

The background of the book cover is a vibrant, abstract composition. It features several colorful pills in shades of red, orange, yellow, and green, some of which are whole and others are broken. Interspersed among the pills are glowing, multi-colored DNA double helix structures. The overall color palette is dominated by deep blues and purples, which serve as a backdrop for the more saturated colors of the pills and DNA. The lighting is dramatic, with highlights and shadows that give the pills and DNA a three-dimensional appearance.
