Berlin Coquette Jill Suzanne Smith,2014-02-28 During the late nineteenth century the city of Berlin developed such a reputation for lawlessness and sexual licentiousness that it came to be known as the Whore of Babylon Out of this reputation for debauchery grew an unusually rich discourse around prostitution In Berlin Coquette Jill Suzanne Smith shows how this discourse transcended the usual clichés about prostitutes and actually explored complex visions of alternative moralities or sexual countercultures including the New Morality articulated by feminist radicals lesbian love and the New Woman

Combining extensive archival research with close readings of a broad spectrum of texts and images from the late Wilhelmine and Weimar periods Smith recovers a surprising array of productive discussions about extramarital sexuality women's financial autonomy and respectability She highlights in particular the figure of the *cocotte* a specific type of prostitute who capitalized on the illusion of respectable or upstanding womanhood and therefore confounded easy categorization By exploring the semantic connections between the figure of the *cocotte* and the act of flirtation of being coquette Smith's work presents flirtation as a type of social interaction through which both prostitutes and non prostitutes in Imperial and Weimar Berlin could express extramarital sexual desire and agency
