Dag Hammarskjöld Library

United Nations Documents Index July September 2005:

United Nations Documents Index Dag Hammarskjöld Library, 2007 **A Concise Encyclopedia of the United Nations**
Helmut Volger, 2009-12-07 How can we approach the complex United Nations system a family of principal organs subsidiary organs and specialized agencies Where do we get summarizing information on the large number of reform concepts developed and implemented since the late 1990s in particular in connection with the UN World Summit 2005 The present book provides orientation and information It is the second updated English edition of the German Lexikon der Vereinten Nationen The book provides in addition to concise and comprehensive information on the UN system insight into recent UN developments and reform efforts in the face of global opportunities and challenges such as the Millennium Summit 2000 and World Summit 2005 and the establishment of important new UN organs the Human Rights Council and the Peacebuilding Commission in 2006 The contributing authors are academic scholars of international law economics and political sciences active and former diplomats and UN officials journalists and members of non governmental organizations NGOs and offer a variety of interesting perspectives The entries are provided with bibliographies and with Internet addresses for further information and are supplemented in the annex by an informative text on the UN document numbering system and by a list of information facilities concerning the UN This title was reviewed as essential highest category of recommendation by Choice Current Reviews for Academic Libraries in October 2010 A new edition of a mammoth 900 page plus encyclopedia covering every aspect of the United Nations and its work is now available in English in the United States Among its many useful features are exhaustive lists of those bewildering UN acronyms a key to decoding and thus knowing how to look for UN documents and a complete copy of the UN Charter The easy to use alphabetical order of entries makes it easy for schoolchildren and adults to navigate Barbara Crossette in The InterDependent 4 October 2010 www.theinterdependent.com This multidirectional compass is extraordinarily well researched and written It is a veritable research dream without which no international collection could possibly be complete American Society of International Law Newsletter of the UN²¹ Interest Group January 2011 This is an update of the 2002 edition with articles contributed by a number of experts on the United Nations and international relations Entries are either wholly updated or the original article is updated with a signed addendum making the information current as of the end of 2008 Articles are very detailed and include copious references to other parts of the volume indicated with an arrow Most entries conclude with a bibliography of works useful for further research many of which are extensive reviews of the literature on a particular topic in multiple languages Entries range from overviews of the workings of the United Nations including budget membership rules and organization to more theoretical discussions of international law The book will be indispensable for any research university with faculty in international relations or law Summing Up Essential Graduate students and researchers faculty T Miller Michigan State University Review in October 2010 in Choice Current Reviews for Academic Libraries UN Security Council Edward C. Luck, 2006 Written by

best selling author Edward C Luck this new text is broad and engaging enough for undergraduates sophisticated enough for graduates and lively enough for a wider audience interested in the key institutions of international public policy Looking at the antecedents of the UN Security Council as well as the current issues and future challenges that it faces this new book includes historical perspectives the founding vision procedures and practices economic enforcement peace operations and military enforcement human security proliferation and WMD terrorism reform adaptation and change Prisoners in War Sibylle Scheipers, 2010-02-25 The issue of prisoners in war is a highly timely topic that has received much attention from both scholars and practitioners since the start of the military operations in Afghanistan and Iraq and the ensuing legal and political problems concerning detainees in those conflicts This book analyses these contemporary problems and challenges against the background of their historical development It provides a multidisciplinary yet highly coherent perspective on the historical trajectory of legal and ethical norms in this field by integrating the historical analysis of war with a study of the emergence of the modern legal regime of prisoners in war In doing so it provides the first comprehensive study of prisoners detainees and internees in war covering a broad range of both regular and irregular wars from the crusades to contemporary counterinsurgency campaigns The book revolves around two major developments First there has been a continuous increase in the political relevance of prisoners in war in particular since the emergence of POW camps in the nineteenth century Secondly and related the growth in the legal regime pertaining to prisoners had contradictory consequences Whilst it enhanced the protection of prisoners in regular conflicts its state centric bias tends to exclude combatants who do not fit the template of regular inter state war Detainees in the war on terror embody both tendencies the development of which however is by no means a novel phenomenon This book is a project of the Oxford Leverhulme Programme on the Changing Character of War The United Nations in The Era of Globalization Mazid Reza Momeni ,2021-08-03 The United Nations as a world organization has gone through different epochs of time facing various challenges and changes since its inception While it has done a lot in saving humankind in its diverse fields of activities yet it has failed to function legitimately and effectively according to the principles of its Charter which have brought its existence and relevance under criticism and questioning The UN after the end of the Cold War for a short period of time gave a new hope to the world that it would now work genuinely according to its member states will in an environment of cooperation and understanding between its member states for common goals However right after the collapse of the communist bloc and the end of capitalist communist antagonism the process of globalization already in force gained momentum which brought about a new era in the UN s life affecting international relations and the world politics too The emergence of globalization has created many new challenges not only to the individuals and countries but also to the international institutions and global organizations This study is an attempt to analyze the real purpose of the emergence of globalization as a policy and its effects on the UN in particular and the international political economic relations in a wider context CONTENTS Preface V Acknowledgement VII Abbreviations

