Wright,2017-09 *The Unwelcome Child* Terese Pampellonne,2012-03-01 Bundle Of Evil The old Victorian home stands at the top of a hill overlooking Martha s Vineyard nestled in a forest of green pines and a rainbow of wildflowers just a stone s throw away from the beach It was Jan Hostetter s dream to convert the three story house into a bed and breakfast but she gladly surrenders that dream when a miracle occurs she becomes pregnant For years doctors told Jan she was incapable of conceiving but now she and her husband have

been doubly blessed with a child on the way and the perfect place to raise a family Annie Wojtoko is in Martha's Vineyard to help out and share in Jan's happiness but as the due date draws nearer Annie's concern for her best friend grows The pregnancy has left Jan frail and without an appetite She has become superstitious covering every mirror in her home and refusing to leave under any circumstances fearing her baby will die if she does And as Annie learns the violent history of the house she comes to realize that what is growing in Jan's body isn't a miracle at all but a mother's most terrifying nightmare Sharp and smart impossible to put down *The Unwelcome Child* is a genuine chiller of a ghost story Tamara Thorne *The Story of Abortion in America* Marvin Olasky, Leah Savas, 2022-12-28 Tracing the History of Abortion in America by Looking beyond the Laws to the Dramatic Stories and Colorful Personalities of the People They Touched Fifty years ago the Roe v Wade Supreme Court decision to legalize abortion on demand sparked nationwide tensions that continue to this day In the decades since that ruling abortion opponents and proponents have descended on the Capitol each year for marches and protests But this story didn't begin with the Supreme Court in the 1970s arguments about abortion have been a part of American history since the 17th century So how did we get here *The Story of Abortion in America* traces the long cultural history of this pressing issue from 1652 to today focusing on the street level activities of those drawn into the battles willingly or unwillingly Authors Marvin Olasky and Leah Savas show complex lives on both sides Some sacrificed much to help the poor and others sacrificed the helpless to empower themselves *The Story of Abortion in America* argues that whatever happens legally won't end the debate but it will affect lives A Fair Survey of the History of the Debate Opening with a foreword by renowned social conservative thinker Robert P George this book explores historic cases and key cultural moments from 1652 to 2022 Examines 5 Selling Points Used by Each Side in Different Eras Anatomy Bible Community Danger and Enforcement Chronicles the History of Abortion through Personal Narratives Includes the memorable stories of Isaac Hathaway Susan Warren Elizabeth Lumbrozo John McDowell Hugh Hodge Madame Restell Augustus St Clair Inez Burns Robert Dickinson Sherri Finkbine Henry Hyde John Piper Lila Rose Terrisa Bukovinac Mark Lee Dickson and many others Written for a Diverse Audience While particularly useful for Christians who want to understand the history of abortion and its impact on American politics and culture the book speaks to anyone who cares about abortion *Globalizing Feminist Bioethics* Rosemarie Putnam Tong, 2018-03-08 *Globalizing Feminist Bioethics* is a collection of new essays on the topic of international bioethics that developed out of the Third World Congress of the International Association of Bioethics in 1996 Rosemarie Tong is the primary editor of this collection in which she Gwen Anderson and Aida Santos look at such international issues as female genital cutting fatal daughter syndrome use of reproductive technologies male responsibility pediatrics breast cancer pregnancy and drug testing **Mothers and Daughters in Nineteenth-Century America** Nancy M. Theriot, 2021-05-11 The feminine script of early nineteenth century centered on women's role as patient long suffering mothers By mid century however their daughters faced a world very different in social and economic options and in the

physical experiences surrounding their bodies In this groundbreaking study Nancy Theriot turns to social and medical history developmental psychology and feminist theory to explain the fundamental shift in women s concepts of femininity and gender identity during the course of the century from an ideal suffering womanhood to emphasis on female control of physical self Theriot s first chapter proposes a methodological shift that expands the interdisciplinary horizons of women s history She argues that social psychological theories recent work in literary criticism and new philosophical work on subjectivities can provide helpful lenses for viewing mothers and children and for connecting socioeconomic change and ideological change She recommends that women s historians take bolder steps to historicize the female body by making use of the theoretical insights of feminist philosophers literary critics and anthropologists Within this methodological perspective Theriot reads medical texts and woman authored advice literature and autobiographies She relates the early nineteenth century notion of true womanhood to the socioeconomic and somatic realities of middle class women s lives particularly to their experience of the new male obstetrics The generation of women born early in the century in a close mother daughter world taught their daughters the feminine script by word and action Their daughters however the first generation to benefit greatly from professional medicine had less reason than their mothers to associate womanhood with pain and suffering The new concept of femininity they created incorporated maternal teaching but altered it to make meaningful their own very different experience This provocative study applies interdisciplinary methodology to new and long standing questions in women s history and invites women s historians to explore alternative explanatory frameworks

Behind the Silence Jing-Bao Nie, 2005-10-06 Behind the Silence is the first in depth work in any language to explore the diverse perspectives of mainland Chinese regarding induced abortion and fetal life in the context of the world s most ambitious and intrusive family planning program Bringing to light the range of Chinese views and experiences Nie Jing Bao draws on extensive primary sources and intensive fieldwork including surveys by and interviews with hundreds of rural urban and overseas Chinese Nie s exploration of the multi layered meanings of public silence official pronouncements forgotten controversies from the Imperial era public and private consensus and disagreement women s personal stories and doctors narratives provides compelling evidence on the remarkably varied sometimes critical and often tormented voices of the Chinese people Revealing a surprising range of beliefs and feelings concerning the morality of abortion and fetal life the book nevertheless finds widespread acceptance of national population policies It also examines the personal anguish and complex socio cultural and ethical issues entwined with coerced abortion essential to enforce birth control policies In addition the author argues the abortion issue illustrates the importance of taking seriously China s internal plurality if Westerners and Chinese are to develop a fruitful cross cultural dialogue
