Ellis, Nathan Edwards, 2013-07-19 Traumatic experiences may lead to multiple negative mental health consequences including PTSD depression and suicidal ideation Ethnically diverse people particularly those who are impoverished are at increased risk for various traumatic experiences such as intimate partner violence sexual assault community violence and child abuse While there have been a number of treatments that have evidenced significant reductions in symptoms of distress among trauma survivors few of these approaches have acknowledged and investigated the role of culture in the trauma recovery process There are however some promising practices and a few evidenced based culturally appropriate interventions This chapter will review current literature on treatment approaches for ethnically diverse survivors There is a need for more attention to underserved trauma survivors including but not limited to ethnically diverse survivors **The Black Woman's Guide to Overcoming Domestic Violence** Shavonne J. Treating Complex Trauma in Adolescents and Young Adults John N. Briere,Cheryl B. Lanktree,2012 Bad Blood reveals that Bastille is a synth driven band that isn t particularly arty something of a rarity during the electronic pop revival of the 2000s and 2010s Where many of their contemporaries used the glamour of synth pop s 80s heyday and electronic music s infinite possibilities to craft shiny pop fantasies Bastille builds on the glossy anthemic approach they set forth on the Laura Palmer EP the title track which is included here might also be the least arty song inspired by David Lynch s surreal soap opera Twin Peaks Early highlights like Pompeii These Streets and the title track boast panoramic choruses and sleek arrangements that hint at a kinship with Empire of the Sun and Delphic while the handclaps and popping bassline on the otherwise moody Icarus recall Hot Chip at their most confessional However most of Bad Blood suggests that Bastille are actually an electronically enhanced upgrade of sweeping British pop traditionalists like Keane or Coldplay The band updates Oblivion s piano balladry with ping ponging drums and contrasts Dan Smith s throaty singing and searching lyrics There s a hole in my soul Can you fill it with a tumbling beat on Flaws Like the aforementioned acts Bastille has a way with heartfelt

melodies and choruses that resonate particularly on the driving Things We Lost in the Fire and Get Home where the slightly processed vocals also evoke Sia Imogen Heap and other electronic friendly singer songwriters While the band occasionally gets a little too self serious on the album s second half Bad Blood is a solid polished debut that fans of acts like Snow Patrol who don t mind more electronics in the mix might appreciate more than synth pop aficionados Heather Phares
