## **Urban Vodou Politics And Popular Street Art In Haiti:**

**Urban Vodou** ,2010 The world s media has chronicled Haiti s long history of political instability and social unrest But perhaps more importantly Haitians themselves reacted to the cycle of hope and despair in the form of hundreds of spontaneous street murals Mostly in the capial Port au Prince these colorful and expressive paintings both recorded key events and articulated the hopes and fears of their creators Tragically many of these paintings were among the casualties of the earthquake that struck the island in early 2010

**Politics and Power in Haiti** K. Quinn,P. Sutton,2013-03-20 Examining the political legacies of the Duvalier period and after and revisiting the work of the late David Nicholls Politics and Power in Haiti provides some of the keys to understanding the turbulent world of Haitian politics and the persistent challenges at home and from abroad which have distorted development

**The Negritude Movement** Reiland Rabaka,2015-05-20 The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent idea to invoke this book s intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said s concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois s discourse in The Souls of Black Folk through to post Negritude concepts in Fanon s Black Skin White Masks and The Wretched of the Earth Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century

**Haitian History** Alyssa Goldstein Sepinwall,2013 Despite Haiti s proximity to the United States and its considerable importance to our own history Haiti barely registered in the historic consciousness of most Americans until recently Those who struggled to understand Haiti s suffering in the earthquake of 2010 often spoke of it as the poorest country in the Western hemisphere but could not explain how it came to be so In recent years the amount of scholarship about the island has increased dramatically Whereas once this scholarship was focused on Haiti s political or military leaders now the historiography of Haiti features lively debates and different schools of thought Even as this body of knowledge has developed it has been hard for students to grasp its various strands Haitian History presents the best of the recent articles on Haitian history by both Haitian and foreign scholars moving from colonial Saint Domingue to the aftermath of the 2010 earthquake It will be the go

to one volume introduction to the field of Haitian history helping to explain how the promise of the Haitian Revolution dissipated and presenting the major debates and questions in the field today      **Riding with Death** Jana Evans Braziel, 2017-06-22 On the southern end of the Grand Rue a major thoroughfare that runs through the center of Port au Prince waits the Haitian capital's automobile repair district This veritable junkyard of steel and rubber recycled parts old tires and scrap metal might seem an unlikely foundry for art Yet on the street's opposite end thrives the Grand Rue Galerie a working studio of assembled art and sculptures wrought from the refuse Established by artists André Eugène and Jean Harlé Celeur in the late 1990s the Grand Rue's urban environmental aesthetics defined by motifs of machinic urbanism Vodou bricolage the postprimitivist altermodern and performative politics radically challenge ideas about consumption waste and environmental hazards as well as consider innovative solutions to these problems in the midst of poverty insufficient social welfare lack of access to arts education and basic needs In *Riding with Death* Jana Evans Braziel explores the urban environmental aesthetics of the Grand Rue sculptors and the beautifully constructed sculptures they have designed from salvaged automobile parts rubber tires carved wood and other recycled materials Through first person accounts and fieldwork Braziel constructs an urban ecological framework for understanding these sculptures amid environmental degradation and grinding poverty Above all Braziel presents Haitian artists who live on the most challenged Caribbean island yet who thrive as creators reinventing refuse as art and resisting the abjection of their circumstances      **Historical**

Toussaint Louverture Charles Forsdick, Christian Hogsbjerg, 2017-05-20 In overthrowing me you have done no more than cut down the trunk of the tree of liberty; it will spring back from the roots for they are numerous and deep. Toussaint Louverture, the leader of the only successful slave revolt in history, Toussaint Louverture is seen by many to be one of the greatest anti-imperialist fighters who ever lived. Born into slavery on a Caribbean plantation, he was able to break from his bondage to lead an army of freed African slaves to victory against the professional armies of France, Spain, and Britain in the Haitian Revolution of 1791-1804. In this biography, Louverture's fascinating life is explored through the prism of his radical politics. It champions this black Robespierre whose revolutionary legacy had inspired people and movements in the two centuries since his death. For anyone interested in the roots of modern-day resistance movements and black political radicalism, Louverture's extraordinary life provides the perfect starting point.

