Madame de Staël

Unmanly Citizens Jean Jacques Rousseaus And Germaine De Stals Subversive Women:

(Un)Manly Citizens Lori Jo Marso, 1999 From the author of the beloved 1 national bestseller *Crow Lake* comes an exceptional new novel of jealously rivalry and the dangerous power of obsession Two brothers Arthur and Jake Dunn are the sons of a farmer in the mid 1930s when life is tough and another world war is looming Arthur is reticent solid dutiful and set to inherit the farm and his father's character Jake is younger attractive mercurial and dangerous to know the family misfit When a beautiful young woman comes into the community the fragile balance of sibling rivalry tips over the edge Then there is Ian the family's next generation and far too sure he knows the difference between right and wrong By now it is the fifties and the world has changed a little but not enough These two generations in the small town of Struan Ontario are tragically interlocked linked by fate and community but separated by a war which devours its young men its unimaginable horror reaching right into the heart of this remote corner of an empire With her astonishing ability to turn the ratchet of tension slowly and delicately Lawson builds their story to a shocking climax Taut with apprehension surprising us with moments of tenderness and humour *The Other Side of the Bridge* is a compelling humane and vividly evoked novel with an irresistible emotional undertow Arthur found himself staring down at the knife embedded in his foot There was a surreal split second before the blood started to well up and then up it came dark and thick as syrup Arthur looked at Jake and saw that he was staring at the knife His expression was one of surprise and this was something that Arthur wondered about later too Was Jake surprised because he had never considered the possibility that he might be a less than perfect shot Did he have that much confidence in himself that little self doubt Or was he merely surprised at how easy it was to give in to an impulse and carry through the thought which lay in your mind Simply to do whatever you wanted to do and damn the consequences from *The Other Side of the Bridge* From the Hardcover edition *Germaine de Staël and Benjamin Constant* Renee Winegarten, 2008-01-01 When they first met in 1794 shortly after the Reign of Terror Germaine de Staël and Benjamin Constant were both in their twenties both married and both outsiders She was already celebrated and a published writer whereas he though ambitious was unknown This compelling dual biography tells the extraordinary story of their union and disunion set against a European background of momentous events and dramatic social and cultural change Renee Winegarten offers new perspectives on each of the protagonists revealing their rare qualities and their all too human failings as well as the complex nature of their debt to one another Their passionate and productive relationship endured on and off for seventeen years Winegarten traces their story largely through their own words letters and autobiographical writings and illuminates the deep intellectual and visceral bond they shared despite disparate personalities and gifts Exploring their relationships with Napoleon and the Bourbons their different responses to the momentous upheavals of postrevolutionary France their support of individual liberty with order and more the book concludes with an appreciation of de Staël's and Constant's singular contributions to a new literature and to the history of liberty *Germaine de Staël* Biancamaria

Fontana,2016-05-17 The first in depth look at Staël's political life and writings Germaine de Staël 1766 1817 is perhaps best known today as a novelist literary critic and outspoken and independent thinker Yet she was also a prominent figure in politics during the French Revolution Biancamaria Fontana sheds new light on this often overlooked aspect of Staël's life and work bringing vividly to life her unique experience as a political actor in a world where women had no place The banker's daughter who became one of Europe's best connected intellectuals Staël was an exceptionally talented woman who achieved a degree of public influence to which not even her wealth and privilege would normally have entitled her During the Revolution when the lives of so many around her were destroyed she succeeded in carving out a unique path for herself and making her views heard first by the powerful men around her later by the European public at large Fontana provides the first in depth look at her substantial output of writings on the theory and practice of the exercise of power setting in sharp relief the dimension of Staël's life that she cared most about politics She was fascinated by the nature of public opinion and believed that viable political regimes were founded on public trust and popular consensus Fontana shows how Staël's ideas were shaped by the remarkable times in which she lived and argues that it is only through a consideration of her political insights that we can fully understand Staël's legacy and its enduring relevance for us today [A Discourse Upon the Origin and Foundation of the Inequality Among Mankind](#) Jean Jacques Rousseau,John Adams,John Adams Library (Boston Public Librar,2015-09-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Ten Years' Exile. New Ed. Introduced by Margaret Crosland* Madame de Staël (Anne-Louise-Germaine),1968 **Ten Years' Exile** Anne Louise Germaine Staël-Holstein (,2025-05-22 Ten Years Exile is an autobiographical work by Anne Louise Germaine de Staël also known as Madame de Staël recounting her experiences during her forced exile from France under Napoleon Bonaparte's regime This compelling narrative provides a first hand account of the political climate and social dynamics of Europe during the Napoleonic era Staël a prominent intellectual and writer details her opposition to Napoleon's authoritarian rule and the consequences she faced as a result The book offers insights into the workings of the Continental System Napoleon's attempts to control European trade and suppress dissent and the impact of political repression on individuals and society Through her

