Unpacking My Library Marcel Proust, 2017-01-01 A captivating tour of the bookshelves of ten leading artists exploring the intricate connections between reading artistic practice and identity Taking its inspiration from Walter Benjamin's seminal 1931 essay the *Unpacking My Library* series charts a spirited exploration of the reading and book collecting practices of today's leading thinkers *Artists and Their Books* showcases the personal libraries of ten important contemporary artists based in the United States Mark Dion Theaster Gates Wangechi Mutu Ed Ruscha and Carrie Mae Weems Canada Janet Cardiff and George Bures Miller and the United Kingdom Billy Childish Tracey Emin and Martin Parr Through engaging interviews the artists discuss the necessity of reading and the meaning of books in their lives and careers This is a book about books but it even more importantly highlights the role of literature in shaping an artist's self

presentation and persona Photographs of each artist's bookshelves present an evocative glimpse of personal taste of well loved and rare volumes and of the individual touches that make a bookshelf one's own The interviews are accompanied by top ten reading lists assembled by each artist an introduction by Jo Steffens and Marcel Proust's seminal essay On Reading

Collecting, Curating, and Researching Writers' Libraries Richard W. Oram, 2014-05-21 Academic collection practices in recent years have extended to the private libraries of notable individual authors As a consequence book historians have become more interested in the study of provenance of the contents of these libraries while literary scholars have devoted more attention to authorial annotations At the same time the Internet has encouraged both scholarly and hobbyist reconstructions of private libraries see for example the Legacy Libraries on Librarything.com Although there are many bibliographies and reconstructions of the libraries of authors this is the first general consideration of these libraries and serves as an introduction to best practices for academic libraries in their acquisition cataloging and issues of access This collection begins with principal editor Richard Oram's historical overview of writers' libraries and institutional collecting focusing primarily on English language authors The co editor Joseph Nicholson has provided a definitive review of best cataloging and arrangement practices that facilitate scholarly access The bookseller Kevin Mac Donnell discusses the marketing of these collections and obstacles to placing intact author libraries in institutions Also included are case studies by Amanda Golden and David Faulds relating to the personal libraries of the poets Anne Sexton and Ted Hughes indicating how these collections have the potential to enhance archival research Fiction writers Iain Sinclair Russell Banks Jim Crace poet Ted Kooser and biographer Ron Powers describe their sometimes passionate relationship with books and their own personal libraries The concluding chapter a location guide to over 500 individual libraries will be invaluable to scholars and librarians who want to know where writers' libraries are currently located what happened to them if they are known to have been sold or dispersed and what has been written about them [Unpacking the Personal Library](#) Jason Camlot, J.A.

Weingarten, 2022-07-01 *Unpacking the Personal Library* The Public and Private Life of Books is an edited collection of essays that ponders the cultural meaning and significance of private book collections in relation to public libraries Contributors explore libraries at particular moments in their history across a wide range of cases and includes Alberto Manguel's account of the Library of Alexandria as well as chapters on library collecting in the middle ages the libraries of prime ministers and foreign embassies protest libraries and the slow transformation of university libraries and the stories of the personal libraries of Virginia Woolf Robert Duncan Sheila Watson Al Purdy and others The book shows how the history of the library is really a history of collection consolidation migration dispersal and integration where each story negotiates private and public spaces *Unpacking the Personal Library* builds on and interrogates theories and approaches from library and archive studies the history of the book reading authorship and publishing Collectively the chapters articulate a critical poetics of the personal library within its extended social aesthetic and cultural contexts *Libraries in Literature* Alice Crawford, Robert

Paratexts and Performance in the Novels of Junot Díaz and Sandra Cisneros

Ellen McCracken, 2016-04-30 Part of a new phase of post 1960s U S Latino literature The Brief Wondrous Life of Oscar Wao by Junot Díaz and Caramelo by Sandra Cisneros both engage in unique networks of paratexts that center on the performance of latinidad Here Ellen McCracken re envisions Gérard Genette's paratexts for the present day arguing that the Internet increases the range authorship and reach of the paratextual portals and that they constitute a key element of the creative process of Latino literary production in 21st century America This smart and useful book examines how both novelists interact with the interplay of populist and hegemonic multiculturalism and allows new points of entry into these novels

What We Talk About When We Talk About Books Leah Price, 2019-08-20 Reports of the death of reading are greatly exaggerated Do you worry that you've lost patience for anything longer than a tweet If so you're not alone Digital age pundits warn that as our appetite for books dwindles so too do the virtues in which printed bound objects once trained us the willpower to focus on a sustained argument the curiosity to look beyond the day's news the willingness to be alone The shelves of the world's great libraries though tell a more complicated story Examining the wear and tear on the books that they contain English professor Leah Price finds scant evidence that a golden age of reading ever existed From the dawn of mass literacy to the invention of the paperback most readers already skimmed and multitasked Print era doctors even forbade the very same silent absorption now recommended as a cure for electronic addictions The evidence that books are dying proves even scarcer In encounters with librarians booksellers and activists who are reinventing old ways of reading Price offers fresh hope to bibliophiles and literature lovers alike Winner of the Phi Beta Kappa Christian Gauss Award 2020

