Patton,2005 For the first time in a single volume this book presents the various arguments in the Indo Aryan controversy It also provides a template for the basic issues addressing four major areas archaeological research linguistic issues the interpretation of Vedic texts in their historical contexts and ideological roots The volume ends with a plea for a return to civility in the debates which have become increasingly and unproductively politicized and suggests a program of research and inquiry upon which scholars from all sides of the debate might embark **Rabbi on the Ganges** Alan Brill,2019-10-21 Rabbi on the Ganges A Jewish Hindu Encounter is the first work to engage the new terrain of Hindu Jewish religious encounter The book offers understanding into points of contact between the two religions of Hinduism and Judaism Providing an important comparative account the work illuminates key ideas and practices within the traditions surfacing commonalities between the jnana and Torah study karmakanda and Jewish ritual and between the different Hindu philosophic schools and Jewish thought and mysticism along with meditation and the life of prayer and Kabbalah and creating dialogue around ritual mediation worship and dietary restrictions The goal of the book is not only to unfold the content of these faith traditions but also to create a religious encounter marked by mutual and reciprocal understanding and openness **THE LORD OF VENGADAM** S R RAMANUJAN,2014-08-13 The temple for the Lord of Vengadam in Tirumala Andhra Pradesh India is one of the richest places of worship in the entire world with ever increasing popularity the footfall of devotees on the Seven Hills touching a whopping figure of seventy thousand on weekdays and one hundred thousand during the weekends The Temple s annual budget hovers around 25 billion rupees This world record to fame and riches is not without its flip side The temple has become the focal point for a variety of controversies some created by the political class some by historians with an axe to

grind and some more by Hindus with a sectarian outlook The never ending dispute is over the identity of the idol as a result of the age old conflict between the worshippers of Siva and Vishnu the two most important deities of the Hindu pantheon Taking their cue from this Neo Buddhists joined the fray with the claim that the temple was a Buddhist shrine and that it was converted into Vishnu temple by wily Brahmins The book aims to unravel the mystery over the history of the temple providing a historical perspective to the issue and thus establishing the real identity of the Lord which is indisputably that of the Vishnu
