Supplements Leon Trotsky, 1979 Revolutionary Marxism in Spain, 1930-1937 Alan Sennett, 2014-07-03 Revolutionary Marxism in Spain 1930 1937 examines the impact of Trotsky s political thought upon those Spanish communists who dissented from the general line laid down by Moscow It explores the political ideas of leading POUM figures Andreu Nin and Joaquin Maurin and their complex relationship with Trotsky The contention is that the POUM owed far more to Trotsky than many of the party s historians care to admit Drawing heavily upon Spanish sources the book seeks to present and explain the POUM s political ideas in order to understand why the party adopted the positions it did The author engages with broader scholarly debates around the role of the POUM in the Spanish Civil War and Revolution especially those surrounding the Popular Front Trotsky and the Problem of Soviet Bureaucracy Thomas M. Twiss, 2014-05-08 During the twentieth century the problem of post revolutionary bureaucracy emerged as the most pressing theoretical and political concern confronting Marxism No one contributed more

to the discussion of this question than Leon Trotsky In Trotsky and the Problem of Soviet Bureaucracy Thomas M Twiss traces the development of Trotsky s thinking on this issue from the first years after the Bolshevik Revolution through the Moscow Trials of the 1930s Throughout he examines how Trotsky s perception of events influenced his theoretical understanding of the problem and how Trotsky s theory reciprocally shaped his analysis of political developments Additionally Twiss notes both strengths and weaknesses of Trotsky s theoretical perspective at each stage in its development

How Revolutionary Were the Bourgeois Revolutions? Neil Davidson,2012-07-24 An impressive contribution both to the history of ideas and to political philosophy Alasdair MacIntyre author of *After Virtue* Once of central importance to left historians and activists alike recently the concept of the bourgeois revolution has come in for sustained criticism from both Marxists and conservatives In this magisterial work Neil Davidson offers theoretical and historical insights about the nature of revolutions Through extensive research and comprehensive analysis Davidson demonstrates that what s at stake is far from a stale issue for the history books understanding that these struggles of the past offer far reaching lessons for today s radicals A monumental work Neil Davidson has given us what is easily the most comprehensive account yet of the life and times of the concept of bourgeois revolution and has also provided us with a refined set of theoretical tools for understanding the often complex interactions between political revolutions which overturn state institutions and social revolutions which involve a more thoroughgoing transformation of social relations Colin Mooers author of *The Making of Bourgeois Europe* Davidson s book is one of immense and impressive erudition His knowledge of the history of Marxist theory and historiography is as detailed as it is comprehensive and must be well nigh unrivalled The endless complex debates that characterize the Marxist tradition are distilled with clarity and illumination Times Literary Supplement A brilliant and fascinating book wide ranging and lucidly written Jairus Banaji author of *Theory as History* **Italian Communist**

Dissidence and Transnational Trotskyism towards the Fourth International (1928-1938) Gabriele Mastrolillo,2025-08-08 Following his expulsion from the Soviet Union in 1929 Leon Trotsky promoted the birth of an International Anti Stalinist Communist movement which considered itself in opposition to the Communist International Comintern However since 1933 it began to regard itself as an independent transnational organization in direct competition with the Comintern Italian Communist Dissidence and Transnational Trotskyism towards the Fourth International 1928 1938 draws from wide ranging primary and secondary sources most of which are unpublished to tell the fascinating unexplored story of the relations between the Italian communist dissidence Trotskyist and Bordigists Trotsky and the International Secretariat IS the leading structure of the Trotskyist movement in the 1930s It focuses on the role played by the two most notable executives of Italian dissident communism Alfonso Leonetti and Pietro Tresso who performed key roles inside the IS consequently the study of their activity gives us the possibility of following the development of Transnational Trotskyism in the 1930s until the establishment of the Fourth International Written for scholars of Italian and International Communism

Writings of Leon Trotsky Leon Trotsky, 1979 Fourteen volumes covering the period of Trotsky s exile from the Soviet Union in 1929 until his assassination at Stalin s orders in 1940 *Trotsky in Norway* Oddvar Hoidal, 2013-10-01 From the moment of Lev Trotsky s sensational and unannounced arrival in Oslo harbor in June 1935 he became the center of controversy Although it was to be the shortest of his four exiles this period of his life was a significant one From Norway he increased his effort to create a Fourth International encouraging his international followers to challenge Stalin s dominance over world communism In Norway Trotsky wrote his last major book The Revolution Betrayed in which he presented himself as the true heir to the Bolshevik Revolution maintaining that Stalin had violated the Revolution s ideals His efforts to threaten Stalin from outside of Russia created international repercussions At first Trotsky lived peacefully without a guard and enjoying more freedom in Norway than he experienced in any other country following his expulsion from the USSR Then at the first Moscow show trial of August 1936 he was accused of being an international terrorist who organized conspiracies from abroad with the intention of murdering Russian leaders and destroying the Soviet state Wishing to maintain good relations with its powerful neighbor the Norwegian cabinet placed Trotsky under house arrest Internment soon followed He became the subject of political dispute between the socialist Labor Party government that had granted him asylum and opposition parties from the extreme right to the extreme left In the national election of October 1936 the issue appeared to threaten the very existence of Norway s first permanent socialist administration After the election the Labor government was determined to expel him No European country would allow him entry and when Mexico proved willing to offer a final refuge Trotsky was involuntarily dispatched under police guard to Tampico on board a Norwegian ship Trotsky in Norway presents a

fascinating account the first complete study in English of Trotsky's asylum in Norway and his deportation to Mexico Although numerous biographies of Trotsky have been published their coverage of his Norwegian sojourn has been inadequate and in some cases erroneous A revised and updated edition of Hoidal's highly regarded Norwegian study published in 2009 this book incorporates information that has since become available In highly readable prose Hoidal presents new biographical details about a significant period in Trotsky's life and sheds light on an important chapter in the history of international socialism and communism

Trotsky Geoffrey Swain, 2014-05-22 Without Trotsky there would have been no Bolshevik Revolution but Trotsky was no Bolshevik Providing a full account of Trotsky's role during the Russian Civil War and concentrating on his time as an active participant in Russian revolutionary politics rather than his ideological writings of emigration Swain gives the student a very different picture of the Bolshevik Commissar of War This radically new interpretation of Trotsky's career spanning 1905-1917 incorporates the tense relationship between Trotsky and Lenin until 1917 and pays particular attention to the Russian Civil War and Trotsky's military organisation and contribution to the war Swain argues critically that Trotsky achieved where Lenin would have failed suggesting that Trotsky was in the main part responsible for the Bolshevik Revolution

The New York Intellectuals, Thirtieth Anniversary Edition Alan M. Wald, 2017-10-10 For a generation Alan M. Wald's *The New York Intellectuals* has stood as the authoritative account of an often misunderstood chapter in the history of a celebrated tradition among literary radicals in the United States His passionate investigation of over half a century of dissident Marxist thought Jewish internationalism fervent political activism and the complex art of the literary imagination is enriched by more than one hundred personal interviews unparalleled primary research and critical interpretations of novels and short stories depicting the inner lives of committed writers and thinkers Wald's commanding biographical portraits of rebel outsiders who mostly became insiders retains its resonance today and includes commentary on Max Eastman Elliot Cohen Lionel Trilling Sidney Hook Tess Slesinger Philip Rahv Mary McCarthy James T. Farrell Irving Kristol Irving Howe Hannah Arendt and more With a new preface by the author that tracks the rebounding influence of these intellectuals in the era of Occupy and Bernie Sanders this anniversary edition shows that the trajectory and ideological ordeals of the New York intellectual Left still matters today
