The Medicine Horse Ulrike Dietmann, 2015-10-02 I m an outright rationalist an atheist left the church at eighteen I have never been interested in mysticism the occult telepathy or anything of that sort Whenever it s a question of having to believe in something instead of being given proof I opt out After her daughter has died in a riding accident Valerie s world becomes completely unhinged

Animal Husbandry: Bestiality in Medieval Culture ,2025-08-28 How was bestiality perceived in the Middle Ages The answer is far from simple Depending on the context it might be a kingmaking ritual a boys game a pact with the devil a peccadillo or a capital offense As dangerous as it could be to be suspected by one s own neighbors of committing bestiality medieval literature and art are full of often exhilarating erotic interspecies encounters In the end this volume suggests that there is a zoophilic streak in all humans the medievals as well as ourselves Contributors are Crystal Beamer Bailey Flannery Katherine Leach Marian E Polhill Anna Russakoff Joyce E Salisbury Andrea Schutz Jacqueline A Stuhmiller Larissa Tracy and Tess Wingard

Bestiality Gaston Dubois-Desaulle,1933 *Dearest Pet* Midas Dekkers,2000-11-17 People love animals a stroke here a pat there a quick nuzzle in that gorgeous fur the amount of cuddling they get can make you jealous In Holland dogs are caressed more than people Not as thoroughly though that one spot somewhere down below generally remains untouched Generally but certainly not always Kinsey s research showed that 8 per cent of men and 3 5 per cent of women had had sex with an animal and that in rural areas the figure for men was closer to 50 per cent Yet bestiality is almost universally condemned While our love for animals is extolled as noble and natural all erotic elements in the relationship between humans and other species are vilified and proscribed thus consigning them to the realm of exotic pornography or crude innuendo Even so something remains of physical love for animals In different forms sublimated or occasionally celebrated its traces can be found throughout art and popular culture in Leda and the Swan Beauty and the Beast or the Lorelei in a lubricious menagerie of satyrs and centaurs wolfmen and vampires all the way through to King Kong and Fritz the Cat pony clubs and amorous dolphins or even advertisements for luxury catfoods *Dearest Pet* uncovers and explores those traces illuminating the ambivalence of human attitudes to cross species sexuality Its author the biologist and broadcaster Midas Dekkers has analysed bestiality in all its aspects physical psychological and legal and examined its representations in religion and mythology art and literature pornography and advertising Beautifully and sometimes bizarrely illustrated his book is neither drily academic nor pruriently trivial but erudite witty and challenging the first history of the last taboo A book for animal lovers and for those who are just their good friends