personal experiences. Still, it sheds light on the broader themes of freedom, tyranny, and the importance of intellectual independence. *Ten Years Exile* remains a valuable historical document and a testament to the power of resistance against oppression. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps, as most of these works have been housed in our most important libraries around the world and other notations in the work. This work is in the public domain in the United States of America and possibly other nations. The Social Contract, a Discourse on the Origin of Inequality, and a Discourse on Political Economy Jean-Jacques Rousseau, 2016-08-21. Jean-Jacques Rousseau was a Genevan philosopher, writer, and composer of the 18th century. Jean-Jacques Rousseau's political philosophy influenced the Enlightenment in France and across Europe, as well as aspects of the French Revolution and the overall development of modern political and educational thought. This anthology volume contains three of Jean-Jacques Rousseau's most important works: *The Social Contract*, *A Discourse on the Origin of Inequality*, and *A Discourse on Political Economy*. *The Social Contract* is one of Jean-Jacques Rousseau's works which has influenced politics, as Rousseau asserts that only the people who are sovereign have that all-powerful right. *The Social Contract* is often required reading for courses in philosophy, politics, natural or physical inequality, and ethical or moral inequality. *On the Origin of Inequality* is often required reading for courses in philosophy, politics, government, and political social sciences. *On Political Economy* espouses Jean-Jacques Rousseau's concepts of the General Will as a way for individuals' self-interest to unite for a common good. Jean-Jacques Rousseau explains that the origin of the word Economy or OEconomy is derived from *oikos* (a house) and *nomos* (law) and meant originally only the wise and legitimate government of the house for the common good of the whole family. The meaning of the term was then extended to the government of that great family, the State. To distinguish these two senses of the word, the latter is called general or political economy, and the former domestic or particular economy. Rousseau goes on to explain that two senses of the word economy

differ too much in extent to be regulated in the same manner On Political Economy is often required reading for courses in economics philosophy political economy politics government and politics social sciences

The Declaration of the Rights of Women Olympe de Gouges, 2018-03-08 Olympe de Gouges was the most important fighter for women's rights you've never heard of An activist and writer in revolutionary Paris she published The Declaration of the Rights of Women in 1791 and was beheaded two years later her articulate demands for equality proving too much for their time Over one hundred and fifty years later the key statements of her declaration were internationally endorsed by the United Nations in its Declaration on the Elimination of Discrimination Against Women which in turn went on to be legally recognized by nearly every country in the world This volume presents both of these key texts along with enlightening and inspiring commentary from a host of powerful women from Virginia Woolf to Hillary Clinton

Madame de Staël on Politics, Literature, and National Character Madame de Staël (Anne-Louise-Germaine), 1964

Discourse Upon the Origin and the Foundation of the Inequality Among Mankind Jean Jacques Rousseau, 2016-08-09 A strikingly original inquiry into politics and human nature the Discourse presents a theoretical view of people in a pre social condition and the ensuing effects of civilization In his sweeping account of social and political development the author develops a theory of evolution that prefigures Darwinism and encompasses aspects of ethics sociology and epistemology One of the most influential works of the Enlightenment the Discourse on the Origin of Inequality offers both a thought provoking account of society's origins and a keen criticism of unequal political institutions

Madame de Staël on Politics, Literature, and National Character Madame de Staël, 1964
