Afghanistan and Its Neighbors after the NATO Withdrawal Kirill Nourzhanov,Amin Saikal,2016-03-04 The planned reductions in NATO troop numbers in Afghanistan through 2015 and a final withdrawal at the end of 2016 brings up numerous pressing questions about the security and national interests of not just Afghanistan but of the broader region itself The problem of a chaotic Afghanistan or of an outright Taliban victory is of great concern to not only immediate neighbors such as Iran Pakistan and the former Soviet Central Asian republics to the north but also to those countries in the region with Afghanistan related security or economic concerns such as China and India Further abroad Russian American and European interests and plans for dealing with the fallout from Afghanistan must also be taken into account as these major powers have enduring interests in Afghanistan and the region This volume puts the prospects for short and mid term security dynamics at the core of the analysis with each case being placed in its proper contemporary historical economic and political context The book will offer a truly comprehensive nuanced and timely account of the security situation in and around Afghanistan

Pakistan's National Security Approach and Post-Cold War Security Arshad Ali,2021-03-30 This book analyzes the paradox that despite being a national security state Pakistan has become even more insecure in the post Cold War era It provides an in depth analysis of Pakistan s foreign and security policies and their implications for the overall state and society The book identifies the immediate security challenges to Pakistan and charts the distinctive evolution of Pakistan s national security state in which the military elite became the dominant actor in the political sphere of government during and after the Cold War period By examining the national security state militarization democracy and security proxy wars and the hyper military industrial complex the author illustrates how the vanguard role of the military created considerable structural sociopolitical economic and security problems in Pakistan Furthermore the author argues that the mismatch between Pakistan s national security stance and the transformed security environment has been facilitated and sustained by the embedded interests of the country s military industrial complex A critical evaluation of the role of the military in the political affairs of the government and how it has created structural problems for Pakistan this book will be of interest to academics in the field of South Asian Politics and Security South Asian Foreign and Security Policy International Relations Asian Security and Cold War Studies

Iran at the Crossroads Amin Saikal,2015-10-29 Iran stands at a critical juncture in its history In the era of Presidents Hassan

Rouhani and Barack Obama the Islamic Republic has a unique opportunity to regain its traditional greatness as a cradle of rich civilisation and culture with a capacity to be a very influential and stabilising regional actor In this incisive analysis Amin Saikal a leading expert on Iranian politics traces Iran s transition from pro Western monarchy to Islamic Republic and explores the choices open to Rouhani s moderate reformist government The Islamic Republic has endured a difficult journey throughout its existence But since Khomeini assumed power in 1979 it has been characterised by a degree of exceptionalism which has seen Iran lock horns with the United States and prove itself an effective and shrewdly calculating player on the international stage Looking to the future Saikal does not shy away from confronting the difficult choices facing Iran today Failure to achieve reconciliation with the United States in the coming years he argues will not only have serious implications for Iran s internal stability and for the future security of the Middle East but also for America s position within this volatile and unpredictable region

How to Lose a War Amin Saikal, 2024-06-04 An incisive authoritative account of the West s failures in Afghanistan from 9 11 to the fall of Kabul In 1958 Richard Nixon described Afghanistan as unconquerable On 15th August 2021 he was proven right After twenty years of intervention US and NATO forces retreated enabling the Taliban to return to power Tens of thousands were killed in the long unwinnable war and millions more were displaced leaving the future of Afghanistan hanging in the balance Leading expert Amin Saikal traces the full story of America s intervention from 9 11 to the present crisis After an initial swift military strike the US became embroiled in a drawn out struggle to change Afghanistan but failed to achieve its aims Saikal shows how this failure was underlined by protracted attempts to capture Osama bin Laden an inability to secure a viable government via democracy promotion efforts and lack of wider strategy in the war on terror How to Lose a War offers an insightful account of one of the US s most significant foreign policy failures and considers its dire consequences for the people of Afghanistan

Iran Rising Amin

Saikal,2019-02-05 An authoritative account of how and why the Islamic Republic has survived to become a critical player in the Middle East and the world When Iranians overthrew their monarchy rejecting a pro Western shah in favor of an Islamic regime many observers predicted that revolutionary turmoil would paralyze the country for decades to come Yet forty years after the 1978 79 revolution Iran has emerged as a critical player in the Middle East and the wider world as demonstrated in part by the 2015 international nuclear agreement In Iran Rising renowned Iran specialist Amin Saikal describes how the country has managed to survive despite ongoing domestic struggles Western sanctions and countless other serious challenges Saikal explores Iran s recent history beginning with the revolution which set in motion a number of developments including war with Iraq precarious relations with Arab neighbors and hostilities with Israel and the United States He highlights the regime s agility as it navigated a complex relationship with Afghanistan during the Soviet invasion survived the Gulf wars and handled fallout from the Iraqi and Syrian crises Such success Saikal maintains stems from a distinctive political order comprising both a supreme Islamic leader and an elected president and national assembly which can fuse religious and nationalist assertiveness with pragmatic policy actions at home and abroad But Iran s accomplishments including its nuclear development and ability to fight ISIS have cost its people who are desperately pressuring the ruling clerics for economic and social reforms changes that might in turn influence the country s foreign policy Amid heightened global anxiety over alliances terrorism and nuclear threats Iran Rising offers essential reading for understanding a country that more than ever is a force to watch

