The Mother Church John C. Bangs, 2010-07-22 It would be reasonable to estimate that multiple hundreds of thousands of people have become followers of Jesus Christ as a result of the modern church planting movement One characteristic of the literature of this movement has been an almost singular focus on the individual who is sent out to lead the new congregation rather than on the vital role of the sending or sponsoring church Practically all the books are written with one target in mind this individual leader the pioneer pastor usually referred to as the church planter *The Mother Church* is not written for pioneer pastors it is written for the leaders of potential mother churches It is designed to help leaders assess whether and when the birthing of a new church is a good idea for their congregation and to provide them with tools to birth and nurture healthy thriving life giving new churches Church leaders who desire to see their mission efforts survive and thrive need to give special attention to the hard won insights of John Bangs *The Mother Church* Bangs is not only a mission planter and pastor but he brings the broader view of a church planting leader Charles J Scalise Ph D Professor of Church History Fuller Theological Seminary *The Mother Church* will revolutionize the way we view and do birthing of mission churches Kent J Ingle D Min Dean College of Ministry Northwest University

Tentmaking Kurt T. Kruger, 2020-09-29 Would it surprise you to know that New Testament scholars missiologists and church planting authorities cannot agree on how to define tentmaking whether or not the church should be practicing it today or even why Paul did it in the first place It s true In *Tentmaking* the widespread confusion and overall disagreement within the church regarding Paul s self support are exposed Commonly held assumptions are removed

from their entrenched positions and myths are debunked In their place Tentmaking offers an unadorned yet powerfully convincing presentation of Paul s own self disclosed reasons for intentionally selecting to support himself in some ministry contexts but not others This well researched book provides answers to crucial questions that currently surround tentmaking as well as a practical guide intended to lead to the recovery of biblical tentmaking within the church Readers who pick up this book should be prepared to embark on an engrossing journey that will reward them with clarity on the often misunderstood topic of Paul s tentmaking

The Message of the Church Don Carson, 2013-04-23 The Bible begins and ends with God dwelling with his people from Adam and Eve in the garden of Eden to the great multitude in the New Jerusalem in the book of Revelation At each step God gathered his people together to speak to them hear from them and change them to be more like him God assembling his people whom he loves is what the Bible calls church The church should aspire to be a group of vibrant loving risk everything people who are passionately committed to living out the values of God s Word and looking forward to the new creation Churches and their pastors and leaders need to hear what the Bible says about who they are and what they are to do Chris Green takes the message of the church to mean first that the church has a message which is that God has saved his people through Christ second that the church is the created and saved result of that message and third that the church is a message which is that he has saved broken people like us and by belonging to his people we are trying to respond to him in the ways he requires His stimulating and insightful exposition begins with a survey of the church from eternity to Eden to exodus to exile to eternity and then focuses on various dimensions of the church s life and ministry including its worship unity maturity servants gifts holiness boundaries and future

Unreached Tim Chester, 2012-12-17 Think of the thriving evangelical churches in your area Chances are they will be in the nice areas of town and their leaders will be middle class Tim Chester once attended a lecture where the speaker showed a map of Sheffield The council wards were coloured different shades according to social indicators educational achievement household income benefit recipients social housing criminal activity and so on Slide after slide showed that the east side of the city was the needy socially deprived half compared to the more prosperous west Where are the churches Counting all the various tribes of evangelicalism the large churches are on the west side The working class and deprived areas of our cities are not being reached with the gospel There are many exciting exceptions but the pattern is clear According to Mez McConnell from Niddrie Community Church in Edinburgh of the fifty worst housing schemes in Scotland half have no church and most of the others only have a dying church Very few have an evangelical witness This book is about reaching deprived urban working class areas often estates or schemes It offers us the combined experience of the Reaching the Unreached working group an informal network of Christian leaders from different parts of the UK This book doesn t claim to be the final word But it presents us with a vision of what can be done We pray that it will capture imaginations and start a vital process in our hearts and minds
