of Farm Tractors 1930-2000 Brian Bell,2020-02-20 By the end of the twentieth century there were some half million
tractors on British farms more machines than people to drive them Brian Bell s encyclopaedic book traces the evolution of
the farm tractor from the days of starting handle and pan seat to current 4 wheel drive machines with air conditioned cabs
and computer management systems He deals in particular with developments of the classic period from the 1950s to the
1990s The book is arranged alphabetically by manufacturer from Allis Chalmers to Zetor one hundred marques in total These
are all machines to be found on British farms irrespective of their country of manufacture Brian runs concisely through the
histories of the companies and their major models illustrated with a wealth of photographs and extracts from sales literature
He adds some special features on items such as hydraulic systems and cold starting aids He includes a glossary and full index
This book replaces the author s earlier successful Fifty Years of Farm Tractors Many of the photographs are new and the text
