Writing The U S Constitution Our American Story:

Our American Story Hank Thomas,2022-05-10 Almost nobody approves of the way our government is working Almost everybody agrees that money in the form of political donations is a major part of the problems we witness Corporate and special interest donations are seen as the most egregious parts of the political finance problem Our history books are not as complete as they arguably should have been when it comes to some of our more controversial historical events It is difficult to imagine any reason for these omissions that does not involve malice on the part of the author After all when was the last time someone came to you with information they did not want you to have The goal of this book is to offer ideas about how we might fix the political dysfunction that dominates our daily news and conversation The reader will I hope find themselves drawn into a conversation that will be comfortable and productive when it comes to their involvement The more we talk to one another the more likely it will be that we begin to agree on solutions to our current political problems *Writing the U.S. Constitution* Lori Mortensen,2009-07 The men argued all summer in the hot room The United States needed a new government But would the Founding Fathers be able to agree on a plan Here s the story **U.S. Constitution** Kathryn Clay,2016-01-01 Introduces young readers to primary sources related to the U S constitution *Our American Story* Joshua A. Claybourn,2019-06 Over the past few decades the complicated divides of geography class religion and race created deep fractures in the United States each side fighting to advance its own mythology and political interests We lack a central story a common ground we can celebrate and enrich with deeper meaning Unable to agree on first principles we cannot agree on what it means to be American As we dismantle or disregard symbols and themes that previously united us can we replace them with stories and rites that unite our tribes and maintain meaning in our American identity Against this backdrop *Our American Story* features leading thinkers from across the political spectrum Jim Banks Pulitzer Prize winner David W Blight Spencer P Boyer Eleanor Clift John C Danforth Cody Delistraty Richard A Epstein Nikolas Gvosdev Cherie Harder Jason Kuznicki Gerard N Magliocca Markos Moulitsas Ilya Somin Cass R Sunstein Alan Taylor James V Wertsch Gordon S Wood and Ali Wyne Each draws on expertise within their respective fields of history law politics and public policy to contribute a unique perspective about the American story This collection explores whether a unifying story can be achieved and if so what that story could be **The American Story** David M. To Rescue the Constitution Bret Baier, 2023-10-10 Instant New York Times Bestseller 1 New York Times bestselling author Bret Baier reveals how George Washington saved the Constitution and the American experiment To Rescue The Constitution is a masterful exploration of the electrifying struggle to unite a young United States Jay Winik A sweeping narrative ranging from the unsettled early American frontier and the battlefields of the Revolution to the history making clashes within Philadelphia's Independence Hall Bret Baier's To Rescue the Constitution dramatically illuminates the life of George Washington the Founder who did more than perhaps any other individual to secure the future of the United States George Washington rescued the nation three times first by leading the Continental Army to victory in the Revolutionary War second by presiding over the Constitutional Convention that set the blueprint for the United States and ushering the Constitution through a fractious ratification process and third by leading the nation as its first president There is no doubt that the struggling new nation needed to be rescued and that Washington was the only American who could bring them together After the victorious War of Independence when a spirit of unity and patriotism might have been expected instead the nation fractured The states were no more than a loosely knit and contentious confederation with no strong central union It was an urgent matter that led to the calling of a Constitutional Convention to meet in Philadelphia during the summer of 1787 Setting aside his plan to retire to Mount Vernon Washington agreed to be a delegate at Philadelphia There he was unanimously elected president of the convention After successfully bringing the Constitution into being Washington then sacrificed any hope of returning to private life by accepting the unanimous election to be the nation's first president Washington was not known for brilliant oratory or prose but his quiet steady leadership gave life to the Constitution by showing how it should be enacted In this vivid and moving portrait of America's early struggles Baier captures the critical moments when Washington's leadership brought the nation from the brink of collapse Baier exposes an early America that is grittier and far more divided than is often portrayed one we can see reflected in today's conflicts

Take Hold of Our History Harvey J. Kaye,2019-10-25 The eighteen essays and speeches in Take Hold of Our History render a manifesto a call to remember redeem and embrace the American radical story and tradition in favor of cultivating American historical memory and imagination and making America radical once again For too long we have allowed the right to hijack the past and suppress efface lie about and or appropriate the essentially radical story of America from the struggles of the Revolution to those of the Age of Roosevelt and the 1960s And no less tragically we on the left apparently haunted by the worst of our national experience have turned our back on our own story and deferred to

the tales of conservatives and reactionaries Fleeing from the past we merely compound the tragedies and ironies of American history for we turn our backs on both the nation s democratic creed and radical imperative but also the struggles from the bottom up the struggles in which working people and others have laid hold of America s revolutionary promise and succeeded in making the United States freer more equal and more democratic at times radically so As Bill Moyers put it in 2008 Here in the first decade of the twenty first century the story that becomes America s dominant narrative will shape our collective imagination and our politics for a long time The time has come for us to advance that narrative
