Dom Fernand Cabrol ... Avec Le Concours D'un Grand Nombre de Collaborateurs* Fernand Cabrol,1928 **Playing the Harpsichord Expressively** Mark Kroll,2004-10-08 The art of expressive harpsichord playing was lost when the instrument was replaced by the piano in the nineteenth century Despite the great strides in harpsichord performance and building made during the last 100 years the full expressive potential of the instrument has not yet been realized or sometimes even acknowledged by professionals or amateurs This book reveals the depth of expression that is possible on the harpsichord and teaches the performer how to achieve it Previous books devoted to playing the instrument have either been written for amateurs and beginners with little or no experience on the harpsichord or they take a scholarly approach This resource is written with a different goal in mind teaching the art of expressive harpsichord playing to those who have had experience on the instrument and also to pianists and organists who love the repertoire and want to play it on the keyboard instrument for which it was composed Presented together with quotes from the most important primary sources on the instrument the book contains more than 100 musical examples in an easily accessible format and one of the most comprehensive bibliographies available **Abrégé de la Bibliothèque portative et du petit parnasse françois, ou Recueil de morceaux choisis dans tous les différents genres de littérature françoise, en prose et en vers ...