Romanticism, Self-Canonization, and the Business of Poetry Michael Gamer, 2017-02-17 This is the first book to examine how Romantic writers transformed poetic collections to reach new audiences In a series of case studies Michael Gamer shows Romantic poets to be fundamentally social authors working closely with booksellers intimately involved in literary production and resolutely concerned with current readers even as they presented themselves as disinterested artists writing for posterity Exploding the myth of Romantic poets as naive unworldly or unconcerned with the practical aspects of literary production this study shows them instead to be engaged with intellectual property profit and loss and the power of reprinting to reshape literary reputation Gamer offers a fresh perspective on how we think about poetic revision placing it between aesthetic and economic registers and foregrounding the centrality of poetic collections rather than individual poems to the construction of literary careers

The Groaning Shelf Pradeep Sebastian,2012-03-12 Notes from a bibliophile on the lure of rare and first editions the beauty of dust jackets the thrill of browsing in antiquarian bookshops the bibliomania of book thieves movies about books and the inner life of a reader The Groaning Shelf is not so much a book about books as a book about books about books These little essays capture the drama of bookish obsession the joys and snares of the bookish life and the pleasures of bibliophily

American Pulp Paula Rabinowitz, 2016-09-06 A richly illustrated cultural history of the midcentury pulp paperback. There is real hope for a culture that makes it as easy to buy a book as it does a pack of cigarettes. A civic leader quoted in a New American Library ad 1951. *American Pulp* tells the story of the midcentury golden age of pulp paperbacks and how they brought modernism to Main Street, democratized literature and ideas, spurred social mobility and helped readers fashion new identities. Drawing on extensive original research, Paula Rabinowitz unearths the far-reaching political, social and aesthetic impact of the pulps between the late 1930s and early 1960s. Published in vast numbers of titles available everywhere and sometimes selling in the millions, pulps were throwaway objects accessible to anyone with a quarter. Conventionally associated with romance, crime and science fiction, the pulps in fact came in every genre and subject. *American Pulp* tells how these books ingeniously repackaged highbrow fiction and nonfiction for a mass audience, drawing in readers of every kind with promises of entertainment, enlightenment and titillation. Focusing on important episodes in pulp history, Rabinowitz looks at the wide-ranging effects of free paperbacks distributed to World War II servicemen and women, how pulps prompted important censorship and First Amendment cases, how some gay women read pulp lesbian novels as how-to dress manuals, the unlikely appearance in pulp science fiction of early representations of the Holocaust, how writers and artists appropriated pulp as a literary and visual style and much more. Examining their often lurid packaging as well as their content, *American Pulp* is richly illustrated with reproductions of dozens of pulp paperback covers, many in color. A fascinating cultural history, *American Pulp* will change the way we look at these ephemeral yet enduringly intriguing books. *Telling Tales* Kylie Cardell, Kate Douglas, 2017-08-10 Young writers have historically played a pivotal role in shaping autobiographical genres, and this continues into the graphic and digital texts which characterise contemporary life writing. This volume offers a selection of pertinent case studies which illuminate some of the core themes which have come to characterise autobiographical writings of childhood, including cultural and identity representations and tensions coming into knowledge and education, sexuality, prejudice, war and trauma. The book also reveals preoccupations with the cultural forms of autobiographical writings of childhood and youth, taking engaging in discussions of archives, graphic texts, digital forms, testimony, didacticism in autobiography and the anthologising of life writing. This collection will open up broader conversations about the scope of life writing about childhood and youth and the importance of life writing genres in prompting dialogues about literary cultures and coming of age. This book was originally published as a special issue of *Prose Studies*. [Reading Junot Díaz](#) Christopher González, 2015-12-19 Dominican American author and Pulitzer Prize winner Junot Díaz has gained international fame for his blended cross-cultural fiction. *Reading Junot Díaz* is the first study to focus on his complete body of published works. It explores the totality of his work and provides a concise view of the interconnected and multilayered narrative that weaves throughout Díaz's writings. Christopher Gonzalez analyzes both the formal and thematic features and discusses the work in the context of speculative and global fiction as well as Caribbean and Latino culture and

language Topics such as race masculinity migration and Afro Latinidad are examined in depth Gonzalez provides a synthesis of the prevailing critical studies of Diaz and offers many new insights into his work
