

The background of the book cover is a detailed illustration of two large, multi-masted sailing ships on a choppy sea. The ships are silhouetted against a bright, hazy sky where the sun is low, creating a golden glow. The water is dark blue with white-capped waves. In the upper left corner, a palm tree branch hangs down. The overall mood is dramatic and historical.

When the Sea Shall Give up Her Dead Tony Morgan, 2010-07-30 WHEN THE SEA SHALL GIVE UP HER DEAD The year is 2012 and Tod Johnson a senior CIA officer receives a call from a man with whom he has not spoken in some twenty years This man is Ari Arad a semi retired officer of the Aman the security arm of the Israeli Army In an atypically urgent voice Ari urges Tod to come to meet with him in Israel the next day There Tod is told a shocking secret which could have disastrous consequences for both Israel and America Exactly what consequences when they will occur and where are completely unknown After several days of fruitless speculation Tod is attempting to return to Boston when his El Al plane is turned around in mid flight and heads back to Tel Aviv As Tod suspects the person behind this in flight maneuver is Ari himself who in a city in the Negev Desert has discovered a cryptic note 17 9 12 Lituya Bay 100 000 000 dead This note

was found beside the body of a man who had access to one of Israel's greatest secrets a secret that Tod and Ari must now assume has been given to someone bent on mass murder The two quickly come to the conclusion that the numbers on the first line of the note represent a date September 17 2012 but the critical questions of who where and how these terrorists intend to kill 100 million people remain unanswered Through a tortuous process of elimination Ari concludes that a 100 year old man living in Beirut the last living senior member of the Nazi holocaust machine may be the individual behind the plot However an elaborate attempt to infiltrate this man's organization fails and the pair are left to continue their speculations They ultimately conclude that the only way the number of deaths indicated in the note could be achieved is through the cataclysmic employment of a vast amount of water billions of tons of water The second half of the book is devoted to the events of the 8 days remaining until the disaster is scheduled to occur The story travels back and forth from Washington to North Africa to Israel to Boston to Spain to the Mediterranean to Beirut to the Canary Islands and back again The cast of characters includes the female President of the United States the Prime Minister of Spain a beautiful and brainy CIA analyst various North African Arabs the Special Forces officer who recently captured Bin Laden former Mossad agents and even Tod's wife Eventually Tod and Ari discover the nature and location of the plot but are they too late to prevent it *Sanitary systems shewing how the dead should be disposed of* Thomas Martin (col.), 1886 The city of God Aurelius Augustinus, 1909 **A Veldt Official** Bertram Mitford, 1895 **A Veldt Official** Bertram Mitford, 2021-04-25 In **A Veldt Official** Bertram Mitford masterfully captures the intricate tapestry of life in the late 19th century South African veldt weaving an engaging narrative that reflects both the beauty and the challenges of colonial existence The novel is characterized by its rich descriptions and vividly drawn characters embodying a literary style that combines elements of adventure romance and social commentary Mitford's work stands as a poignant exploration of the interplay between civilization and wilderness set against the backdrop of a rapidly changing society in a region fraught with political and cultural tensions Bertram Mitford an English author and keen observer of colonial life draws upon his experiences as a settler in South Africa infusing his narrative with authenticity and insight His background in the Royal Artillery and his deep appreciation for the natural world inform his portrayal of the veldt creating a lens through which readers can understand the complexities of colonial relationships and the nuanced dynamics between settlers and indigenous peoples Mitford's own return to England after years in Africa informs the bittersweet reflections embedded within his storyline Readers seeking a vivid depiction of colonial life and the moral dilemmas intertwined within it will find **A Veldt Official** both enlightening and absorbing Mitford's keen observations invite readers to traverse the vast landscapes of South Africa while grappling with themes of duty identity and the nature of civilization itself This novel is a compelling read for those intrigued by the historical complexities of colonial narratives In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual
