Upland Stream Notes On The Fishing Passion:

Upland Stream W. D. Wetherell, 1993-04-01 In an introspective chronicle spanning waters from Yellowstone to Scotland the author contemplates the art of fly fishing and his search for the perfect stream **Astream** Robert DeMott, 2012-06-15 This marvelous collection features stories from some of America's finest and most respected writers about one of the world's most solitary and satisfying sports fly fishing For the first time the stories of thirty-one acclaimed writers including Guy de la Val, ne Jim Harrison Michael Keaton Sydney Lea Ted Leeson Nick Lyons Thomas McGuane Joseph Monninger LeAnne Schreiber and many others come together in one collection Flyfishers and nonflyfishers alike will recognize in these poignant tales the universal aspects of the appreciation of nature the necessity of conservation and the joy and knowledge that come from time spent on freshwater and saltwater This is a delightful handsome volume that captures the allure and spirit of fly fishing and those who love it Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home **Steinbeck's Imaginarium** Robert DeMott, 2022-11-15 In Steinbeck's Imaginarium Robert DeMott delves into the imaginative creative and sometimes neglected aspects of John Steinbeck's writing DeMott positions Steinbeck as a prophetic voice for today as much as he was for the Depression era 1930s as the essays explore the often unknown or unacknowledged elements of Steinbeck's artistic career that deserve closer attention He writes about the determining scientific influences such as quantum physics and ecology in Cannery Row and considers Steinbeck's addiction to writing through the lens of the extensive obsessive full-length journals that he kept while writing three of his best-known novels The Grapes of Wrath The Wayward Bus and East of Eden DeMott insists that these monumental works of fiction all comprise important statements on his creative process and his theory of fiction writing DeMott further blends his personal experience as a lifelong angler with a reading of several neglected fishing episodes in Steinbeck's work Collectively the chapters illuminate John Steinbeck as a fully conscious self-aware literate experimental novelist whose talents will continue to warrant study and admiration for years to come **Angling Days** Robert DeMott, 2016-06-28 From the very first it seems fishing was a respite and a therapy along with all of its other potentially redemptive qualities Robert DeMott Spanning more than forty-five years Angling Days is a collection of Robert DeMott's numerous journal entries each a small essay in itself jotted down during the placid moments of fishing in and along the streams and rivers of North America Through his journaling DeMott carries on the angling tradition of channeling the tranquility of fly fishing into creative endeavors whether by painting sketching fly tying or writing For him it was writing

something he did whenever he could whether in the midst of fishing or during a break away from the water Angling Days is a lifetime of work a chronicle of what it is to be an angler seeking the most pristine waters and the smartest fish It is a collection of entries and musings in the vein of DeMott s literary hero Henry David Thoreau and promises to shine a new light on the art and joy of fly fishing