XI Chapter I Introduction 15 Chapter II Bretton Woods Institutions and Globalization Their Impact on the UN 61 Chapter III The Global Compact Project 117 Chapter IV Millennium Development Goals and The Reform Initiatives 155 Chapter V Civil Society Organizations and the United Nations 218 Chapter VI Conclusion 265 Appendix 283 Select Bibliography 284 Index 295

The Socio-Political Practice of Human Rights Kiran Kaur Grewal, 2016-06-23 This book examines discourses of rights and practices of resistance in post conflict societies exploring the interaction between the international human rights framework and different actors seeking political and social change Presenting detailed new case studies from Sierra Leone Sri Lanka and Kosovo it reveals the necessity of social scientific interventions in the field of human rights The author shows how a shift away from the realm of normative political or legal theory towards a more sociological analysis promises a better understanding of both the limits of current human rights approaches and possible sites of potential Considering the diverse ways in which human rights are enacted and mobilised The Socio Political Practice of Human Rights engages with major sites of tension and debate examining the question of whether human rights are universal or culturally relative their relationship to forms of economic and political domination the role of law as a mechanism for social change and the ways in which the language of human rights facilitates or closes sites of radical resistance By situating these debates in specific contexts this book concludes by proposing new ways of theorizing human rights Empirically grounded and offering an alternate framework for understanding the fluid and ambiguous operation of power within the theory and practice of human rights this volume will appeal to scholars of sociology law and politics with interests in gender resistance international law human rights and socio legal discourse

United States Participation in the United Nations: A Report by the Secretary of State to the Congress for the Year 2007 (sic., i.e., 2006) United States. President, **Human Rights Culture in Indonesia** Max Regus, 2021-06-08 Drawing on human rights discourse and a study of the difficulties faced by religious minority groups using the Ahmadiyya minority group as a case study this book presents three interconnected challenges to human rights culture in Indonesia First it presents a normative challenge describing the gap between philosophical and normative principles of human rights on one side and the overall problems and critical issues of human rights at national and local levels on the other Second it considers the political problems in developing and strengthening human rights culture The political challenge addresses the ability or inability of the state to guarantee the rights of certain individuals and minority groups Third it examines the sociological challenge of majority minority group relationships in human rights discourse and practices This book describes the background of human rights in Indonesia and reviews the previous literature on the issue It also presents a comprehensive review of the discourses about human rights and political changes in contemporary Indonesia The analysis focuses on how human rights challenges affect the situation of religious minorities looking in particular at the Ahmadiyya as a minority group that experiences human rights violations such as discrimination persecution and violence The study fills out its treatment of these issues by examining the involvement of actors both from the state and society addressing

also the politics of human rights protection *The Oxford Handbook on the United Nations* Thomas G. Weiss, Sam Daws, 2018-06-28 This Handbook provides in one volume an authoritative and independent treatment of the UN's seventy year history written by an international cast of more than 50 distinguished scholars analysts and practitioners It provides a clear and penetrating examination of the UN's development since 1945 and the challenges and opportunities now facing the organization It assesses the implications for the UN of rapid changes in the world from technological innovation to shifting foreign policy priorities and the UN's future place in a changing multilateral landscape Citations and additional readings contain a wealth of primary and secondary references to the history politics and law of the world organization This key reference also contains appendices of the UN Charter the Statute of the International Court of Justice and the Universal Declaration of Human Rights *State of the World's Children* UNICEF., 2009 On 20 November 2009 the global community celebrates the 20th anniversary of the adoption by the United Nations General Assembly of the Convention on the Rights of the Child the unique document that sets international standards for the care treatment and protection of all individuals below age 18 To celebrate this landmark the United Nations Children's Fund is dedicating a special edition of its flagship report *The State of the World's Children* to examining the Convention's evolution progress achieved on child rights challenges remaining and actions to be taken to ensure that its promise becomes a reality for all children
