## **Us Vs Them Conservatism In The Age Of Nuclear Terror:**

U.S. Vs. Them J. Peter Scoblic, 2008 Evaluates the formidable consequences of the Bush administration's conservative foreign policy on national security tracing the path of conservatism throughout the past half century while making sobering predictions about the nation's vulnerability to nuclear terrorism

**U. S. Vs. Them** J. Peter Scoblic, 2009-03 Scoblic looks at how American foreign policy has been formed by conservative ideals and argues that the Bush administration's stance poses a catastrophic threat to the nation's future

*U.S. vs. Them* J. Peter Scoblic, 2008-04-17 A challenging clear-eyed and authoritative history of American conservatism and its grave effect on our country's foreign policy In this compelling and sometimes alarming analysis J Peter Scoblic executive editor of *The New Republic* traces the history of American foreign policy and how it has evolved from the Cold War conservatism of the 1950s to today The belligerence intransigence and disinclination for diplomacy that mars the right wing once brought us to the brink of nuclear war with the Soviet Union More recently it has failed to meet the post 9 11 challenges posed by Iraq Iran and North Korea Scoblic argues forcefully that the only way to face these new threats practically and seriously is by adopting an approach exactly opposite to that suggested by conservatism By diagnosing the origins of Bush's foreign policy *U S vs Them* illuminates the path to renewed American leadership in the twenty first century as the most serious danger ever faced looms before us nuclear terrorism

*Us versus Them, Second Edition* Douglas Little, 2022-08-02 Acclaimed historian of U S Middle East foreign relations Douglas Little examines how American presidents policy makers and diplomats dealt with the rise of Islamic extremism in the modern era Focusing on White House decision making from George H W Bush to Barack Obama Little traces the transformation of the Cold War era Red Threat into the Green Threat of radical Islam Analyzing key episodes from the 1991 Persian Gulf War and Bill Clinton's mishandling of the Oslo peace process through the 9 11 attacks George W Bush's decision to invade Iraq and the showdown with ISIS Little shows how the threat posed by Islamic others shaped the Middle Eastern policies of both Democratic and Republican presidents This second edition includes a new afterword that carries the story through the Trump administration and into the Biden presidency focusing particularly on Afghanistan a major trouble spot in the Muslim world that will command global attention for many years to come

Persuasion in Society Jean G. Jones, Herbert W. Simons, 2017-04-07 *Persuasion in Society* Third Edition introduces readers to the rich tapestry of persuasive technique and scholarship interweaving rhetorical critical theory and social science traditions This text examines current and classical theory through the lens of contemporary culture encouraging readers to explore the nature of persuasion and to understand its impact in their lives Employing a contemporary approach authors Jean G Jones and Herbert W Simons draw from popular culture mass media and social media to help readers become informed creators and consumers of persuasive messages This introductory persuasion text offers A broad based approach to the scope of persuasion expanding students understanding of what persuasion is and how it is effected Insights on the diversity of persuasion in action through such contexts as

advertising marketing political campaigns activism and social movements and negotiation in social conflicts The inclusion of sender and receiver perspectives enhancing understanding of persuasion in practice Extended treatment of the ethics of persuasion featuring opposing views on handling controversial issues in the college classroom for enhanced instruction Case studies showing how and why people fall for persuasive messages demonstrating how persuasion works at a cognitive level Discussion questions exercises and key terms for very nearly every chapter The core of this book is that persuasion is about winning beliefs and not arguments and that communicators who want to win that belief need to communicate with their audiences This new edition of *Persuasion in Society* continues to bring this core message to readers with updated case studies examples and sources

**Getting Right with Reagan** Marcus M. Witcher, 2019-11-29 Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent supporters in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan's time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan's presidential library and museum positioned him above partisan politics emphasizing his administration's role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher's work so deftly shows the conservative movement as we know it now

*Under the Cap of Invisibility* Lucie Genay, 2025-05-13 Pantex was built during World War II near the town of Amarillo Texas The site was converted early in the Cold War to assemble nuclear weapons and produce high explosives For nearly fifty years Pantex has been the sole assembly and disassembly plant for nuclear weapons in the United States Today most of the activities of the plant consist of the manufacture of high explosive components and the dismantlement or life extension of weapons including retrofitting aging warheads in the United States's arsenal Unlike the much more famous nuclear weapons production sites at Los Alamos Oak Ridge Hanford and Rocky Flats the Pantex plant has drawn little attention hidden under a metaphoric cap of invisibility Lucie Genay now lifts that invisibility cap to give the world its first in depth look at Pantex and the people who have spent their lives as neighbors and employees

of this secretive industry The book investigates how Pantex has impacted local identity by molding elements of the past into the guaranty of its future and its concealment It further examines the multiple facets of Pantexism the reasons for embracing nuclear weapons production as a solution to economic woes the resulting dependence on this industry and the unconditional support for the facility through the voices of native and adoptive Panhandlers *State vs. Defense* Stephen

