Sex, College, and Social Media Cindy Pierce, 2016-10-04 Sex in college has never been simple And with modern technology the rising rates of sexual assault and STDs and an increasingly ambiguous hookup culture it is getting ever more complex Sex College and Social Media A Commonsense Guide to Navigating the Hookup Culture is a compassionate funny and well researched primer for the modern college student both male and female It covers a range of topics including How improved communication can make sex better for everyone Ways that porn and the media have warped our expectations Trustworthy information about STDs and contraception How to have a healthy relationship with alcohol and drugs What terminology is appropriate and respectful to use for all things LGBTQ The facts about sexual assault on campus and what to do if you or someone you know is assaulted Consent and much more Based

on author Cindy Pierce's experience talking to college students and on extensive social and medical research *Sex College and Social Media* provides trustworthy answers for pressing questions about all aspects of the college social scene. It will prepare entering freshmen for their new environment and continue to provide helpful and supportive guidance through senior year and beyond. *Sexual Crime and the Internet* Craig A. Harper, Rebecca Lievesley, Helen Swaby, Belinda Winder, Nicholas Blagden, Kerensa Hocken, Phil Banyard, 2025-08-20 This book offers a collection of original contributions to the current literature on the role of the internet in understanding contemporary issues in sexual offending. The book explores the theoretical underpinnings of the effect of the internet on the development of sexual deviance before looking at more applied topics including online sexual offending against children and sextortion. Contemporary topics such as image based sexual abuse, dating app facilitated violence and groups referred to as incels are also explored. The book is relevant to psychologists, criminologists, social workers and students as well as practitioners and the general public. *Perfect* Rosalind Gill, 2023-09-11 Social media is replete with images of perfection. But many are unrealistic and contribute to a pervasive sense of never being good enough, not thin enough, not pretty enough, not cool enough. Try too hard and you risk being condemned for being attention seeking, don't try hard enough and you're slacking. Rosalind Gill challenges polarized perspectives that see young women as either passive victims of social media or as savvy digital natives. She argues the real picture is far more ambivalent. Getting likes and followers and feeling connected to friends feels fantastic but posting material and worrying about haters causes significant anxieties. Gill uses young women's own words to show how they feel watched all the time, worry about getting things wrong and struggle to live up to an ideal of being perfect yet at the same time real. It's the wake up call we all need. Also available as an audiobook. **Ethics in Design and Communication** Laura Scherling, Andrew DeRosa, 2020-02-20 This timely collection brings together critical, analytic, historical and practical studies to address what ethics means in the practice of design. Designers face the same challenges as everyone else in the complex conditions of contemporary cultural life: choices about consumption, waste, exploitation, ecological damage and political problems built into the supply chains on which the global systems of inequity currently balance precariously. But designers face the additional dilemma that their paid work is often entangled with promoting the same systems. Such critical approaches seek to redress how to reconcile this contradiction among others in seeking to chart an ethical course of action while still functioning effectively in the world. *Ethics in Design and Communication* acknowledges the complexity of this subject matter while also demonstrating that in the ongoing struggle towards an equitable and sustainable world, the talents of design and critical thought are essential. Featured case studies include graphic design internships, today the dark web and media coverage of the 2016 US presidential election. The fact that within this book such a wide array of practitioners, scholars, critics and professionals commit to addressing current injustices is already a positive sign. Nonetheless, it is essential that we guard against confusing the coercive force of moral imperatives with ethical deliberation when conceiving a foundation for

action *Social Media* Shafizan Mohamed, Shazleen Mohamed, 2024-01-31 Embark on a journey into the digital realm with *Social Media Opportunities and Risks* an intriguing collection that uncovers the diverse world of social media and its profound impact on our lives Within these pages we delve into the heart of the Internet where small and medium sized businesses SMEs utilize social media to revolutionize e commerce democratizing entrepreneurship like never before We explore Sub Saharan Africa a region where social media is driving change fostering innovation and reshaping society In the realm of presentation we examine the intricacies of building authentic yet captivating digital identities Our exploration also takes us to the forefront of education where social media is reshaping learning and providing access to knowledge At the same time we don't shy away from acknowledging the darker aspects of this interconnected world We navigate through the challenges posed by misinformation and disinformation by examining perspectives on fake news during the COVID 19 pandemic and offering valuable insights into combating falsehoods through media literacy and critical thinking *Social Media Opportunities and Risks* serves as your guiding tool for mastering opportunities while effectively managing the inherent risks in today's digital era Whether you are a business owner looking to tap into the possibilities of the Internet marketplace an educator aiming to transform education or an individual trying to navigate through the amount of information available this collection of writings serves as your indispensable companion for navigating the dynamic world of social media **Thirteen Tunnels** Suzanne Samples, 2024-01-16 On September 17 2022 the literary world indeed the whole world lost a unique voice with the passing of Suzanne Hammer Samples Her final journey began in 2014 with a brain tumor diagnosis She chronicled her struggles and triumphs even as she worked through post surgery rehab including regaining the loss of arm and hand function Suzanne's rare courage and candor gave us a brutally honest and unflinching view of her life Though she nagged her editor and publisher to get her first book into print before she died Suzanne outlived her prognosis The memoir *Frontal Matter Glue Gone Wild* went on to be named among the best books of 2019 by Kirkus Reviews and sent Suzanne on a phenomenal book tour where she wowed listeners with her experiences stellar personality and dark wit She continued on to write two sequels *Stargazing in Solitude* published to acclaim in 2021 and *13 Tunnels* even as she returned to teaching and started a literary magazine Her trilogy offers insight comfort and understanding to the patients caregivers and loved ones dealing with this and similar devastating diagnoses Suzanne lived life to the fullest and gave us great gifts along the way She will be missed Barbara Lockwood and Lisa Kastner *Alpha Masculinity* Eric Louis Russell, 2021-04-15 This book examines the linguistic and discursive mechanisms that realize the mythological American Alpha Male Providing an in depth dissection of corpora from an online socio commercial community a pop psychology guru and fictional gay erotica it unravels the ways language gender and hegemony play out in this ideological figure of neopositive essentialist masculinity Through a detailed multi level analysis Russell shows how the Alpha figure combines elements of dominance normativity and androcentrism and how these forces intersect with neoliberal and pseudoscientific discourses to establish a uniquely

hybridized male hegemony one that is familiar to most but whose internal mechanisms remain largely unquestioned and unexamined This book will be of interest to academic scholars in sociolinguistics discourse analysis cultural studies and gender and sexualities studies **Wounded Masculinity and the Search for (Father) Self in American Film** Susan Mackey-Kallis, Brian Johnston, 2023-12-12 Drawing on texts and theorists of Greek myth psychoanalysis and masculinities Susan Mackey Kallis and Brian Johnston develop and offer a model of rhetorical and mythic criticism to analyze popular American film In this book Mackey Kallis and Johnston focus their analysis on films that point to the need for father atonement ego decentering and the resurrection of the lost feminine to heal our collective gendered cultural wounds Many of these mystic films they contend affirm the role of meaningful suffering compassion integration of the feminine self sacrifice and transcendence as antidotes to the inevitable woundedness of the human condition Ultimately the authors argue for the importance of digging into the substance of cultural wounds rather than superficially suturing them over to change the conversation about woundedness and provide a roadmap for healing gendered relations in contemporary American culture The book concludes with a discussion of Joseph Campbell s interpretation of the metaphorical power of myth and its transcendent function to argue for a theory of us rather than a theory of us versus them Scholars of film gender studies American studies cultural studies gender studies and psychology will find this book of particular interest
