Touching Americas History From The Pequot War Through Wwii:

Touching America's History Meredith Mason Brown, 2014-01-01 Objects that make the past feel real from a stone axe head to a piece of John Brown's scaffold includes photos History isn't just about abstractisms it's the story of real events that happened to real people In *Touching America's History* Meredith Mason Brown uses a collection of such objects drawing from his own family's heirlooms to summon up major developments in America's history The objects range in date from a Pequot stone axe head probably made before the Pequot War in 1637 to the western novel Dwight Eisenhower was reading while waiting for the weather to clear so the Normandy Invasion could begin to a piece of a toilet bowl found in the bombed out wreckage of Hitler's home in 1945 Among the other historically evocative items are a Kentucky rifle carried by Col John Floyd killed by Indians in 1783 a letter from George Washington explaining why he will not be able to attend the Constitutional Convention shavings from the scaffold on which John Brown was hanged a pistol belonging to Gen William Preston in whose arms Gen Albert Sidney Johnston bled to death after being shot at the Battle of Shiloh and the records of a court martial for the killing by an American officer of a Filipino captive during the Philippine War Together these objects call to mind nothing less than the birth growth and shaping of what is now America Clearly written buttressed by maps and portraits Brown's book regales while showing the objectivity and nuance of a historian Library Journal A whole new way of doing history a novel form of story telling Joseph J Ellis Pulitzer Prize winning author of *Founding Brothers The Revolutionary Generation* *The Plot to Change America* Mike Gonzalez, 2022-06-14 *The Plot to Change America* exposes the myths that help identity politics perpetuate itself This book reveals what has really happened explains why it is urgent to change course and offers a strategy to do so Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics we should not overthink it either Identity politics relies on the creation of groups and then on giving people incentives to adhere to them If we eliminate group making and the enticements we can get rid of identity politics The first myth that this book exposes is that identity politics is a grassroots movement when from the beginning it has been and continues to be an elite project For too long we have lived with the fairy tale that America has organically grown into a nation gripped by victimhood and identitarian division that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965 Another myth we are told is that to fight these changes is as depraved as it is futile since by 2040 America will be a minority majority country anyway This book helps to explain that none of these things are necessarily true *The Routledge Handbook of the Northern Ireland Conflict and Peace* Laura McAtackney, Máirtín Ó Catháin, 2023-11-13 *The Routledge Handbook of the Northern Ireland Conflict and Peace* is the first multi authored volume to specifically address the many facets of the 30 year Northern Ireland conflict colloquially known as the Troubles and its subsequent peace process This volume is rooted in opening space to address controversial

subjects answer key questions and move beyond reductive analysis that reproduces a simplistic two community theses The temporal span of individual chapters can reach back to the formation of the state of Northern Ireland with many starting in the late 1960s to include a range of individuals collectives organisations understandings and events at least up to the Good Friday Belfast Agreement in 1998 This volume has forefronted creative approaches in understanding conflict and allows for analysis and reflection on conflict and peace to continue through to the present day With an extensive introduction preface and 45 individual chapters this volume represents an ambitious expansive interdisciplinary engagement with the North of Ireland through society conflict and peace from a wide range of disciplinary perspectives theoretical frameworks and methodological approaches While allowing for rich historical explorations of high level politics rooted in state documents and archives this volume also allows for the intermingling of different sources that highlight the role of personal papers memory space materials and experience in understanding the complexities of both Northern Ireland as a people place and political entity

The True Flag Stephen Kinzer, 2017-01-24 The public debate over American interventionism at the dawn of the 20th century is vividly brought to life in this engaging well focused history Kirkus starred review Should the United States use its military to dominate foreign lands It s a perennial question that first raised more than a century ago during the Spanish American War The country s political and intellectual leaders took sides in an argument that would shape American policy and identity through the 20th century and beyond Theodore Roosevelt Henry Cabot Lodge and William Randolph Hearst pushed for imperial expansion Mark Twain Booker T Washington and Andrew Carnegie preached restraint Not since the nation s founding had so many brilliant Americans debated a question so fraught with meaning for all humanity As Stephen Kinzer demonstrates in *The True Flag* their eloquent discourse is as relevant today as it was then Because every argument over America s role in the world grows from this one

Bending Their Way Onward Christopher D. Haveman, 2018-02-01 2018 Choice Outstanding Academic Title 2019 Dwight L Smith ABC CLIO Award from the Western History Association Between 1827 and 1837 approximately twenty three thousand Creek Indians were transported across the Mississippi River exiting their homeland under extreme duress and complex pressures During the physically and emotionally exhausting journey hundreds of Creeks died dozens were born and almost no one escaped without emotional scars caused by leaving the land of their ancestors *Bending Their Way Onward* is an extensive collection of letters and journals describing the travels of the Creeks as they moved from Alabama to present day Oklahoma This volume includes documents related to the voluntary emigrations that took place beginning in 1827 as well as the official conductor journals and other materials documenting the forced removals of 1836 and the coerced relocations of 1836 and 1837 This volume also provides a comprehensive list of muster rolls from the voluntary emigrations that show the names of Creek families and the number of slaves who moved west The rolls include many prominent Indian countrymen such as white men married to Creek women and Creeks of mixed parentage Additional biographical data for these Creek families is included whenever possible *Bending*

Their Way Onward is the most exhaustive collection to date of previously unpublished documents related to this pivotal historical event **The Encyclopedic Dictionary of American History** ,1986 The Software Encyclopedia ,1988
