Andersen,Ralph Heibutzki,2018-07-03 An ambitious look at the last days of the Clash as much a political history of the 1980s as it is a look at an influential band in its final years Publishers Weekly The Clash was a paradox of revolutionary conviction musical ambition and commercial drive We Are The Clash is a gripping tale of the band s struggle to reinvent itself as George Orwell s 1984 loomed This bold campaign crashed headlong into a wall of internal contradictions and rising right wing power

While the world teetered on the edge of the nuclear abyss British miners waged a life or death strike and tens of thousands died from US guns in Central America Clash cofounders Joe Strummer Paul Simonon and Bernard Rhodes waged a desperate last stand after ejecting guitarist Mick Jones and drummer Topper Headon The band shattered just as its controversial final album Cut the Crap was emerging Andersen and Heibutzki weave together extensive archival research and in depth original interviews with virtually all of the key players involved to tell a moving story of idealism undone by human frailty amid a climatic turning point for our world The Clash s final chapter after guitarist Mick Jones 1983 departure has largely been forgotten until this book in which authors Mark Andersen and Ralph Heibutzki argue that the punk pioneers were still creating vital music to the very end Rolling Stone an RS Picks New Books Focuses on a very different moment in the band s history the point at which the group splintered in the early 1980s and its members grappled with an onset of reactionary governments around the world Vol 1 Brooklyn One of the most rewarding music books you ll come across this year Johns Hopkins Magazine *The Telecaster Guitar Book* Tony Bacon,2012-07-01 This new version of Tony Bacon s Six Decades of the Fender Telecaster shows how the world s first commercially successful solidbody electric guitar still attracts musicians more than 60 years since its birth in California Today it is more popular than ever and for many guitarists has overtaken the Stratocaster as the Fender to own and play The Tele is the longest lived solidbody electric played by everyone from Muddy Waters to Keith Richards from Radiohead to Snow Patrol Its sheer simplicity and versatility are vividly illustrated here through interviews with Jeff Beck James Burton Bill Kirchen John 5 and more The book is three great volumes in one a compendium of luscious pictures of the most desirable Teles a gripping story from the earliest days to the latest exploits and a detailed collector s guide to every Tele ever made Packed with pictures of great players collectable catalogs period press ads and cool memorabilia The Telecaster Guitar Book is the one Tele book that all guitar fans will want to add to their collection [Six Decades of the Fender Telecaster](#) Tony Bacon,2005-12 Book Launched by the fledgling Fender company in 1950 the Telecaster has become the longest lived solidbody electric guitar played by everyone from Muddy Waters to Chrissie Hynde All who play know that the key to the Telecaster s importance and versatility is its sheer simplicity Packed with high quality photographs of the great Telecasters collectable catalogs period press ads and memorabilia this tribute tells the story of the Telecaster and the Fender Company through exclusive interviews with Fender figures who were there when this musical star was born **Notes** Music Library Association,2004 *The Encyclopedia of Popular Music: Selected Albums.