Glain,2012-11-13 A masterful account of how sixty years of American militarism created the Cold War fanned decades of conflict helped fuel Islamist terror and now threatens to bankrupt the nation For most of the twentieth century the sword has led before the olive branch in American foreign policy and the United States can no longer afford the dangers provoked With a struggling economy biting at heels and international affairs in a precarious state of unprecedented scope American citizens have to wonder what s happened State vs Defense characterizes figures who crafted American foreign policy from George Marshall to Robert McNamara to Henry Kissinger to Don Rumsfeld with this underlying theme America has become increasingly imperial and militaristic In the tradition of classics such as The Wise Men and The Best and the Brightest State vs Defense explores how and why American leaders succumbed to the sirens of militarism how the republic has been lost to an empire and how the military industrial complex that Eisenhower so famously forewarned has set us on a stark path of financial peril **Ideologies of American Foreign Policy** John Callaghan,Brendon O'Connor,Mark Phythian,2019-03-01 A

comprehensive account of ideology and its role in the foreign policy of the United States of America this book investigates the way United States foreign policy has been understood debated and explained in the period since the US emerged as a global force on its way to becoming the world power Starting from the premise that ideologies facilitate understanding by providing explanatory patterns or frameworks from which meaning can be derived the authors study the relationship between ideology and foreign policy demonstrating the important role ideas have played in US foreign policy Drawing on a range of US administrations they consider key speeches and doctrines as well as private conversations and compare rhetoric to actions in order to demonstrate how particular sets of ideas that is ideologies from anti colonialism and anti communism to neo conservatism mattered during specific presidencies and how US foreign policy was projected explained and sustained from one administration to another Bringing a neglected dimension into the study of US foreign policy this book will be of great interest to students and researchers of US foreign policy ideology and politics *The Pathologies of Power*

Christopher J. Fettweis,2013-09-30 Discusses how deeply held beliefs guide American foreign policy and identifies the foundations of those beliefs explaining how they have inspired poor strategic decisions in Washington **Reaganland** Rick Perlstein,2021-08-17 From the bestselling author of Nixonland and The Invisible Bridge comes the dramatic conclusion of how conservatism took control of American political power **Kissinger's Shadow** Greg Grandin,2025-10-16 A new account of America s most controversial diplomat that moves beyond praise or condemnation to reveal Kissinger as the architect of America s current imperial stance In his fascinating new book Kissinger s Shadow acclaimed historian Greg

Grandin argues that to understand the crisis of contemporary America its never ending wars abroad and political polarization at home we have to understand Henry Kissinger Examining Kissinger s own writings as well as a wealth of newly declassified documents Grandin reveals how Richard Nixon s top foreign policy advisor even as he was presiding over defeat in Vietnam and a disastrous secret and illegal war in Cambodia was helping to revive a militarized version of American exceptionalism centered on an imperial presidency Believing that reality could be bent to his will insisting that intuition is more important in determining policy than hard facts and vowing that past mistakes should never hinder future bold action Kissinger anticipated even enabled the ascendance of the neoconservative idealists who took America into crippling wars in Afghanistan and Iraq Going beyond accounts focusing either on Kissinger s crimes or accomplishments Grandin offers a compelling new interpretation of the diplomat s continuing influence on how the United States views its role in the world

**Mr. Trump's Wild Ride** Major Garrett,2018-09-18 Major Garrett has been reporting on the White House for nearly two decades covering four different presidencies for three news outlets But if he thought that his distinguished journalistic career had prepared him for the unique challenges of covering Donald Trump he was in for a surprise Like many others in Washington Garrett found himself having to unlearn many of his own settled notions about the nature and function of the presidency He also had to separate the carnival like noise of the Trump presidency from its underlying substance For even in its first half Trump s tenure has been highly consequential In Mr Trump s Wild Ride Major Garrett provides what journalists are often said to do but usually don t a true first draft of history His goal was to sift through the mountains of distracting tweets and shrieking headlines in order to focus on the most significant moments of Trump s young presidency the ones that Garrett believes will have a lasting impact The result is an authoritative mature and consistently entertaining account of one of the strangest eras in American political history A consummate professional with unimpeachable integrity remarkable storytelling skills and a deep knowledge of his subject earned through decades of experience Garrett brings to life the twists and turns of covering this White House and its unconventional occupant with wit sagacity and style Mr Trump s Wild Ride should place him securely in the first rank of Washington journalists