**Street Art and Activism in the Greater Caribbean** Jana Evans Braziel, 2022-09-06 Foregrounding street art in the capital cities of Cuba, Haiti, and Puerto Rico, this book argues that Antillean street artists diagnose the impossible state of the arrested present: colonized, occupied, or under dictatorship, while simultaneously imagining liberated futures and fully sovereign states. Jana Evans Braziel launches a comparative study of art, politics, history, urban street cultures, engaged citizenships, and social transformations in three Antillean capital cities: Havana, Cuba; Port-au-Prince, Haiti; and San Juan, Puerto Rico, of the Greater Caribbean. The book includes a photo-documentary archive of street art murals and installations by key muralists in these cities: Yulier Rodriguez Perez, Jerry Rosembert, Moise, and Colectivo Moriviv. Chachi Gonzalez, Colón Raysa Rodríguez García, and Salomé Cortés Braziel offers art historical and geopolitical analyses of the urban street art in their cities of production, underscoring street art as political, economic, and environmental engagements, and not as exclusively aesthetic ones with urban space and street life. The book will be of interest to scholars working in art history, Caribbean studies, Latin American studies, and urban studies.

Artists, Performers, and Black Masculinity in the Haitian Diaspora Jana Evans Braziel, 2008-06-27 Jana Evans Braziel examines how Haitian diaspora writers, performance artists, and musicians address black masculinity through the Haitian Creole concept of *gwo n g s* or big men. She focuses on six artists and their work: writer Dany Laferrière, director Raoul Peck, rap artist Wyclef Jean, artist Jean-Michel Basquiat, drag queen performer and poet Assotto Saint, and queer drag king performer Dr. D. A. K. A. Mildred Gerestant. For Braziel, these individuals confront the gendered, sexualized, and racialized boundaries of America's diaspora communities and openly resist domestic imperialism that targets immigrants, minorities, women, gays, and queers. This is a groundbreaking study at the intersections of gender and sexuality with race, ethnicity,

nationality and diaspora      **Caribbean and Latinx Street Art in Miami** Jana Evans Braziel, 2024-02-29 This study focuses on street art and large scale murals in metropolitan Miami Dade County while also foregrounding the diasporic and aesthetic interventions made by migrant and second generation artists whose families hail from the Caribbean and Latin America Jana Evans Braziel argues that Caribbean and Latinx street artists define and visually mark the city of Miami as a diasporic transnational urban space These artists also help define Miami as a cosmopolitan city yet one that is also a distinctly Caribbean and Latinx urban space and simultaneously resist but also at times reluctantly participate in the forces of gentrification and urban re development particularly through the myriad and complex ways in which street art contributes to city branding and art tourism The book will be of interest to scholars working in art history urban studies American studies and Latin American Caribbean studies      **Spirited Things** Paul Christopher Johnson, 2014-05-07 The word possession is anything but transparent especially as it developed in the context of the African Americas There it referred variously to spirits material goods and people It served as a watershed term marking both transactions in which people were made into things via slavery and ritual events by which the thingification of people was revised In Spirited Things Paul Christopher Johnson gathers together essays by leading anthropologists in the Americas that reopen the concept of possession on these two fronts in order to examine the relationship between African religions in the Atlantic and the economies that have historically shaped and continue to shape the cultures that practice them Exploring the way spirit possessions were framed both by material things including plantations the Catholic church the sea and the phonograph as well as by the legacy of slavery they offer a powerful new way of understanding the Atlantic world      **Port-au-Prince Travel Guide** Daniel Windsor, 2025-08-01 Port au Prince the vibrant capital of Haiti is a city steeped in history culture and resilience As the heart of the nation it serves as a focal point for understanding the complexities and nuances of Haitian life This travel guide aims to provide an in depth exploration of Port au Prince highlighting its unique characteristics attractions and the rich tapestry of experiences it offers to visitors Haiti often misunderstood and misrepresented has a story that is both tragic and inspiring The capital city Port au Prince embodies this duality From its bustling markets and lively streets to its historical landmarks and artistic expressions the city is a microcosm of the broader Haitian experience This guide will delve into the various aspects of Port au Prince offering insights into its geography culture and the everyday lives of its inhabitants Traveling to Port au Prince is not merely a journey to a destination it is an opportunity to engage with a community that has faced numerous challenges yet continues to thrive The city is a testament to the resilience of its people who have rebuilt and redefined their lives in the face of adversity Visitors will find that the warmth and hospitality of the locals are among the most rewarding aspects of their journey Throughout this guide readers will discover detailed information about the city s attractions including historical sites cultural institutions and natural beauty The vibrant art scene characterized by colorful murals and expressive sculptures reflects the spirit of the Haitian people and their rich cultural heritage Additionally the

