

Реально сложившаяся практика на современном этапе развития рыночной экономики России, показывает, что проблема обеспечения конкурентоспособности предпринимательских структур в последние годы приобретает все более важное значение. Растет доля убыточных предприятий, что ведет к уменьшению объема продаж, рентабельности и оборачиваемости капитала. В этих условиях крайне важным становится вопрос о получении предприятием конкурентных преимуществ, которые обеспечат его долгосрочность и успешную работу на рынке. Эффективная деятельность предприятий и фирм в значительной степени зависит от того, насколько тщательно они разработают свою конкурентную стратегию.
