changes the 00 4223 supplement was either merged or appended to the end of the appropriate sections within the manual. However, it is also important to note with regard to any maintenance and repair instructions and also the specifications in the General Data GD section that whenever engine numbers are stated, the data will be specific to that particular series. Therefore, the reader is encouraged to pay close attention to any engine number notations and to read the entire section plus the supplemental data prior to commencing any work. In conclusion, 750cc T150 and T150V owners are subjected to considerable confusion surrounding the appropriate selection of the multitude of originals and reprints of the various 750cc Trident manuals that have recently flooded the marketplace. However, the combination manual 99 0963 99 0887 00 4223 is the most comprehensive manual for the entire line of 750cc Trident three cylinder motorcycles produced from 1968 through 1974; however, it is somewhat scarce and difficult to find. In addition, many of the changes made during the production run necessitate the use of this combination manual, and we are pleased to offer this reprint of the 99 0843 99 0948 00 4223 manual as a service to all 750cc T150 T150V owners. In addition, as the X75 Hurricane is a combination of both the Trident and the BSA Rocket 3, this manual will also be of interest to owners of that model. The models covered are 1968 to 1970 T150 Trident, 1971 to 1972 T150 Trident, 1972 to 1974 T150V Trident with 5 speed gearbox and disc front brake. *Triumph Tr2, Tr3 and Tr4 1953-1965 Owners Workshop Manual*.