The book also includes a comprehensive bibliography of Danticat's work and key works of secondary criticism and an interview with the author, as well as essays by Danticat herself. **Vodou Nation** Michael Largey, 2006-05. While the Haitian musical tradition is probably best known for the Vodou-inspired roots music that helped topple the two-generation Duvalier dictatorship, the nation's troubled history of civil unrest and its tangled relationship with the United States is more intensely experienced through its art music, which combines French and German elements of classical music with Haiti's indigenous folk music. *Vodou Nation* examines art

music by Haitian and African American composers who were inspired by Haiti's history as a nation created by slave revolt. Around the time of the United States's occupation of Haiti in 1915, African American composers began to incorporate Vodou-inspired musical idioms to showcase black artistry and protest white oppression. Together with Haitian musicians, these composers helped create what Michael Largey calls the Vodou Nation, an ideal vision of Haiti that championed its African-based culture as a bulwark against America's imperialism. Highlighting the contributions of many Haitian and African American composers who wrote music that brought rhythms and melodies of the Vodou ceremony to local and international audiences, Vodou Nation sheds light on a black cosmopolitan musical tradition that was deeply rooted in Haitian culture and politics.

**Gatherings In Diaspora** Stephen Warner, Judith G. Wittner, 1998-04-23. *Gatherings in Diaspora* brings together the latest chapters in the long-running chronicle of religion and immigration in the American experience. Today, as in the past, people migrating to the United States bring their religions with them, and their religious identities often mean more to them away from home in their diaspora than they did before. This book explores and analyzes the diverse religious communities of post-1965 diasporas: Christians, Jews, Muslims, Hindus, Rastafarians, and practitioners of Vodou from countries such as China, Guatemala, Haiti, India, Iran, Jamaica, Korea, and Mexico. The contributors explore how, to a greater or lesser extent, immigrants and their offspring adapt their religious institutions to American conditions, often interacting with religious communities already established. The religious institutions they build adapt, remodel, and adopt, becoming worlds unto themselves, congregations where new relations are forged within the community between men and women, parents and children, recent arrivals and those longer settled.

**Island Futures** Mimi Sheller, 2020-10-16. In *Island Futures*, Mimi Sheller delves into the ecological crises and reconstruction challenges affecting the entire Caribbean region during a time of climate catastrophe. Drawing on fieldwork on post-earthquake reconstruction in Haiti, flooding on the Haitian-Dominican border, and recent hurricanes, Sheller shows how ecological vulnerability and the quest for a just recovery in the Caribbean emerge from specific transnational political, economic, and cultural dynamics. Because foreigners are largely ignorant of Haiti's political, cultural, and economic contexts, especially the historical role of the United States, their efforts to help often exacerbate inequities. Caribbean survival under ever-worsening environmental and political conditions, Sheller contends, demands radical alternatives to the pervasive neocolonialism, racial capitalism, and US military domination that have perpetuated what she calls the coloniality of climate. Sheller insists that alternative projects for Haitian reconstruction, social justice, and climate resilience, and the sustainability of the entire region, must be grounded in radical Caribbean intellectual traditions that call for deeper transformations of transnational economies, ecologies, and human relations.
