Kathryn Gin Lum, 2014-08-01 Among the pressing concerns of Americans in the first century of nationhood were day-to-day survival, political harmony, exploration of the continent, foreign policy, and, fixed deeply in the collective consciousness, hell and eternal damnation. The fear of fire and brimstone and the worm that never dies exerted a profound and lasting influence on Americans' ideas about themselves, their

neighbors and the rest of the world Kathryn Gin Lum poses a number of vital questions Why did the fear of hell survive Enlightenment critiques in America after largely subsiding in Europe and elsewhere What were the consequences for early and antebellum Americans of living with the fear of seeing themselves and many people they knew eternally damned How did they live under the weighty obligation to save as many souls as possible What about those who rejected this sense of obligation and fear Gin Lum shows that beneath early Americans vaunted millennial optimism lurked a pervasive anxiety that rather than being favored by God they and their nation might be the object of divine wrath As time honored social hierarchies crumbled before revival fire economic unease and political chaos saved and damned became as crucial distinctions as race class and gender The threat of damnation became an impetus for or deterrent from all kinds of behaviors from reading novels to owning slaves Gin Lum tracks the idea of hell from the Revolution to Reconstruction She considers the ideas of theological leaders like Jonathan Edwards and Charles Finney as well as those of ordinary women and men She discusses the views of Native Americans Americans of European and African descent residents of Northern insane asylums and Southern plantations New England s clergy and missionaries overseas and even proponents of Swedenborgianism and annihilationism Damned Nation offers a captivating account of an idea that played a transformative role in America s intellectual and cultural history

Thomas and Charity Rotch Barbara K. Wittman, 2015-10-13 This first full length study of Quakers Charity and Thomas Rotch early New England settlers to northeast Ohio 1811 1824 explores their role in the transformation of the frontier environment from wilderness to a prosperous market town The book utilizes a wide selection of archival sources to provide insights into early community building in Ohio The letters of Charity Rotch suggest that Quaker women forged particular sorts of relationships that encouraged their interconnections and interdependence Women also recognized the significance of gender in their lives as they defined themselves collectively as women The vocabulary and the cultural grammar that women used to reinforce kinship ties were crucial to building and maintain their faith communities over extended geographic distances This book will be of interest to scholars of early Ohio economic history and development Quaker history and settlement in Ohio gender and the household in 19th century American history [Resources in Women's Educational Equity](#) , 1979 Literature cited in AGRICOLA Dissertations abstracts international ERIC ABI INFORM MEDLARS NTIS Psychological abstracts and Sociological abstracts Selection focuses on education legal aspects career aspects sex differences lifestyle and health Common format bibliographical information descriptors and abstracts and ERIC subject terms used throughout Contains order information Subject author indexes

Covered Wagon Women Kenneth L. Holmes, 1995 Offers the writings and recollections of thirteen Anglo women who traveled to the American West in the 1840s taken from their letters and diaries and reflecting the political social and economic forces of the era *Women in Waiting in the Westward Movement* Linda S. Peavy, 1994 Looks at the lives of the homebound wives of Western pioneers

"Just a Housewife" Glenna Matthews, 1989-05-11 Housewives constitute a large section of the population yet they have received

very little attention let alone respect Glenna Matthews who herself spent many years as just a housewife before becoming a scholar of American history sets out to redress this imbalance While the male world of work has always received the most respect Matthews maintains that widespread reverence for the home prevailed in the nineteenth century The early stages of industrialization made possible a strong tradition of cooking baking and sewing that gave women great satisfaction and a place in the world Viewed as the center of republican virtue the home also played an important religious role Examining novels letters popular magazines and cookbooks Matthews seeks to depict what women had and what they have lost in modern times She argues that the culture of professionalism in the late nineteenth century and the culture of consumption that came to fruition in the 1920s combined to kill off the cult of domesticity This important challenging book sheds new light on a central aspect of human experience the essential task of providing a society's nurture and daily maintenance

A People's Contest Phillip Shaw Paludan, 1996 Pt 1 Learning war Communities go to war Forging foreign and domestic weapons The ways of making war The dialogue of politics 1861 1862 pt 2 Making war Congress and the capitalists Congress and the second American system Agriculture and the benefits of war Industrial workers and the costs of war The meanings of emancipation The dialogue of politics loyalty and unity 1863 1864 pt 3 Finding war's meanings World images of war Frankenstein and Everyman Sherman Grant and modern war The scars of war The coming of the Lord religion in the Civil War era Conclusion

Bonds of Community Nancy Grey Osterud, 2018-08-06 Women held a central place in long settled rural communities like the Nanticoke Valley in upstate New York during the late nineteenth century Their lives were limited by the bonds of kinship and labor but farm women found strength in these bonds as well Although they lacked control over land and were second class citizens these rural women did not occupy a separate sphere Individually and collectively they responded to inequality by actively enlarging the dimensions of sharing in their relationships with men Nancy Grey Osterud uses a rich store of diaries letters and other first person documents in addition to public and organizational records to reconstruct the everyday lives of ordinary women of the past Exploring large questions within the confines of a single community she analyzes the ways in which notions of gender structured women's interactions with their families and neighbors their place in the farm family economy and their participation in organized community activities Rare turn of the century photographs of the rural landscape formal and informal family portraits and scenes of daily life and labor add a special dimension to *Bonds of Community* It should find a ready audience among women's historians labor historians rural historians and historians of New York State

A Companion to American Women's History Nancy A. Hewitt, 2008-04-15 This collection of twenty four original essays by leading scholars in American women's history highlights the most recent important scholarship on the key debates and future directions of this popular and contemporary field Covers the breadth of American Women's history including the colonial family marriage health sexuality education immigration work consumer culture and feminism Surveys and evaluates the best scholarship on every important era and topic Includes expanded

bibliography of titles to guide further research Where is the West? Gordon Morris Bakken, Brenda Farrington, 2000 This anthology examines *Love's Labours Lost* from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource
