SOSICA,2023 *LSD, Spirituality, and the Creative Process* Marlene Dobkin de Rios,Oscar Janiger,2003-04-28 An exploration of how LSD influences imagination and the creative process Based on the results of one of the longest clinical studies of LSD that took place between 1954 and 1962 before LSD was illegal Includes personal reports artwork and poetry from the original sessions as testimony of the impact of LSD on the creative process In 1954 a Los Angeles psychiatrist began experimenting with a then new chemical discovery known as LSD 25 Over an eight year period Dr Oscar Janiger gave LSD 25 to more than 950 men and women ranging in age from 18 to 81 and coming from all walks of life The data collected by the author during those trials and from follow up studies done 40 years later is now available here for the first time along with the authors examination of LSD s ramifications on creativity imagination and spirituality In this book Marlene Dobkin de Rios a medical anthropologist who studied the use of hallucinogens in tribal and third world societies considers the spiritual implications of these findings in comparison with indigenous groups that employ psychoactive substances in their religious ceremonies The book also examines the nature of the creative process as influenced by psychedelics and provides artwork and poetry from the original experiment sessions allowing the reader to personally witness LSD s impact on creativity The studies recounted in *LSD Spirituality and the Creative Process* depict an important moment in the history of consciousness and reveal the psychic unity of humanity *The Pleasure Zone* Stella Resnick,1998-12-01 Discusses the eight core pleasures primal pleasure pain relief the pleasures of play and humor and mental emotional sensual sexual and spiritual pleasure and how they can enrich one s life **Relax. Color** Adult Coloring Books Acb,2017-06-18 Coloring book for adults featuring 3 sections with 20 coloring pages in each total of 60 images geometric designs mandalas celtic designs This 130 page book provides many hours of coloring fun whether you want to relax release stress or go back to when you colored as a kid Image complexity ranges from beginner to advanced colorist This book is great for those who like variety If you like Celtic designs but not too much there s no need to buy a Celtic coloring book or if you re not overly into geometric patterns why buy a whole geometric coloring book Same goes for mandalas No need to buy three separate books when you can get 20 images of each in this one colouring book **Passion**

for Peonies David Michener, Robert B. Grese, 2020-04-21 There's no more breathtaking signal of summer's onset than the blooming of peonies. Stunningly beautiful and relatively easy to grow, peonies are a favorite flower everywhere they can be cultivated and for good reason: the heady fragrances and enchanting colors of a peony-rich display create an immersive experience that has enamored generations of garden lovers across the world. This passion is on full display each June at the historic Peony Garden of the University of Michigan's Nichols Arboretum. Originally planted in 1922, the Nichols Arboretum Peony Garden now boasts North America's largest public collection of heirloom herbaceous peonies. The Peony Garden has become a sacred space for the Ann Arbor community, a not-to-be-missed sensation when it erupts each season as the Ann Arbor Observer once wrote in a riot of color of crimson rose and shell pink intermingled with fluffy pompoms of creamy white. The rather short period of peak bloom, about two fleeting weeks each year, only seems to intensify the garden's appeal, drawing thousands of visitors annually to this spectacular living museum on campus that showcases upwards of 10,000 blossoms. Richly illustrated with hundreds of striking color photos, *Passion for Peonies* collects twenty short essays that celebrate the story of the Nichols Arboretum Peony Garden as well as the rich social history of peony gardening that it is an integral part of. Together, these pieces comprise a love letter both to a magical public space at the University of Michigan and to the broader history and culture of peony gardening. The book will appeal to readers interested in the University of Michigan, the history of public gardens, and of course, peonies. **The Flamingo in the Garden** Colleen J.

Sheehy, 2021-12-12 First published in 1996, *Documents* a wide range of American yard art and distills from it insights into attitudes and values about places, homes, neighborhoods, communities, mediating relationships between culture and nature, negotiate consumer culture and reusing and individualizing mass-produced things. Lost in Plain Sight David

Gerard, 2010-06-10 A single phone call changes Anthony's life forever. Something about Diane's voice is different, distant. Instinctively, he realizes that his wife is in trouble. Something has gone horribly wrong, but what? He retraces her route to a nearby restaurant and witnesses the aftermath of a grisly traffic accident. He soon discovers that it's Diane under the bloody sheet. The trauma of her death triggers his first out-of-body experience and communication with her. It continues to haunt him. He wants to believe the encounter is genuine, but is it? He fears the psychological impact has put him over the edge. Shock and grief take over Anthony's life, setting off paranormal episodes and hallucinations. He is suddenly thrust into timeless worlds that exist just beyond the five senses, yet seem to be an extension of physical reality, and two simple truths hidden in plain sight, so the journey begins. Little does he know where it will take him and how much is at stake. **Early Years**, 1977

Kindergarten and First Grade, 1925 **The Voices of Those Remaining** Christian Discher, 2016-03-10 Fateful circumstances brought Christian to the infamous psychiatric ward in Ueckermünde, East Germany. Locked first in the dark red brick House 12 and later in the dilapidated socialist building 40, coercive treatment, derogatory remarks by staff, and questionable therapies were on the agenda. After returning to freedom, psychologists denied his abilities and pressured him

He fought against their plans for him and a system that forgets its most vulnerable people But he heeded only his confidant s advice Many years later using his diary notes he vividly describes his meetings with people who were treated in Ueckerm nde in different times and political systems One thing united them they had never found a way back into society 18 years later Christian returned to Ueckerm nde for further research and learned that the same doctors were still practicing
