Buonomo, 2024-06-24 It is rare for someone to journey through life without carrying the burden of regret regret for what was wasn't or might have been Perhaps your regret lies in the echoes of unvoiced words Did you withhold the depths of your love leaving it buried within Were you powerless to set the boundaries that could have protected your heart Did your voice falter when you needed to speak up In the quiet corners of our hearts the heavy weight of regret finds its dwelling reminding us of the striking power of unspoken words and unexpressed truths Regardless of the regret or regrets you may harbour have you tried to process that feeling Have you managed to come to terms with it or does it continue to weigh you down Are you stuck in the past unable to truly live in the present because of your regret In *Haunted by Words Left Unspoken* How Speaking Your Truth Can Set Your Past Free Anna Marie Buonomo addresses the topic of regret through a series of letters that are supported by poetry thoughtful prose and quotations from great thinkers Divided into three sections the past the present and the future this book demonstrates how our relationship with ourselves can evolve and grow with time Using her own life experiences as examples Anna challenges her readers to face their regrets and move toward letting go and healing After all if we can face our own truths and release regret we will create space for happiness in the present that will in turn manifest the future we envision

functions of responses to that condition The work mirrors the author s ongoing fascination with the always fraught fragile and creatively fecund confrontation of Jews and others with European modernity its history politics culture and self definition In a time of increasing anxiety and feelings of fragility this work may be helpful in understanding how people at an earlier and sometimes contemporary period sought to come to terms with a similar predicament

Pound's Cantos Declassified Philip Furia, 1990-12-13 By using his Cantos for storing making new and transmitting historical documents Pound was returning the epic to its ancient function as a tribal archive for the luminous details of history that define a culture's past and shape its future So argues this book which does not overlook the poem's brilliant lyrical passages but for the first time focuses on those vast stretches of Pound's epic composed not of literary touchstones but of that most unpoetic of literary forms historical documents Pound's task as epic poet was complicated by the fact that the documents he wished to renew and transmit to his culture were largely unknown often because in his mind they had been suppressed by a widespread conspiracy throughout the ages which he termed the historical black out His Cantos therefore he believed must be a counter conspiracy to rescue vital documents from that black out renew them and then recirculate them to combat the economic and political forces behind the black out Drawing on recent research by numerous scholars Furia traces the arcane documents Pound unearthed from libraries around the world and shows how he transmuted this documentary mass into poetry first by framing passages of prose to highlight their poetic texture and then by weaving these shards and fragments into a collage of intricate structure Among the documents Furia declassifies are Chinese edicts Italian bank charters British factory commission reports Byzantine guild regulations American Presidential papers municipal records judicial writs parliamentary statutes legislative codes contracts deeds mandates treaties diary entries and correspondence by such diverse figures as Lorenzo de Medici Martin Van Buren Napoleon Eleanor of Aquitaine Mustapha Kemal and Kubla Khan Pound's Cantos Declassified traces the poet's struggle to shape the content of the epic poem that absorbed most of his creative life
