Toward The Setting Sun Pioneer Girls Traveling The Overland Trails:

Toward the Setting Sun Mary Barmeyer O'Brien,1999 Focusing on the lives of ten pioneer girls this fascinating book combines diary excerpts and descriptive prose **Outlasting the Trail** Mary Barmeyer O'Brien,2005-06-01 Mary Rockwood Powers reluctantly left her comfortable life as a doctor's wife in Wisconsin in 1856 one of the many women whose destiny as a settler of the West was determined by her husband's wishes Trading in her home for canvas roof and wheels Mary her husband and their three children set out on the arduous trek westward to California Shortly into their travels west it became painfully obvious that Doctor Powers was simply not up to the task of making sure his family outlasted the trail Mary had to step in and become the head of the household with its canvas roof and wheels leaving behind her ideals of femininity along with her beloved possessions In *Outlasting the Trail* author Mary Barmeyer O'Brien uses the letters Mary Rockwood Powers wrote to her mother and sister back home as a stepping off point to further illuminate this remarkable woman's story Based on the dramatic struggle a real family this novel brings to life a fascinating slice of American history

Beyond Nature's Housekeepers Nancy C. Unger,2012-10-05 This book highlights the unique and complex role women have played in the shaping of the American environment from pre-Columbian Native Americans to present-day environmental justice activists *The Promise of the West* Mary Barmeyer O'Brien,2015-10-05 Driven by the promise of prosperity and opportunity on the frontier thousands of men and women traveled west in the mid 1800s to forge a new life Accompanying them were their children wide-eyed and excited about the adventures that awaited them as they headed toward the setting sun Little did they know how treacherous and grueling the trip would be The toil and danger of overland travel forced parents to depend on their children to assist in their ultimate survival Girls were called upon to help cook set up and break camp and mind younger siblings Boys were called upon to help drive the wagons herd the oxen and horses assist with wagon repairs and guard the camp at night Even with their endless chores many pioneer boys and girls found time to record the details of their journeys in letters and diaries This collection of short episodes from the lives of these children on the trail offers fresh perspectives on the experience Writing the Trail Deborah Lawrence,2009-11 For a long time the American West was mainly identified with white masculinity but as more women's narratives of westward expansion came to light scholars revised purely patriarchal interpretations *Writing the Trail* continues in this vein by providing a comparative literary analysis of five frontier narratives Susan Magoffin's *Down the Santa Fe Trail and into Mexico* Sarah Royce's *A Frontier Lady* Louise Clappe's *The Shirley Letters* Eliza Farnham's *California In doors and Out* and Lydia Spencer Lane's *I Married a Soldier* to explore the ways in which women's responses to the western environment differed from men's Throughout their very different journeys from an eighteen-year-old bride and self-styled wandering princess on the Santa Fe Trail to the mining camps of northern California to garrison life in the Southwest these women moved out of their traditional positions as objects of masculine culture Initially disoriented they soon began the complex process of assimilating to a new environment

changing views of power and authority and making homes in wilderness conditions Because critics tend to consider nineteenth century women s writings as confirmations of home and stability they overlook aspects of women s textualizations of themselves that are dynamic and contingent on movement through space As the narratives in *Writing the Trail* illustrate women s frontier writings depict geographical spiritual and psychological movement By tracing the journeys of Magoffin Royce Clappe Farnham and Lane readers are exposed to the subversive strength of travel writing and come to a new understanding of gender roles on the nineteenth century frontier *Prairie Children and Their Quilts* Kathleen

Tracy,2006-11-01 Inspired by actual children s diaries from the American frontier this follow up to the bestseller *American Doll Quilts* explores the origins of doll quilts made during the era Quilters can stitch small antique style projects as they read about the lives of pioneer children and their families Fourteen patterns spotlight popular quilt designs from the nineteenth century Projects include a game board quilt a schoolhouse quilt a prairie doll apron and a schoolgirl sampler See vintage photos of prairie children and read actual diary entries from children who traveled with their parents to settle in the West
