Justin Tolly Bradford, 2012 The spread of Christianity is often presented as a story of conquest of powerful European missionaries waging a cultural assault on hapless indigenous victims Yet the presence of indigenous men among missionary ranks in the nineteenth century complicates these narratives What compelled these individuals to embrace Christianity How did they reconcile being both Christian and indigenous in an age of empire Tolly Bradford finds answers to these questions in the lives and legacies of Henry Budd a Cree missionary from western Canada and Tiyo Soga a Xhosa missionary from southern Africa Inspired by both faith and family these men found in Christianity a way to construct a modern conception of indigeneity one informed by their ties to Britain and rooted in land and language rather than religion and lifestyle Although they shared a new sense of nativeness the men followed different paths Whereas Budd sought to create a modern Cree village to cope with the upheavals of the 1860s and 1870s Soga tried to foster among his people a politicized and Christianized sense of African nationalism In telling this story Bradford portrays indigenous missionaries not as victims of colonialism but as people who made conscious difficult choices about their spirituality identity and relationship with the British colonial world

The Cambridge Illustrated History of the British Empire P. J. Marshall, 2001-08-02 Up to World War II and beyond the British ruled over a vast empire Modern western attitudes towards the imperial past tend either towards nostalgia for British power or revulsion at what seem to be the abuses of that power The Cambridge Illustrated History of the British Empire adopts neither of these approaches It aims to create historical understanding about the British empire on the assumption that such understanding is important for any informed appreciation of the modern world Through striking illustration and a text written by leading experts this book examines the experience of colonialism in North America India Africa Australia and the Caribbean as well as the impact of the empire on Britain itself Emphasis is placed on social and cultural history including slavery trade religion art and the movement of ideas How did the British rule their empire Who benefited economically from the empire And who lost