America in Afghanistan Sharifullah Dorani,2019-01-24 Afghanistan has been a theatre of civil and international conflict for much of the twentieth century stability is essential if there is to be peace in the Greater Middle East Yet policy makers in the West often seem to forget the lessons learned from previous administrations whose interventions have contributed to the instability in the region Here Sharifullah Dorani focuses on the process of decision making looking at which factors influenced American policy makers in the build up to its longest war the Afghanistan War and how reactions on the ground in Afghanistan have influenced events since then *America in Afghanistan* is a new full history of US foreign policy toward Afghanistan from Bush s War on Terror to Obama s war of Countering Violent Extremism to Trump s war against Radical Islamic Terrorism Dorani is fluent in Pashto and Dari and uses unique and unseen Afghan source work published here for the first time to understand the people in Afghanistan itself and to answer their unanswered questions about real US Afghan goals the reasons for US failures in Afghanistan especially its inability to improve governance and stop Pakistan Iran and Russia from supporting the insurgency in Afghanistan and the reasons for the bewildering changes in US Afghan policy over the course of 16 and a half years To that end the author also assesses Presidents Karzai and Ghani s responses to Bush Obama and Trump s policies in Afghanistan and the region In addition the book covers the role Afghanistan s neighbours Russia Iran India and especially Pakistan played in America s Afghanistan War This will be an essential book for those interested in the future of the region and those who seek to understand its recent

confounded long time observers of the region in both the media and academia After addressing the conditions in the Middle East and North Africa that produced these attempts at revolution Amin Saikal and Amitav Acharya explore the global impact of the protests both in terms of their ideological influence on opposition groups and the prospects for democratic transition in a variety of authoritarian and semi authoritarian governments Democracy and Reform in the Middle East and Asia commences with a comprehensive attempt to understand the cultural economic and political background out of which the uprisings in Egypt Tunisia and Libya emerged It then expands outwards investigating the impact of the Arab uprisings on a regional level in other Middle Eastern and north African states such as Iran Morocco and Algeria and on a more global level in the Asian states of China Malaysia Singapore Indonesia and the former Soviet Muslim republics Saikal and Acharya bring a global perspective to the still unfolding wave of calls for more meaningful political participation which continues to make itself felt in the Middle East to shed light upon the ideal role of both regional and international actors in promoting sustainable transitions from authoritarianism to democracy This book not only offers explanations for why certain countries were more susceptible to the spread of the uprisings in the Middle East and North Africa but also contrasts the organic and grassroots vehicles for democratization characteristic of the most recent Arab uprisings with the Western model of externally imposed regime change to illustrate the conditions necessary for a successful democratic transition Touching on perennial issues in politics for example democracy authoritarian rule and social protest this book is vital for researchers of politics and international relations

Cascades of Violence John Braithwaite, Bina D'Costa, 2018-02-01 As in the cascading of water violence and nonviolence can cascade down from commanding heights of power as in waterfalls up from powerless peripheries and can undulate to spread horizontally flowing from one space to another As with containing water conflict cannot be contained without asking crucial questions about which variables might cause it to cascade from the top down bottom up and from the middle out The book shows how violence cascades from state to state Empirical research has shown that nations with a neighbor at war are more likely to have a civil war themselves Sambanis 2001 More importantly in the analysis of this book war cascades from hot spot to hot spot within and between states Autesserre 2010 2014 The key to understanding cascades of hot spots is in the interaction between local and macro cleavages and alliances Kalyvas 2006 The analysis exposes the folly of asking single level policy questions like do the benefits and costs of a regime change in Iraq justify an invasion We must also ask what other violence might cascade from an invasion of Iraq The cascades concept is widespread in the physical and biological sciences with cascades in geology particle physics and the globalization of contagion The past two decades has seen prominent and powerful applications of the cascades idea to the social sciences

Sunstein 1997 Gladwell 2000 Sikkink 2011 In his discussion of ethnic violence James Rosenau 1990 stressed that the image of turbulence developed by mathematicians and physicists could provide an important basis for understanding the idea of bifurcation and related ideas of complexity chaos and turbulence in complex systems He classified the bifurcated systems in contemporary world politics as the multicentric system and the statecentric system Each of these affects the others in multiple ways at multiple levels and in ways that make events enormously hard to predict Rosenau 1990 2006 He replaced the idea of events with cascades to describe the event structures that gather momentum stall reverse course and resume anew as their repercussions spread among whole systems and subsystems 1990 299 Through a detailed analysis of case studies in South Asia that built on John Braithwaite's twenty five year project Peacebuilding Compared and coding of conflicts in different parts of the globe we expand Rosenau's concept of global turbulence and images of cascades In the cascades of violence in South Asia we demonstrate how micro events such as localized riots land grabbing pervasive militarization and attempts to assassinate political leaders are linked to large scale macro events of global politics We argue in order to prevent future conflicts there is a need to understand the relationships between history structures and agency interest values and politics global and local factors and alliances

Iran in the World Shahram Akbarzadeh, Dara Conduit, 2016-04-08 This book evaluates President Hassan Rouhani's foreign policy during his first two years in office looking at the case studies of Armenia Azerbaijan the UAE Turkey and Syria as well as the Iran US relationship President Rouhani came to power in Iran in 2013 promising to reform the country's long contentious foreign policy His top priorities were rehabilitating the Iranian economy ending the nuclear dispute rebuilding relations with the US and mending ties with Iran's neighbors It is argued here that while President Rouhani has made progress in the Iran US relationship in nuclear negotiations and some bilateral relationships his broader success has been hampered by regional political developments and domestic competition Further it is contended that his future success will be guided by emerging regional tensions including whether Iran's neighbors will accept the terms of the nuclear agreement

Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
