Teaching for a Multifaith World Eleazar S. Fernandez, 2017-05-05 When religious diversity is our reality radical hospitality to people of other faiths is not a luxury but a necessity More than necessary for our survival radical hospitality to religious diversity is necessary if we are to thrive as a global society By no means does the practice of hospitality in a multifaith world require that we be oblivious of our differences On the contrary it demands a respectful embrace of our differences because that s who we are Neither does radical hospitality require that we water down our commitment because faithfulness and openness are not contradictory We must be able to say with burning passion that we are open to the claims of other faiths because we are faithful to our religious heritage The essays in this book do not offer simply theological exhortations they offer specific ways of how we can become religiously competent citizens in a multifaith world Let s take the bold steps of radical openness with this book on our side

The Daughter Zion Allegory in Medieval German Religious Writing Annette Volfing, 2017-07-14

The Daughter Zion allegory represents a particular narrative articulation of the paradigm of bridal mysticism deriving from the Song of Songs the core element of which is the quest of Daughter Zion for a worthy object of love Examining medieval German religious writing verse and prose and Dutch prose works Annette Volfing shows that this storyline provides an excellent springboard for investigating key aspects of medieval religious and literary culture In particular she argues the allegory lends itself to an exploration of the medieval sense of self of the scope of human agency within the mystical encounter of the gendering of the religious subject of conceptions of space and enclosure and of fantasies of violence and aggression Volfing suggests that Daughter Zion adaptations increasingly tended to empower the religious subject to seek a more immediate relationship with the divine and to embrace a wider range of emotions the mediating personifications are gradually eliminated in favour of a model of religious experience in which the human subject engages directly with Christ Overall the development of the allegory from the twelfth to the fifteenth centuries marks the striving towards a greater sense of equality and affective reciprocity with the divine within the context of an erotic union

Plato's Charmides Raphael Woolf, 2023-08-10

Plato's Charmides is a rich mix of drama and argument Raphael Woolf offers a comprehensive interpretation of its disparate elements that pays close attention to its complex and layered structure and to the methodology of reading Plato He thus aims to present a compelling and unified interpretation of the dialogue as a whole The book mounts a strong case for the formal separation of Plato the author from his character Socrates and for the Charmides as a Platonic defence of the written text as a medium for philosophical reflection It lays greater emphasis than other readings on the centrality of eros to an

understanding of Socratic procedure in the Charmides and on how the dialogue's erotic and medical motifs work together. The book's critical engagement with the dialogue allows a worked-out account to be given of how temperance, the central object of enquiry in the work, is to be conceived. *Writing Home, With Love* Amy Laura Hall, 2016-12-09 For the last two years, acclaimed theologian Amy Laura Hall has written a lively, wide-ranging, opinionated column for her local newspaper. In her column, Hall has sought, without flatly rejecting globalism, to think and act locally. She has also responded to what she sees as a disturbing Christian turn toward asceticism and away from abundance. Drawing from her scholarship but also from conversations at coffee shops and around the dinner table, Hall's missives of love engage topics such as school dress codes, ubiquitous surveillance cameras, LGBTQ dignity and bullies in the workplace. They draw richly and variously on pop songs, dead saints, young adult literature, and many stories about actual neighbors and family members. Often offbeat and always riveting, they ask how the world around us works and can work much better for the sake of daily truth and flourishing.

The kind that dares to linger in shadows that's him, a 14-year-old who'd rather have a veil of invisibility than 9k followers on Instagram. The world was of irrelevance to him; all he needs is solitude and Shakespeare. Liam is the apotheosis of bullied, but when Nicholas Santiago unintentionally saves him from a bout to death, Liam lets his bird fly free. With a deal of protection and friendship, will the two ever be able to put apart their differences and see themselves in the same frame? When light collides with darkness and water battles fire, one overwhelms the other. With them defying norms of society, will fate ever accept them?

Conversations Syrithe Pugh, 2020-12-15 For educated poets and readers, the Renaissance classical literature was as familiar and accessible as the work of their compatriots and contemporaries, often more so. This volume seeks to recapture that sense of intimacy and immediacy as scholars from both sides of the modern disciplinary divide come together to eavesdrop on the conversations conducted through allusion and intertextual play in works from Petrarch to Milton and beyond. The essays include discussions of Ariosto, Spenser, Du Bellay, Marlowe, the anonymous drama *Caesar's Revenge*.
