maintenance and repair manual for the DIY mechanic Vincent Motorcycles Philippe Guyony, Very few motorcycles have
carved a mark in history like the Vincent V twin from its arrival in 1946 and up to the present day On the road in club racing
in drag races or competing for land speed records it dominated the motorcycle world leading to the famous catchphrase
coined by the factory The World's Fastest Standard Motorcycle It was a FACT NOT a slogan Images such as that of Rollie
Free in swimming trunks laying flat on his works modified Black Shadow and taking the American motorcycle land speed
record at Bonneville in 1948 have now passed into posterity In fact the big Vincent was so ahead of its time that it continued
to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes No other motorcycle in the
world can claim this kind of achievement Following the premature ending of Vincent production Fritz Egli's 1967 Egli
Vincent was the first chassis completely redesigned for a Vincent in 21 years Egli's machine inspired numerous builders for
several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and
modern history of the Vincent Understand how the flame of passion still burns brightly today
