Meditating with Animals Pamela Robins,2016-11-15 Our animals show us unconditional love in its purest form They are our most loyal companions constantly navigating our energy to support our needs This is something Pamela Robins experienced on a profound level when she was faced with a relentless series of major life challenges including the death of her mother her own cancer diagnosis a divorce and letting go of her life as she knew it in order to find herself Her animals were instrumental in getting her through it all Recognizing how hard they were working to comfort and heal her Pamela worried their efforts could be depleting them of their own health and vitality When she was strong again she wanted to return to them the extraordinary gifts they had given her And so it was that the Animal Method™ was born a practice graciously given to Pamela by her beloved animal companions that is based on the idea of consciously recycling positive healing energy between humans and animals It involves mindfully observing and learning from your animal taking cues from their natural state of being and applying that wisdom to your own way of being This method is beautifully described in Meditating with Animals In it you'll also read inspiring animal stories and learn about the countless health and life benefits that result from having a deeper more compassionate connection with an animal And each chapter offers a meditation exercise that is specially designed to help you embrace a different aspect of the Animal Method Meditating with Animals was written with the hope of helping you see more clearly the teacher the healer the magical being who is right there at your feet and the one also within you We can learn so much from animals when we take the time to be still with them and observe The animals in my life have taught me about love compassion and remembrance Meditating with Animals is a beautiful
