Psychology of Brazilian jiu-jitsu Bakari Akil II, Ph.D., 2017-08-03 Grappling is a smash mouth activity It is a put your beer down and let's settle this type of martial art Man vs man woman vs man child vs man it is one of the ultimate prove it combat sports Yet once you get past the rough and challenging aspect of submission wrestling it's easy to see that grappling is much more than that It is also a very cerebral activity Psychology is the study of mental processes and behaviors By studying our psyches we hope to learn how to successfully navigate our world and become more capable in our endeavors As the goal of theory is explanatory and predictive power using psychology theories can help us to understand some of the existential questions behind our art and can help us to create better models for training and success In other instances it is just plain fun to think about The application of psychology to submission wrestling is relatively new and in many cases non-existent so this book is more of an exploration of what is possible It covers a broad range of topics and doesn't hesitate to introduce counterintuitive thought for the reader to ponder and digest Psychology of Brazilian Jiu Jitsu will whet your appetite to see how psychology can be applied

to grappling and not just in a generic sports psychology sense Through the use of essay Psychology of BJJ talks about what it is like to be the new guy problems with warm ups success by default immersive environments why you can't always be nice in practice and even asks outright Are you happy If that is not enough it also discusses why you absolutely must not avoid better grapplers tells you what type of grappler you are and why your team is just as important as your coach Additionally Psychology of BJJ delves into the unconscious mind and talks about easy ways to improve by taking simple steps you probably never thought about before It also discusses quirky but valid psychological theory based on new research that can make a difference in your grappling game
